8. If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

9. Any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, and that has applied to the director of revenue for authority to operate as a leasing company may also operate as a registered fleet owner as prescribed in section 301.032.

10. Beginning July 1, 2010, any motor vehicle dealer licensed under section 301.560 engaged in the business of selling motor vehicles or trailers [may] **shall** apply to the director of revenue for authority to collect and remit the sales tax required under this section on all motor vehicles sold by the motor vehicle dealer. A motor vehicle dealer receiving authority to collect and remit the tax is subject to all provisions under sections 144.010 to 144.525. Any motor vehicle dealer authorized to collect and remit sales taxes on motor vehicles under this subsection shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax pursuant to section 144.140. Any amount of the tax collected under this subsection that is retained by a motor vehicle dealer pursuant to section 144.140 shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers for their role in collecting and remitting sales taxes on motor vehicles. In the event this subsection or any portion thereof is held to violate Article IV, Section 30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues.

11. (1) Every motor vehicle dealer licensed under section 301.560, as soon as technologically possible following the development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles,

to be funded by the motor vehicle administration technology fund as created in section 301.558, shall collect and remit the sales tax required under this section on all motor vehicles that such dealer sells. In collecting and remitting this sales tax, motor vehicle dealers shall be subject to all applicable provisions under sections 144.010 to 144.527.

(2) The director of revenue may promulgate all necessary rules and regulations for the administration of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This subsection and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 6

Amend House Committee Substitute for Senate Bill No. 47, Page 6, Section 193.265, Line 81, by inserting after all of said section and line the following:

“256.700. 1. Any operator desiring to engage in surface mining who applies for a permit under section 444.772 shall, in addition to all other fees authorized under such section, annually submit a geologic resources fee. Such fee shall be deposited in the geologic resources fund established and expended under section 256.705. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, there shall be no fee under this section.

2. The director of the department of natural resources may require a geologic resources fee for each permit not to exceed one hundred dollars. The director may also require a geologic resources fee for each site listed on a permit not to exceed one hundred dollars for each site. The director may also require a geologic resources fee for each acre permitted by the operator under section 444.772 not to exceed ten dollars per acre. If such fee is assessed, the fee per acre on all acres bonded by a single operator that exceeds a total of three hundred acres shall be reduced by fifty percent. In no case shall the geologic resources fee portion for any permit issued under section 444.772 be more than three thousand five hundred dollars.

3. Beginning August 28, 2007, the geologic resources fee shall be set at a permit fee of fifty dollars, a site fee of fifty dollars, and an acre fee of six dollars. Fees may be raised as allowed in this subsection by a regulation change promulgated by the director of the department of natural resources. Prior to such a regulation change, the director shall consult the industrial minerals advisory council created under section 256.710 in order to determine the need for such an increase in fees.

4. Fees imposed under this section shall become effective August 28, 2007, and shall expire on December 31, [2025] **2031**. No other provisions of sections 256.700 to 256.710 shall expire.

5. The department of natural resources may promulgate rules to implement the provisions of sections 256.700 to 256.710. Any rule or portion of a rule, as that term is defined in section 536.010, that is created

under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

259.080. 1. It shall be unlawful to commence operations for the drilling of a well for oil or gas, or to commence operations to deepen any well to a different geological formation, or to commence injection activities for enhanced recovery of oil or gas or for disposal of fluids, without first giving the state geologist notice of intention to drill or intention to inject and first obtaining a permit from the state geologist under such rules and regulations as may be prescribed by the council.

2. The department of natural resources may conduct a comprehensive review, and propose a new fee structure, or propose changes to the oil and gas fee structure, which may include but need not be limited to permit application fees, operating fees, closure fees, and late fees, and an extraction or severance fee. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: oil and gas industry representatives, the advisory committee, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure or changes to the oil and gas fee structure with stakeholder agreement to the oil and gas council. The council shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the council approves, by vote of two-thirds majority, the fee structure recommendations, the council shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules under sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out in this section, they shall take effect on January first of the following year, at which point the existing fee structure shall expire. Any regulation promulgated under this subsection shall be deemed beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation, disapproves the regulation by concurrent resolution. If the general assembly so disapproved any regulation filed under this subsection, the department and the council shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the council to further revise the fee structure as provided in this subsection shall expire on August 28, [2025] **2031. If the council's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place.**

3. Failure to pay the fees, or any portion thereof, established under this section or to submit required reports, forms or information by the due date shall result in the imposition of a late fee established by the council. The department may issue an administrative order requiring payment of unpaid fees or may request that the attorney general bring an action in the appropriate circuit court to collect any unpaid fee, late fee, interest, or attorney's fees and costs incurred directly in fee collection. Such action may be brought in the circuit court of Cole County, or, in the case of well fees, in the circuit court of the county in which the well is located.

260.262. A person selling lead-acid batteries at retail or offering lead-acid batteries for retail sale in the state shall:

(1) Accept, at the point of transfer, in a quantity at least equal to the number of new lead-acid batteries purchased, used lead-acid batteries from customers, if offered by customers;

(2) Post written notice which must be at least four inches by six inches in size and must contain the universal recycling symbol and the following language:

(a) It is illegal to discard a motor vehicle battery or other lead-acid battery;

(b) Recycle your used batteries; and

(c) State law requires us to accept used motor vehicle batteries, or other lead-acid batteries for recycling, in exchange for new batteries purchased; and

(3) Manage used lead-acid batteries in a manner consistent with the requirements of the state hazardous waste law;

(4) Collect at the time of sale a fee of fifty cents for each lead-acid battery sold. Such fee shall be added to the total cost to the purchaser at retail after all applicable sales taxes on the battery have been computed. The fee imposed, less six percent of fees collected, which shall be retained by the seller as collection costs, shall be paid to the department of revenue in the form and manner required by the department and shall include the total number of batteries sold during the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the sale of batteries to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee. However, this fee shall not be paid on batteries sold for use in agricultural operations upon written certification by the purchaser; and

(5) The department of revenue shall administer, collect, and enforce the fee authorized pursuant to this section pursuant to the same procedures used in the administration, collection, and enforcement of the general state sales and use tax imposed pursuant to chapter 144 except as provided in this section. The proceeds of the battery fee, less four percent of the proceeds, which shall be retained by the department of revenue as collection costs, shall be transferred by the department of revenue into the hazardous waste fund, created pursuant to section 260.391. The fee created in subdivision (4) and this subdivision shall be effective October 1, 2005. The provisions of subdivision (4) and this subdivision shall terminate December 31, [2023] **2029**.

260.273. 1. Any person purchasing a new tire may present to the seller the used tire or remains of such used tire for which the new tire purchased is to replace.

2. A fee for each new tire sold at retail shall be imposed on any person engaging in the business of making retail sales of new tires within this state. The fee shall be charged by the retailer to the person who purchases a tire for use and not for resale. Such fee shall be imposed at the rate of fifty cents for each new tire sold. Such fee shall be added to the total cost to the purchaser at retail after all applicable sales taxes on the tires have been computed. The fee imposed, less six percent of fees collected, which shall be retained by the tire retailer as collection costs, shall be paid to the department of revenue in the form and manner required by the department of revenue and shall include the total number of new tires sold during

the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms “sold at retail” and “retail sales” do not include the sale of new tires to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee.

3. The department of revenue shall administer, collect and enforce the fee authorized pursuant to this section pursuant to the same procedures used in the administration, collection and enforcement of the general state sales and use tax imposed pursuant to chapter 144 except as provided in this section. The proceeds of the new tire fee, less four percent of the proceeds, which shall be retained by the department of revenue as collection costs, shall be transferred by the department of revenue into an appropriate subaccount of the solid waste management fund, created pursuant to section 260.330.

4. Up to five percent of the revenue available may be allocated, upon appropriation, to the department of natural resources to be used cooperatively with the department of elementary and secondary education for the purposes of developing environmental educational materials, programs, and curriculum that assist in the department’s implementation of sections 260.200 to 260.345.

5. Up to fifty percent of the moneys received pursuant to this section may, upon appropriation, be used to administer the programs imposed by this section. All remaining moneys shall be allocated, upon appropriation, for the projects authorized in section 260.276, except that any unencumbered moneys may be used for public health, environmental, and safety projects in response to environmental or public health emergencies and threats as determined by the director.

6. The department shall promulgate, by rule, a statewide plan for the use of moneys received pursuant to this section to accomplish the following:

(1) Removal of scrap tires from illegal tire dumps;

(2) Providing grants to persons that will use products derived from scrap tires, or use scrap tires as a fuel or fuel supplement; and

(3) Resource recovery activities conducted by the department pursuant to section 260.276.

7. The fee imposed in subsection 2 of this section shall begin the first day of the month which falls at least thirty days but no more than sixty days immediately following August 28, 2005, and shall terminate December 31, [2025] **2031**.

(6) Unless provided otherwise in the rules and regulations, provide a separate manifest to the transporter for each load of hazardous waste transported from the premises where it was generated. The generator shall specify the destination of such load on the manifest. The manner in which the manifest shall be completed, signed and filed with the department shall be in accordance with rules and regulations;

(7) Utilize for treatment, resource recovery, disposal or storage of all hazardous wastes, only a hazardous waste facility authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act, or any facility exempted from the permit required pursuant to section 260.395;

Such procedures shall include, but not be limited to, necessary records identifying the quantities of hazardous waste registered, the form and submission of reports to accompany the payment of fees, the time and manner of payment of fees, which shall not be more often than quarterly.

(d) Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: cement kiln representatives, chemical companies, large and small hazardous waste generators, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the hazardous waste management commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structure set out in this section shall expire upon the effective date of the commission-adopted fee structure, contrary to subsection 4 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, [2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024] **2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place.**

2. Missouri treatment, storage, or disposal facilities shall pay annually, on or before January first of each year, a fee to the department equal to two dollars per ton or portion thereof for all hazardous waste received from outside the state. This fee shall be based on the hazardous waste received for the twelve-month period ending June thirtieth of the previous year.

The fee prescribed in this section shall expire December 31, 2018, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.

260.392. 1. As used in sections 260.392 to 260.399, the following terms mean:

(1) “Cask”, all the components and systems associated with the container in which spent fuel, high-level radioactive waste, highway route controlled quantity, or transuranic radioactive waste are stored;

(d) Waste discharged to a publicly owned treatment works.

2. The fees imposed in this section shall be reported and paid to the department on an annual basis not later than the first of January. The payment shall be accompanied by a return in such form as the department may prescribe.

3. All moneys collected or received by the department pursuant to this section shall be transmitted to the department of revenue for deposit in the state treasury to the credit of the hazardous waste fund created pursuant to section 260.391. Following each annual reporting date, the state treasurer shall certify the amount deposited in the fund to the commission.

4. If any generator or transporter fails or refuses to pay the fees imposed by this section, or fails or refuses to furnish any information reasonably requested by the department relating to such fees, there shall be imposed, in addition to the fee determined to be owed, a penalty of fifteen percent of the fee shall be deposited in the hazardous waste fund.

5. If the fees or any portion of the fees imposed by this section are not paid by the date prescribed for such payment, there shall be imposed interest upon the unpaid amount at the rate of ten percent per annum from the date prescribed for its payment until payment is actually made, all of which shall be deposited in the hazardous waste fund.

6. The state treasurer is authorized to deposit all of the moneys in the hazardous waste fund in any of the qualified depositories of the state. All such deposits shall be secured in such a manner and shall be made upon such terms and conditions as are now or may hereafter be provided for by law relative to state deposits. Interest received on such deposits shall be credited to the hazardous waste fund.

7. This fee shall expire December 31, 2018, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.

8. Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: cement kiln representatives, chemical companies, large and small hazardous waste generators, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the hazardous waste management commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structure set out in this section shall expire upon the effective date of the commission-adopted fee structure, contrary to subsection 7 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August

28, [2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024] **2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place.**"; and

Further amend said bill, Page 14, Section 408.900, Line 37, by inserting after all of said section and line the following:

"444.768. 1. Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the fee, bond, or assessment structure as set forth in this chapter. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from regulated entities and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee, bond, or assessment structure with stakeholder agreement to the Missouri mining commission. The commission shall review such recommendations at a forthcoming regular or special meeting, but shall not vote on the proposed structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority, the fee, bond, or assessment structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year, at which point the existing fee, bond, or assessment structure shall expire upon the effective date of the commission-adopted fee structure, contrary to subsection 12 of section 444.772. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly within the first sixty days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee, bond, or assessment structure and shall continue to use the previous fee, bond, or assessment structure. The authority for the commission to further revise the fee, bond, or assessment structure as provided in this subsection shall expire on August 28, [2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024] **2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place.**

2. Failure to pay any fee, bond, or assessment, or any portion thereof, referenced in this section by the due date may result in the imposition of a late fee equal to fifteen percent of the unpaid amount, plus ten percent interest per annum. Any order issued by the department under this chapter may require payment of such amounts. The department may bring an action in the appropriate circuit court to collect any unpaid fee, late fee, interest, or attorney's fees and costs incurred directly in fee collection. Such action may be brought in the circuit court of the county in which the facility is located, or in the circuit court of Cole County.

444.772. 1. Any operator desiring to engage in surface mining shall make written application to the director for a permit.

2. Application for permit shall be made on a form prescribed by the commission and shall include:

(1) The name of all persons with any interest in the land to be mined;

(2) The source of the applicant's legal right to mine the land affected by the permit;

(3) The permanent and temporary post office address of the applicant;

(4) Whether the applicant or any person associated with the applicant holds or has held any other permits pursuant to sections 444.500 to 444.790, and an identification of such permits;

(5) The written consent of the applicant and any other persons necessary to grant access to the commission or the director to the area of land affected under application from the date of application until the expiration of any permit granted under the application and thereafter for such time as is necessary to assure compliance with all provisions of sections 444.500 to 444.790 or any rule or regulation promulgated pursuant to them. Permit applications submitted by operators who mine an annual tonnage of less than ten thousand tons shall be required to include written consent from the operator to grant access to the commission or the director to the area of land affected;

(6) A description of the tract or tracts of land and the estimated number of acres thereof to be affected by the surface mining of the applicant for the next succeeding twelve months; and

(7) Such other information that the commission may require as such information applies to land reclamation.

3. The application for a permit shall be accompanied by a map in a scale and form specified by the commission by regulation.

4. The application shall be accompanied by a bond, security or certificate meeting the requirements of section 444.778, a geologic resources fee authorized under section 256.700, and a permit fee approved by the commission not to exceed one thousand dollars. The commission may also require a fee for each site listed on a permit not to exceed four hundred dollars for each site. If mining operations are not conducted at a site for six months or more during any year, the fee for such site for that year shall be reduced by fifty percent. The commission may also require a fee for each acre bonded by the operator pursuant to section 444.778 not to exceed twenty dollars per acre. If such fee is assessed, the per-acre fee on all acres bonded by a single operator that exceed a total of two hundred acres shall be reduced by fifty percent. In no case shall the total fee for any permit be more than three thousand dollars. Permit and renewal fees shall be established by rule, except for the initial fees as set forth in this subsection, and shall be set at levels that recover the cost of administering and enforcing sections 444.760 to 444.790, making allowances for grants and other sources of funds. The director shall submit a report to the commission and the public each year that describes the number of employees and the activities performed the previous calendar year to administer sections 444.760 to 444.790. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the total cost of submitting an application shall be three hundred dollars. The issued permit shall be valid from the date of its issuance until the date specified in the mine plan unless sooner revoked or suspended as provided in sections 444.760 to 444.790. Beginning August 28, 2007, the fees shall be set at a permit fee of eight hundred dollars, a site fee of four hundred dollars, and an acre fee of ten dollars, with a maximum fee of three

thousand dollars. Fees may be raised as allowed in this subsection after a regulation change that demonstrates the need for increased fees.

5. An operator desiring to have his or her permit amended to cover additional land may file an amended application with the commission. Upon receipt of the amended application, and such additional fee and bond as may be required pursuant to the provisions of sections 444.760 to 444.790, the director shall, if the applicant complies with all applicable regulatory requirements, issue an amendment to the original permit covering the additional land described in the amended application.

6. An operation may withdraw any land covered by a permit, excepting affected land, by notifying the commission thereof, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of sections 444.760 to 444.790 shall be reduced proportionately.

7. Where mining or reclamation operations on acreage for which a permit has been issued have not been completed, the permit shall be renewed. The operator shall submit a permit renewal form furnished by the director for an additional permit year and pay a fee equal to an application fee calculated pursuant to subsection 4 of this section, but in no case shall the renewal fee for any operator be more than three thousand dollars. For any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the director for an additional permit year and payment of a fee of three hundred dollars. Upon receipt of the completed permit renewal form and fee from the operator, the director shall approve the renewal. With approval of the director and operator, the permit renewal may be extended for a portion of an additional year with a corresponding prorating of the renewal fee.

8. Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise, the commission may release the first operator from all liability pursuant to sections 444.760 to 444.790 as to that particular operation if both operators have been issued a permit and have otherwise complied with the requirements of sections 444.760 to 444.790 and the successor operator assumes as part of his or her obligation pursuant to sections 444.760 to 444.790 all liability for the reclamation of the area of land affected by the former operator.

9. The application for a permit shall be accompanied by a plan of reclamation that meets the requirements of sections 444.760 to 444.790 and the rules and regulations promulgated pursuant thereto, and shall contain a verified statement by the operator setting forth the proposed method of operation, reclamation, and a conservation plan for the affected area including approximate dates and time of completion, and stating that the operation will meet the requirements of sections 444.760 to 444.790, and any rule or regulation promulgated pursuant to them.

10. At the time that a permit application is deemed complete by the director, the operator shall publish a notice of intent to operate a surface mine in any newspaper qualified pursuant to section 493.050 to publish legal notices in any county where the land is located. If the director does not respond to a permit application within forty-five calendar days, the application shall be deemed to be complete. Notice in the newspaper shall be posted once a week for four consecutive weeks beginning no more than ten days after the application is deemed complete. The operator shall also send notice of intent to operate a surface mine by certified mail to the governing body of the counties or cities in which the proposed area is located, and to the last known addresses of all record landowners whose property is:

(1) Within two thousand six hundred forty feet, or one-half mile from the border of the proposed mine plan area; and

(2) Adjacent to the proposed mine plan area, land upon which the mine plan area is located, or adjacent land having a legal relationship with either the applicant or the owner of the land upon which the mine plan area is located.

The notices shall include the name and address of the operator, a legal description consisting of county, section, township and range, the number of acres involved, a statement that the operator plans to mine a specified mineral during a specified time, and the address of the commission. The notices shall also contain a statement that any person with a direct, personal interest in one or more of the factors the director may consider in issuing a permit may request a public meeting or file written comments to the director no later than fifteen days following the final public notice publication date. If any person requests a public meeting, the applicant shall cooperate with the director in making all necessary arrangements for the public meeting to be held in a reasonably convenient location and at a reasonable time for interested participants, and the applicant shall bear the expenses.

11. The director may approve a permit application or permit amendment whose operation or reclamation plan deviates from the requirements of sections 444.760 to 444.790 if it can be demonstrated by the operator that the conditions present at the surface mining location warrant an exception. The criteria accepted for consideration when evaluating the merits of an exception or variance to the requirements of sections 444.760 to 444.790 shall be established by regulations.

12. Fees imposed pursuant to this section shall become effective August 28, 2007, and shall expire on December 31, [2024] **2030**. No other provisions of this section shall expire.

640.023. Notwithstanding any provision of law to the contrary, the department of natural resources shall not take any permitting or regulatory action based solely on guidance that has not been promulgated as a regulation, unless such use of guidance is agreed to by the permittee or person subject to such regulatory action.

640.100. 1. The safe drinking water commission created in section 640.105 shall promulgate rules necessary for the implementation, administration and enforcement of sections 640.100 to 640.140 and the federal Safe Drinking Water Act as amended.

2. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held by the commission after at least thirty days' prior notice in the manner prescribed by the rulemaking provisions of chapter 536 and an opportunity given to the public to be heard; the commission may solicit the views, in writing, of persons who may be affected by, knowledgeable about, or interested in proposed rules and regulations, or standards. Any person heard or registered at the hearing, or making written request for notice, shall be given written notice of the action of the commission with respect to the subject thereof. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated to administer and enforce sections 640.100 to 640.140 shall become effective only if the agency has fully complied with all of the requirements of chapter 536, including but not limited to section 536.028, if applicable, after June 9, 1998. All rulemaking authority delegated prior to June 9, 1998, is of no force and effect and repealed as of June 9, 1998, however, nothing in this section shall be interpreted to repeal or affect the validity of any rule adopted or promulgated prior to June 9, 1998. If the provisions

of section 536.028 apply, the provisions of this section are nonseverable and if any of the powers vested with the general assembly pursuant to section 536.028 to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule are held unconstitutional or invalid, the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void, except that nothing in this chapter or chapter 644 shall affect the validity of any rule adopted and promulgated prior to June 9, 1998.

3. The commission shall promulgate rules and regulations for the certification of public water system operators, backflow prevention assembly testers and laboratories conducting tests pursuant to sections 640.100 to 640.140. Any person seeking to be a certified backflow prevention assembly tester shall satisfactorily complete standard, nationally recognized written and performance examinations designed to ensure that the person is competent to determine if the assembly is functioning within its design specifications. Any such state certification shall satisfy any need for local certification as a backflow prevention assembly tester. However, political subdivisions may set additional testing standards for individuals who are seeking to be certified as backflow prevention assembly testers. Notwithstanding any other provision of law to the contrary, agencies of the state or its political subdivisions shall only require carbonated beverage dispensers to conform to the backflow protection requirements established in the National Sanitation Foundation standard eighteen, and the dispensers shall be so listed by an independent testing laboratory. The commission shall promulgate rules and regulations for collection of samples and analysis of water furnished by municipalities, corporations, companies, state establishments, federal establishments or individuals to the public. The department of natural resources or the department of health and senior services shall, at the request of any supplier, make any analyses or tests required pursuant to the terms of section 192.320 and sections 640.100 to 640.140. The department shall collect fees to cover the reasonable cost of laboratory services, both within the department of natural resources and the department of health and senior services, laboratory certification and program administration as required by sections 640.100 to 640.140. The laboratory services and program administration fees pursuant to this subsection shall not exceed two hundred dollars for a supplier supplying less than four thousand one hundred service connections, three hundred dollars for supplying less than seven thousand six hundred service connections, five hundred dollars for supplying seven thousand six hundred or more service connections, and five hundred dollars for testing surface water. Such fees shall be deposited in the safe drinking water fund as specified in section 640.110. The analysis of all drinking water required by section 192.320 and sections 640.100 to 640.140 shall be made by the department of natural resources laboratories, department of health and senior services laboratories or laboratories certified by the department of natural resources.

4. The department of natural resources shall establish and maintain an inventory of public water supplies and conduct sanitary surveys of public water systems. Such records shall be available for public inspection during regular business hours.

5. (1) For the purpose of complying with federal requirements for maintaining the primacy of state enforcement of the federal Safe Drinking Water Act, the department is hereby directed to request appropriations from the general revenue fund and all other appropriate sources to fund the activities of the public drinking water program and in addition to the fees authorized pursuant to subsection 3 of this section, an annual fee for each customer service connection with a public water system is hereby

authorized to be imposed upon all customers of public water systems in this state. Each customer of a public water system shall pay an annual fee for each customer service connection.

(2) The annual fee per customer service connection for unmetered customers and customers with meters not greater than one inch in size shall be based upon the number of service connections in the water system serving that customer, and shall not exceed:

1 to 1,000 connections	\$ 3.24
1,001 to 4,000 connections	3.00
4,001 to 7,000 connections	2.76
7,001 to 10,000 connections	2.40
10,001 to 20,000 connections	2.16
20,001 to 35,000 connections	1.92
35,001 to 50,000 connections	1.56
50,001 to 100,000 connections	1.32
More than 100,000 connections	1.08

(3) The annual user fee for customers having meters greater than one inch but less than or equal to two inches in size shall not exceed seven dollars and forty-four cents; for customers with meters greater than two inches but less than or equal to four inches in size shall not exceed forty-one dollars and sixteen cents; and for customers with meters greater than four inches in size shall not exceed eighty-two dollars and forty-four cents.

(4) Customers served by multiple connections shall pay an annual user fee based on the above rates for each connection, except that no single facility served by multiple connections shall pay a total of more than five hundred dollars per year.

6. Fees imposed pursuant to subsection 5 of this section shall become effective on August 28, 2006, and shall be collected by the public water system serving the customer beginning September 1, 2006, and continuing until such time that the safe drinking water commission, at its discretion, specifies a different amount under subsection 8 of this section. The commission shall promulgate rules and regulations on the procedures for billing, collection and delinquent payment. Fees collected by a public water system pursuant to subsection 5 of this section and fees established by the commission pursuant to subsection 8 of this section are state fees. The annual fee shall be enumerated separately from all other charges, and shall be collected in monthly, quarterly or annual increments. Such fees shall be transferred to the director of the department of revenue at frequencies not less than quarterly. Two percent of the revenue arising

from the fees shall be retained by the public water system for the purpose of reimbursing its expenses for billing and collection of such fees.

7. Imposition and collection of the fees authorized in subsection 5 and fees established by the commission pursuant to subsection 8 of this section shall be suspended on the first day of a calendar quarter if, during the preceding calendar quarter, the federally delegated authority granted to the safe drinking water program within the department of natural resources to administer the Safe Drinking Water Act, 42 U.S.C. Section 300g-2, is withdrawn. The fee shall not be reinstated until the first day of the calendar quarter following the quarter during which such delegated authority is reinstated.

8. Notwithstanding any statutory fee amounts or maximums to the contrary, the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from public and private water suppliers, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the safe drinking water commission. The commission shall review such recommendations at a forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or six of nine commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year, at which point the existing fee structure shall expire. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, [2024] **2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place.**

643.079. 1. Any air contaminant source required to obtain a permit issued under sections 643.010 to 643.355 shall pay annually beginning April 1, 1993, a fee as provided herein. For the first year the fee shall be twenty-five dollars per ton of each regulated air contaminant emitted. Thereafter, the fee shall be set every three years by the commission by rule and shall be at least twenty-five dollars per ton of regulated air contaminant emitted but not more than forty dollars per ton of regulated air contaminant emitted in the previous calendar year. If necessary, the commission may make annual adjustments to the fee by rule. The fee shall be set at an amount consistent with the need to fund the reasonable cost of administering sections 643.010 to 643.355, taking into account other moneys received pursuant to sections 643.010 to 643.355. For the purpose of determining the amount of air contaminant emissions on which the fees authorized under this section are assessed, a facility shall be considered one source as described in subsection 2 of

section 643.078, except that a facility with multiple operating permits shall pay the emission fees authorized under this section separately for air contaminants emitted under each individual permit.

2. A source which produces charcoal from wood shall pay an annual emission fee under this subsection in lieu of the fee established in subsection 1 of this section. The fee shall be based upon a maximum fee of twenty-five dollars per ton and applied upon each ton of regulated air contaminant emitted for the first four thousand tons of each contaminant emitted in the amount established by the commission pursuant to subsection 1 of this section, reduced according to the following schedule:

(1) For fees payable under this subsection in the years 1993 and 1994, the fee shall be reduced by one hundred percent;

(2) For fees payable under this subsection in the years 1995, 1996 and 1997, the fee shall be reduced by eighty percent;

(3) For fees payable under this subsection in the years 1998, 1999 and 2000, the fee shall be reduced by sixty percent.

3. The fees imposed in subsection 2 of this section shall not be imposed or collected after the year 2000 unless the general assembly reimposes the fee.

4. Each air contaminant source with a permit issued under sections 643.010 to 643.355 shall pay the fee for the first four thousand tons of each regulated air contaminant emitted each year but no air contaminant source shall pay fees on total emissions of regulated air contaminants in excess of twelve thousand tons in any calendar year. A permitted air contaminant source which emitted less than one ton of all regulated pollutants shall pay a fee equal to the amount per ton set by the commission. An air contaminant source which pays emission fees to a holder of a certificate of authority issued pursuant to section 643.140 may deduct such fees from any amount due under this section. The fees imposed in this section shall not be applied to carbon oxide emissions. The fees imposed in subsection 1 of this section and this subsection shall not be applied to sulfur dioxide emissions from any Phase I affected unit subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. Section 7651 et seq., any sooner than January 1, 2000. The fees imposed on emissions from Phase I affected units shall be consistent with and shall not exceed the provisions of the federal Clean Air Act, as amended, and the regulations promulgated thereunder. Any such fee on emissions from any Phase I affected unit shall be reduced by the amount of the service fee paid by that Phase I affected unit pursuant to subsection 8 of this section in that year. Any fees that may be imposed on Phase I sources shall follow the procedures set forth in subsection 1 of this section and this subsection and shall not be applied retroactively.

5. Moneys collected under this section shall be transmitted to the director of revenue for deposit in appropriate subaccounts of the natural resources protection fund created in section 640.220. A subaccount shall be maintained for fees paid by air contaminant sources which are required to be permitted under Title V of the federal Clean Air Act, as amended, 42 U.S.C. Section 7661 et seq., and used, upon appropriation, to fund activities by the department to implement the operating permits program authorized by Title V of the federal Clean Air Act, as amended. Another subaccount shall be maintained for fees paid by air contaminant sources which are not required to be permitted under Title V of the federal Clean Air Act as amended, and used, upon appropriation, to fund other air pollution control program activities. Another subaccount shall be maintained for service fees paid under subsection 8 of this section by Phase I affected

units which are subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990 (42 U.S.C. Section 7651c), as amended, and used, upon appropriation, to fund air pollution control program activities. The provisions of section 33.080 to the contrary notwithstanding, moneys in the fund shall not revert to general revenue at the end of each biennium. Interest earned by moneys in the subaccounts shall be retained in the subaccounts. The per-ton fees established under subsection 1 of this section may be adjusted annually, consistent with the need to fund the reasonable costs of the program, but shall not be less than twenty-five dollars per ton of regulated air contaminant nor more than forty dollars per ton of regulated air contaminant. The first adjustment shall apply to moneys payable on April 1, 1994, and shall be based upon the general price level for the twelve-month period ending on August thirty-first of the previous calendar year.

6. The department may initiate a civil action in circuit court against any air contaminant source which has not remitted the appropriate fees within thirty days. In any judgment against the source, the department shall be awarded interest at a rate determined pursuant to section 408.030 and reasonable attorney's fees. In any judgment against the department, the source shall be awarded reasonable attorney's fees.

7. The department shall not suspend or revoke a permit for an air contaminant source solely because the source has not submitted the fees pursuant to this section.

8. Any Phase I affected unit which is subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990 (42 U.S.C. Section 7651c), as amended, shall pay annually beginning April 1, 1993, and terminating December 31, 1999, a service fee for the previous calendar year as provided herein. For the first year, the service fee shall be twenty-five thousand dollars for each Phase I affected generating unit to help fund the administration of sections 643.010 to 643.355. Thereafter, the service fee shall be annually set by the commission by rule, following public hearing, based on an annual allocation prepared by the department showing the details of all costs and expenses upon which such fees are based consistent with the department's reasonable needs to administer and implement sections 643.010 to 643.355 and to fulfill its responsibilities with respect to Phase I affected units, but such service fee shall not exceed twenty-five thousand dollars per generating unit. Any such Phase I affected unit which is located on one or more contiguous tracts of land with any Phase II generating unit that pays fees under subsection 1 or subsection 2 of this section shall be exempt from paying service fees under this subsection. A "contiguous tract of land" shall be defined to mean adjacent land, excluding public roads, highways and railroads, which is under the control of or owned by the permit holder and operated as a single enterprise.

9. The department of natural resources shall determine the fees due pursuant to this section by the state of Missouri and its departments, agencies and institutions, including two- and four-year institutions of higher education. The director of the department of natural resources shall forward the various totals due to the joint committee on capital improvements and the directors of the individual departments, agencies and institutions. The departments, as part of the budget process, shall annually request by specific line item appropriation funds to pay said fees and capital funding for projects determined to significantly improve air quality. If the general assembly fails to appropriate funds for emissions fees as specifically requested, the departments, agencies and institutions shall pay said fees from other sources of revenue or funds available. The state of Missouri and its departments, agencies and institutions may receive assistance from the small business technical assistance program established pursuant to section 643.173.

10. Each retail agricultural facility that uses, stores, or sells anhydrous ammonia that is an air contaminant source subject to the risk management plan under 42 U.S.C. Section 7412(r), as amended, shall pay an annual registration fee of two hundred dollars. In addition, each retail agricultural facility that uses, stores, or sells anhydrous ammonia shall pay an annual tonnage fee calculated on the number of tons of anhydrous ammonia sold. The initial retail tonnage fee shall be set at one dollar and twenty-five cents per ton of anhydrous ammonia used or sold. Each distributor or terminal agricultural facility that uses, stores, or sells anhydrous ammonia that is an air contaminant source subject to the risk management plan program 3 under 40 CFR Part 68 shall pay an annual registration fee of five thousand dollars and shall not pay a tonnage fee. The annual registration fees and tonnage fee may be periodically revised under subsection 11 of this section. However, the fees collected shall be used exclusively for the purposes of administering the provisions of 42 U.S.C. Section 7412(r), as amended, for such agricultural facilities. Fees paid by agricultural air contaminant sources that use, store, or sell anhydrous ammonia for the purposes of implementing the requirements of 42 U.S.C. Section 7412(r), as amended, shall be deposited into the anhydrous ammonia risk management plan subaccount within the natural resources protection fund created in section 643.245. If the funding exceeds the reasonable costs to administer the programs as set forth in this section, the department of natural resources shall reduce fees for all registrants if the fees derived exceed the reasonable cost of administering the risk management plan under 42 U.S.C. Section 7412(r), as amended.

11. Notwithstanding any statutory fee amounts or maximums to the contrary, the department of natural resources may conduct a comprehensive review and propose changes to the fee structure authorized by sections 643.073, 643.075, 643.079, 643.225, 643.228, 643.232, 643.237, and 643.242 after holding stakeholder meetings in order to solicit stakeholder input from each of the following groups: the asbestos industry, electric utilities, mineral and metallic mining and processing facilities, cement kiln representatives, and any other interested industrial or business entities or interested parties. The department shall submit a proposed fee structure with stakeholder agreement to the air conservation commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments, may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the previous fee structure shall expire upon the effective date of the commission-adopted fee structure. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation, by concurrent resolution disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the commission shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, [2024] **2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place.**

644.057. Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the clean water fee structure set forth in sections 644.052, 644.053, and 644.061. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: agriculture, industry, municipalities, public and private wastewater facilities, and the development community. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the clean water commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. In no case shall the clean water commission adopt or recommend any clean water fee in excess of five thousand dollars. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments, may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structures set forth in sections 644.052, 644.053, and 644.061 shall expire upon the effective date of the commission-adopted fee structure, contrary to section 644.054. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure provided by this section shall expire on August 28, [2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024] **2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place.**"; and

Any vehicle owner may receive license plates as prescribed in this section, for any motor vehicle such person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight, after an annual payment of an emblem-use authorization fee to the Missouri conservation heritage foundation. The foundation hereby authorizes the use of its official emblems to be affixed on multiyear license plates as provided in this section. Any vehicle owner may annually apply for the use of the emblems.

2. Upon annual application and payment of a twenty-five dollar emblem-use authorization fee to the Missouri conservation heritage foundation, the foundation shall issue to the vehicle owner, without further

charge, an emblem-use authorization statement, which shall be presented to the director of the department of revenue at the time of registration of a motor vehicle.

3. Upon presentation of the annual statement, payment of a fifteen dollar fee in addition to the regular registration fees and documents which may be required by law, the director of the department of revenue shall issue a license plate, which shall bear an emblem of the Missouri conservation heritage foundation in a form prescribed by the director, to the vehicle owner. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

5. A vehicle owner, who was previously issued a plate with a Missouri conservation heritage foundation emblem authorized by this section but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the foundation emblem, as otherwise provided by law.

[5.] 6. The director of the department of revenue may promulgate rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

3. A physician’s statement shall:

(1) Be on a form prescribed by the director of revenue;

(3) Include the physician’s or other authorized health care practitioner’s license number; and

Otherwise, the physician or other authorized health care practitioner shall note on the statement the anticipated length of the disability which period may not exceed one hundred eighty days. If the physician or health care practitioner fails to record an expiration date on the physician's statement, the director shall issue a temporary windshield placard for a period of thirty days.

5. A physician or other authorized health care practitioner who issues or signs a physician's statement so that disabled plates or a disabled windshield placard may be obtained shall maintain in such disabled person's medical chart documentation that such a certificate has been issued, the date the statement was signed, the diagnosis or condition which existed that qualified the person as disabled pursuant to this section and shall contain sufficient documentation so as to objectively confirm that such condition exists.

6. The medical or other records of the physician or other authorized health care practitioner who issued a physician's statement shall be open to inspection and review by such practitioner's licensing board, in order to verify compliance with this section. Information contained within such records shall be confidential unless required for prosecution, disciplinary purposes, or otherwise required to be disclosed by law.

7. Such owners, upon application, accompanied by the documents and fees provided for in this section, a current physician's statement which has been issued within ninety days proceeding the date the application is made and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. If at any time an individual who obtained disabled license plates issued under this subsection no longer occupies a residence with a physically disabled person, or no longer owns a vehicle that is operated at least fifty percent of the time by a physically disabled person, such individual shall surrender the disabled license plates to the department within thirty days of becoming ineligible for their use.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this

subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every [four] **eight** years. **The department shall have the authority to automatically renew current valid disabled placards for a duration of eight years, or for the duration that correlates with the applicant's current physician's statement expiration date, until all permanent disabled placards are on an eight-year renewal cycle.** The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician or other

authorized health care practitioner which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section.

14. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

15. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

16. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

17. Every new applicant for a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application. Renewal applicants will be required to submit a physician's statement dated no more than ninety days prior to such application upon their first renewal occurring on or after August 1, 2005. Upon completing subsequent renewal applications, a physician's statement dated no more than ninety days prior to such application shall be required every eighth year. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director may stagger the requirement of a physician's statement on all renewals for the initial implementation of an eight-year period.

18. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the eight-year certification requirement of this subsection for renewal of the plate or placard. Initial

applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a

license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 9

Amend House Committee Substitute for Senate Bill No. 47, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

“105.145. 1. The following definitions shall be applied to the terms used in this section:

(1) “Governing body”, the board, body, or persons in which the powers of a political subdivision as a body corporate, or otherwise, are vested;

(2) “Political subdivision”, any agency or unit of this state, except counties and school districts, which now is, or hereafter shall be, authorized to levy taxes or empowered to cause taxes to be levied.

2. The governing body of each political subdivision in the state shall cause to be prepared an annual report of the financial transactions of the political subdivision in such summary form as the state auditor shall prescribe by rule, except that the annual report of political subdivisions whose cash receipts for the reporting period are ten thousand dollars or less shall only be required to contain the cash balance at the beginning of the reporting period, a summary of cash receipts, a summary of cash disbursements and the cash balance at the end of the reporting period.

3. Within such time following the end of the fiscal year as the state auditor shall prescribe by rule, the governing body of each political subdivision shall cause a copy of the annual financial report to be remitted to the state auditor.

4. The state auditor shall immediately on receipt of each financial report acknowledge the receipt of the report.

5. In any fiscal year no member of the governing body of any political subdivision of the state shall receive any compensation or payment of expenses after the end of the time within which the financial statement of the political subdivision is required to be filed with the state auditor and until such time as the notice from the state auditor of the filing of the annual financial report for the fiscal year has been received.

6. The state auditor shall prepare sample forms for financial reports and shall mail the same to the political subdivisions of the state. Failure of the auditor to supply such forms shall not in any way excuse any person from the performance of any duty imposed by this section.

7. All reports or financial statements hereinabove mentioned shall be considered to be public records.

8. The provisions of this section apply to the board of directors of every transportation development district organized under sections 238.200 to 238.275.

9. Any political subdivision that fails to timely submit a copy of the annual financial statement to the state auditor shall be subject to a fine of five hundred dollars per day.

10. The state auditor shall report any violation of subsection 9 of this section to the department of revenue. Upon notification from the state auditor's office that a political subdivision failed to timely submit a copy of the annual financial statement, the department of revenue shall notify such political subdivision by certified mail that the statement has not been received. Such notice shall clearly set forth the following:

(1) The name of the political subdivision;

(2) That the political subdivision shall be subject to a fine of five hundred dollars per day if the political subdivision does not submit a copy of the annual financial statement to the state auditor's office within thirty days from the postmarked date stamped on the certified mail envelope;

(3) That the fine will be enforced and collected as provided under subsection 11 of this section; and

(4) That the fine will begin accruing on the thirty-first day from the postmarked date stamped on the certified mail envelope and will continue to accrue until the state auditor's office receives a copy of the financial statement.

In the event a copy of the annual financial statement is received within such thirty-day period, no fine shall accrue or be imposed. The state auditor shall report receipt of the financial statement to the department of revenue within ten business days. Failure of the political subdivision to submit the required annual financial statement within such thirty-day period shall cause the fine to be collected as provided under subsection 11 of this section.

11. The department of revenue may collect the fine authorized under the provisions of subsection 9 of this section by offsetting any sales or use tax distributions due to the political subdivision. The director of revenue shall retain two percent for the cost of such collection. The remaining revenues collected from such violations shall be distributed annually to the schools of the county in the same manner that proceeds for all penalties, forfeitures, and fines collected for any breach of the penal laws of the state are distributed.

12. (1) Any political subdivision that has gross revenues of less than five thousand dollars or that has not levied or collected taxes in the fiscal year for which the annual financial statement was not timely filed shall not be subject to the fine authorized in this section.

(2) Notwithstanding this section or any other law to the contrary, no political subdivision with less than five hundred inhabitants shall be subject to the fine authorized in this section, and any fine or fines previously assessed but not paid in full shall be deemed void; provided that the annual financial statement still is required to be filed timely under this section.

13. If a failure to timely submit the annual financial statement is the result of fraud or other illegal conduct by an employee or officer of the political subdivision, the political subdivision shall not be subject to a fine authorized under this section if the statement is filed within thirty days of the discovery of the fraud or illegal conduct. If a fine is assessed and paid prior to the filing of the statement, the department of revenue shall refund the fine upon notification from the political subdivision.

14. If a political subdivision has an outstanding balance for fines or penalties at the time it files its first annual financial statement after January 1, 2023, the director of revenue shall make a one-time downward adjustment to such outstanding balance in an amount that reduces the outstanding balance by no less than ninety percent.

15. The director of revenue shall have the authority to make a one-time downward adjustment to any outstanding penalty imposed under this section on a political subdivision if the director determines the fine is uncollectable. The director of revenue may prescribe rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

A chiropractic physician whose right to practice has been affected under this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that he can resume competent practice with reasonable skill and safety to patients.

(a) In any proceeding under this subdivision, neither the record of proceedings nor the orders entered by the board shall be used against a chiropractic physician in any other proceeding. Proceedings under this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

- (2) May suspend the license, certificate or permit for a period not to exceed three years; or
- (3) Revoke the license, certificate or permit.

4. If at any time after disciplinary sanctions have been imposed under this section or under any provision of this chapter, the licensee removes himself from the state of Missouri, ceases to be currently licensed under the provisions of this chapter, or fails to keep the Missouri state board of chiropractic examiners advised of his current place of business and residence, the time of his absence, or unlicensed status, or unknown whereabouts shall not be deemed or taken as any part of the time of discipline so imposed.”; and

A certificate of death for each death which occurs in this state shall be filed with the local registrar, or as otherwise directed by the state registrar, within five days after death and shall be registered if such certificate has been completed and filed pursuant to this section. All data providers in the death registration process, including, but not limited to, the state registrar, local registrars, the state medical examiner, county medical examiners, coroners, funeral directors or persons acting as such, embalmers,

sheriffs, attending physicians and resident physicians, physician assistants, assistant physicians, advanced practice registered nurses, and the chief medical officers of licensed health care facilities, and other public or private institutions providing medical care, treatment, or confinement to persons, shall be required to use and utilize any electronic death registration system required and adopted under subsection 1 of section 193.265 within six months of the system being certified by the director of the department of health and senior services, or the director's designee, to be operational and available to all data providers in the death registration process. [However, should the person or entity that certifies the cause of death not be part of, or does not use, the electronic death registration system, the funeral director or person acting as such may enter the required personal data into the electronic death registration system and then complete the filing by presenting the signed cause of death certification to the local registrar, in which case the local registrar shall issue death certificates as set out in subsection 2 of section 193.265. Nothing in this section shall prevent the state registrar from adopting pilot programs or voluntary electronic death registration programs until such time as the system can be certified; however, no such pilot or voluntary electronic death registration program shall prevent the filing of a death certificate with the local registrar or the ability to obtain certified copies of death certificates under subsection 2 of section 193.265 until six months after such certification that the system is operational.]

2. If the place of death is unknown but the dead body is found in this state, the certificate of death shall be completed and filed pursuant to the provisions of this section. The place where the body is found shall be shown as the place of death. The date of death shall be the date on which the remains were found.

3. When death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in this state, the death shall be registered in this state and the place where the body is first removed shall be considered the place of death. When a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the body is first removed from the conveyance in this state, the death shall be registered in this state but the certificate shall show the actual place of death if such place may be determined.

4. The funeral director or person in charge of final disposition of the dead body shall file the certificate of death. The funeral director or person in charge of the final disposition of the dead body shall obtain or verify and enter into the electronic death registration system:

(1) The personal data from the next of kin or the best qualified person or source available;

(2) The medical certification from the person responsible for such certification if designated to do so under subsection 5 of this section; and

(3) Any other information or data that may be required to be placed on a death certificate or entered into the electronic death certificate system including, but not limited to, the name and license number of the embalmer.

5. The medical certification shall be completed, attested to its accuracy either by signature or an electronic process approved by the department, and returned to the funeral director or person in charge of final disposition within seventy-two hours after death by the physician, physician assistant, assistant physician, or advanced practice registered nurse in charge of the patient's care for the illness or condition which resulted in death. In the absence of the physician, physician assistant, assistant physician, **or** advanced practice registered nurse or with the physician's, physician assistant's, assistant physician's, or

advanced practice registered nurse's approval the certificate may be completed and attested to its accuracy either by signature or an approved electronic process by the physician's associate physician, the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, provided such individual has access to the medical history of the case, views the deceased at or after death and death is due to natural causes. The person authorized to complete the medical certification may, in writing, designate any other person to enter the medical certification information into the electronic death registration system if the person authorized to complete the medical certificate has physically or by electronic process signed a statement stating the cause of death. Any persons completing the medical certification or entering data into the electronic death registration system shall be immune from civil liability for such certification completion, data entry, or determination of the cause of death, absent gross negligence or willful misconduct. The state registrar may approve alternate methods of obtaining and processing the medical certification and filing the death certificate. The Social Security number of any individual who has died shall be placed in the records relating to the death and recorded on the death certificate.

6. When death occurs from natural causes more than thirty-six hours after the decedent was last treated by a physician, physician assistant, assistant physician, **or** advanced practice registered nurse, the case shall be referred to the county medical examiner or coroner or physician or local registrar for investigation to determine and certify the cause of death. If the death is determined to be of a natural cause, the medical examiner or coroner or local registrar shall refer the certificate of death to the attending physician, physician assistant, assistant physician, **or** advanced practice registered nurse for such certification. If the attending physician, physician assistant, assistant physician, **or** advanced practice registered nurse refuses or is otherwise unavailable, the medical examiner or coroner or local registrar shall attest to the accuracy of the certificate of death either by signature or an approved electronic process within thirty-six hours.

7. If the circumstances suggest that the death was caused by other than natural causes, the medical examiner or coroner shall determine the cause of death and shall, either by signature or an approved electronic process, complete and attest to the accuracy of the medical certification within seventy-two hours after taking charge of the case.

8. If the cause of death cannot be determined within seventy-two hours after death, the attending medical examiner, coroner, attending physician, physician assistant, assistant physician, advanced practice registered nurse, or local registrar shall give the funeral director, or person in charge of final disposition of the dead body, notice of the reason for the delay, and final disposition of the body shall not be made until authorized by the medical examiner, coroner, attending physician, physician assistant, assistant physician, advanced practice registered nurse, or local registrar.

9. When a death is presumed to have occurred within this state but the body cannot be located, a death certificate may be prepared by the state registrar upon receipt of an order of a court of competent jurisdiction which shall include the finding of facts required to complete the death certificate. Such a death certificate shall be marked "Presumptive", show on its face the date of registration, and identify the court and the date of decree.

10. (1) The department of health and senior services shall notify all physicians, physician assistants, assistant physicians, and advanced practice registered nurses licensed under chapters 334 and 335 of the requirements regarding the use of the electronic vital records system provided for in this section.

11. Notwithstanding any provision of law to the contrary, if a coroner or deputy coroner is not current with or is without the approved training under chapter 58, the department of health and senior services shall prohibit such coroner from attesting to the accuracy of a certificate of death. No person elected or appointed to the office of coroner can assume such elected office until the training, as established by the coroner standards and training commission under the provisions of section 58.035, has been completed and a certificate of completion has been issued. In the event a coroner cannot fulfill his or her duties or is no longer qualified to attest to the accuracy of a death certificate, the sheriff of the county shall appoint a medical professional to attest death certificates until such time as the coroner can resume his or her duties or another coroner is appointed or elected to the office.

All interest earned on money deposited in the endowed care cemetery audit fund shall be credited to the endowed care cemetery fund. Notwithstanding the provisions of section 33.080 to the contrary, money placed in the endowed care cemetery audit fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds three times the amount of the appropriation from the endowed care cemetery audit fund for the preceding fiscal year. The money deposited in the public health services fund under this section shall be deposited in a separate account in the fund, and moneys in such account, upon appropriation, shall be used to automate and improve the state vital records system, and develop and maintain an electronic birth and death registration system. For any search of the files and records, when no record is found, the state shall be entitled to a fee equal to the amount for a certification of a vital record for a five-year search to be paid by the applicant. 4. A probationer shall be eligible for assignment to the institutional phase of the postconviction drug treatment program if he has failed to complete successfully the noninstitutional phase of the program. If space is available, the sentencing court may assign the offender to the institutional phase of the program as a special condition of probation, without the necessity of formal revocation of probation.

5. The availability of space in the institutional program shall be determined by the department of corrections. If the sentencing court is advised that there is no space available, then the court shall consider other authorized dispositions.

6. Any time after ninety days and prior to one hundred twenty days after assignment of the offender to the institutional phase of the program, the department shall submit to the court a report outlining the performance of the offender in the program. If the department determines that the offender will not participate or has failed to complete the program, the department shall advise the sentencing court, who shall cause the offender to be brought before the court for consideration of revocation of the probation or other authorized disposition. If the offender successfully completes the program, the department shall release the individual to the appropriate probation and parole district office and so advise the court.

7. Time spent in the institutional phase of the program shall count as time served on the sentence.]”;

(4) "Prepaid wireless service provider", a provider that provides prepaid wireless service to an end user;

(5) "Prepaid wireless telecommunications service", a wireless telecommunications service that allows a caller to dial 911 to access the 911 system and which service shall be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount;

(6) "Retail transaction", the purchase of prepaid wireless telecommunications service from a seller for any purpose other than resale. The purchase of more than one item that provides prepaid wireless telecommunication service, when such items are sold separately, constitutes more than one retail transaction;

(7) "Seller", a person who sells prepaid wireless telecommunications service to another person;

(8) "Wireless telecommunications service", commercial mobile radio service as defined by 47 CFR 20.3, as amended.

2. (1) Beginning January 1, 2019, there is hereby imposed a prepaid wireless emergency telephone service charge on each retail transaction. The amount of such charge shall be equal to three percent of the

amount of each retail transaction. The first fifteen dollars of each retail transaction shall not be subject to the service charge.

(2) When prepaid wireless telecommunications service is sold with one or more products or services for a single, nonitemized price, the prepaid wireless emergency telephone service charge set forth in subdivision (1) of this subsection shall apply to the entire nonitemized price unless the seller elects to apply such service charge in the following way:

(a) If the amount of the prepaid wireless telecommunications service is disclosed to the consumer as a dollar amount, three percent of such dollar amount; or

(b) If the seller can identify the portion of the price that is attributable to the prepaid wireless telecommunications service by reasonable and verifiable standards from the seller's books and records that are kept in the regular course of business for other purposes including, but not limited to, nontax purposes, three percent of such portion;

The first fifteen dollars of each transaction under this subdivision shall not be subject to the service charge.

(3) The prepaid wireless emergency telephone service charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless emergency telephone service charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or otherwise disclosed to the consumer.

(4) For purposes of this subsection, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring under chapter 144.

(5) The prepaid wireless emergency telephone service charge is the liability of the consumer and not of the seller or of any provider; except that, the seller shall be liable to remit all charges that the seller collects or is deemed to collect.

(6) The amount of the prepaid wireless emergency telephone service charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

3. (1) Prepaid wireless emergency telephone service charges collected by sellers shall be remitted to the department at the times and in the manner provided by state law with respect to sales and use taxes. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply under state law. On or after the effective date of the service charge imposed under the provisions of this section, the director of the department of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the service charge, and the director shall collect, in addition to the sales tax for the state of Missouri, all additional service charges imposed in this section. All service charges imposed under this section together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported

upon such forms and under such administrative rules and regulations as may be prescribed by the director. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057 shall apply to the collection of any service charges imposed under this section except as modified.

(2) Beginning on January 1, 2019, and ending on January 31, 2019, when a consumer purchases prepaid wireless telecommunications service in a retail transaction from a seller under this section, the seller shall be allowed to retain one hundred percent of the prepaid wireless emergency telephone service charges that are collected by the seller from the consumer. Beginning on February 1, 2019, a seller shall be permitted to deduct and retain three percent of prepaid wireless emergency telephone service charges that are collected by the seller from consumers.

(3) The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use purposes under state law.

(4) The department shall deposit all remitted prepaid wireless emergency telephone service charges into the general revenue fund for the department's use until eight hundred thousand one hundred fifty dollars is collected to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges. From then onward, the department shall deposit all remitted prepaid wireless emergency telephone service charges into the Missouri 911 service trust fund created under section 190.420 within thirty days of receipt for use by the board. After the initial eight hundred thousand one hundred fifty dollars is collected, the department may deduct an amount not to exceed one percent of collected charges to be retained by the department to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges.

(5) The board shall set a rate between twenty-five and one hundred percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties without a charter form of government, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to such counties in direct proportion to the amount of charges collected in each county. The board shall set a rate between sixty-five and one hundred percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties with a charter form of government and any city not within a county, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to each such county or city not within a county in direct proportion to the amount of charges collected in each such county or city not within a county. If a county has an elected emergency services board, the Missouri 911 service board shall remit the funds to the elected emergency services board, except for an emergency services board originally organized under section 190.325 operating within a county with a charter form of government and with more than two hundred thousand but fewer than three hundred fifty thousand inhabitants, in which case the funds shall be remitted to the county's general fund for the purpose of public safety infrastructure. The initial percentage rate set by the board for counties with and without a charter form of government and any city not within a county shall be set by June thirtieth of each applicable year and may be adjusted annually for the first three years, and thereafter the rate may be adjusted every three years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305, 190.325, and 190.335. Any amounts received by any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants under this section may be used for emergency service notification systems.

(2) A provider shall be entitled to the immunity and liability protections under section 190.455.

(3) In addition to the protection from liability provided in subdivisions (1) and (2) of this subsection, each provider and seller and its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons shall be entitled to the further protection from liability, if any, that is provided to providers and sellers of wireless telecommunications service that is not prepaid wireless telecommunications service under section 190.455.

5. The prepaid wireless emergency telephone service charge imposed by this section shall be in addition to any other tax, fee, surcharge, or other charge imposed by this state, any political subdivision of this state, or any intergovernmental agency for 911 funding purposes.

6. The provisions of this section shall become effective unless the governing body of a county or city adopts an ordinance, order, rule, resolution, or regulation by at least a two-thirds vote prohibiting the charge established under this section from becoming effective in the county or city at least forty-five days prior to the effective date of this section. If the governing body does adopt such ordinance, order, rule, resolution, or regulation by at least a two-thirds vote, the charge shall not be collected and the county or city shall not be allowed to obtain funds from the Missouri 911 service trust fund that are remitted to the fund under the charge established under this section. The Missouri 911 service board shall, by September 1, 2018, notify all counties and cities of the implementation of the charge established under this section, and the procedures set forth under this subsection for prohibiting the charge from becoming effective.

7. Any county or city which prohibited the prepaid wireless emergency telephone service charge pursuant to the provisions of subsection 6 of this section may take a vote of the governing body, and notify the department of revenue of the result of such vote[, by November 15, 2019,] to impose such charge [effective January 1, 2020]. A vote of at least two-thirds of the governing body is required in order to impose such charge. The department shall notify the board of notices received by [December 1, 2019] **within sixty days of receiving such notice.”; and**

“287.067. 1. In this chapter the term “occupational disease” is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The “prevailing factor” is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The “prevailing factor” is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

4. “Loss of hearing due to industrial noise” is recognized as an occupational disease for purposes of this chapter and is hereby defined to be a loss of hearing in one or both ears due to prolonged exposure to harmful noise in employment. “Harmful noise” means sound capable of producing occupational deafness.

5. “Radiation disability” is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with

radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590 if a direct causal relationship is established, or psychological stress of firefighters of a paid fire department or paid peace officers of a police department who are certified under chapter 590 if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease.

9. (1) (a) Posttraumatic stress disorder (PTSD), as described in the Diagnostic and Statistical Manual of Mental Health Disorders, Fifth Edition, published by the American Psychiatric Association, (DSM-5) is recognized as a compensable occupational disease for purposes of this chapter when diagnosed in a first responder, as that term is defined under section 67.145.

(b) Benefits payable to a first responder under this section shall not require a physical injury to the first responder and are not subject to any preexisting PTSD.

(c) Benefits payable to a first responder under this section are compensable only if demonstrated by clear and convincing evidence that PTSD has resulted from the course and scope of employment, and the first responder is examined and diagnosed with PTSD by an authorized treating physician, due to the first responder experiencing one of the following qualifying events:

a. Seeing for oneself a deceased minor;

b. Witnessing directly the death of a minor;

c. Witnessing directly the injury to a minor who subsequently died prior to or upon arrival at a hospital emergency department, participating in the physical treatment of, or manually transporting, an injured minor who subsequently died prior to or upon arrival at a hospital emergency department;

d. Seeing for oneself a person who has suffered serious physical injury of a nature that shocks the conscience;

e. Witnessing directly a death, including suicide, due to serious physical injury; or homicide, including murder, mass killings, manslaughter, self-defense, misadventure, and negligence;

f. Witnessing directly an injury that results in death, if the person suffered serious physical injury that shocks the conscience;

g. Participating in the physical treatment of an injury, including attempted suicide, or manually transporting an injured person who suffered serious physical injury, if the injured person subsequently died prior to or upon arrival at a hospital emergency department; or,

h. Involvement in an event that caused or may have caused serious injury or harm to the first responder or had the potential to cause the death of the first responder, whether accidental or by an intentional act of another individual.

(2) The time for notice of injury or death in cases of compensable PTSD under this section is measured from exposure to one of the qualifying stressors listed in the DSM-5 criteria, or the diagnosis of the disorder, whichever is later. Any claim for compensation for such injury shall be properly noticed within fifty-two weeks after the qualifying exposure, or the diagnosis of the disorder, whichever is later.”; and

HOUSE AMENDMENT NO. 7

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 24, Page 4, Section 287.245, Line 35, by inserting after all of said section and line the following:

"287.715. 1. For the purpose of providing for revenue for the second injury fund, every authorized self-insurer, and every workers' compensation policyholder insured pursuant to the provisions of this chapter, shall be liable for payment of an annual surcharge in accordance with the provisions of this section. The annual surcharge imposed under this section shall apply to all workers' compensation insurance policies and self-insurance coverages which are written or renewed on or after April 26, 1988, including the state of Missouri, including any of its departments, divisions, agencies, commissions, and boards or any political subdivisions of the state who self-insure or hold themselves out to be any part self-insured. Notwithstanding any law to the contrary, the surcharge imposed pursuant to this section shall not apply to any reinsurance or retrocessional transaction.

2. Beginning October 31, 2005, and each year thereafter, the director of the division of workers' compensation shall estimate the amount of benefits payable from the second injury fund during the following calendar year and shall calculate the total amount of the annual surcharge to be imposed during the following calendar year upon all workers' compensation policyholders and authorized self-insurers. The amount of the annual surcharge percentage to be imposed upon each policyholder and self-insured for the following calendar year commencing with the calendar year beginning on January 1, 2006, shall be set at and calculated against a percentage, not to exceed three percent, of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy

year, rounded up to the nearest one-half of a percentage point, that shall generate, as nearly as possible, one hundred ten percent of the moneys to be paid from the second injury fund in the following calendar year, less any moneys contained in the fund at the end of the previous calendar year. All policyholders and self-insurers shall be notified by the division of workers' compensation within ten calendar days of the determination of the surcharge percent to be imposed for, and paid in, the following calendar year. The net premium equivalent for individual self-insured employers shall be based on average rate classifications calculated by the department of commerce and insurance as taken from premium rates filed by the twenty insurance companies providing the greatest volume of workers' compensation insurance coverage in this state. For employers qualified to self-insure their liability pursuant to this chapter, the rates filed by such group of employers in accordance with subsection 4 of section 287.280 shall be the net premium equivalent. Any group of political subdivisions of this state qualified to self-insure their liability pursuant to this chapter as authorized by section 537.620 may choose either the average rate classification method or the filed rate method, provided that the method used may only be changed once without receiving the consent of the director of the division of workers' compensation. The director may advance funds from the workers' compensation fund to the second injury fund if surcharge collections prove to be insufficient. Any funds advanced from the workers' compensation fund to the second injury fund must be reimbursed by the second injury fund no later than December thirty-first of the year following the advance. The surcharge shall be collected from policyholders by each insurer at the same time and in the same manner that the premium is collected, but no insurer or its agent shall be entitled to any portion of the surcharge as a fee or commission for its collection. The surcharge is not subject to any taxes, licenses or fees.

3. All surcharge amounts imposed by this section shall be deposited to the credit of the second injury fund.

4. Such surcharge amounts shall be paid quarterly by insurers and self-insurers, and insurers shall pay the amounts not later than the thirtieth day of the month following the end of the quarter in which the amount is received from policyholders. If the director of the division of workers' compensation fails to calculate the surcharge by the thirty-first day of October of any year for the following year, any increase in the surcharge ultimately set by the director shall not be effective for any calendar quarter beginning less than sixty days from the date the director makes such determination.

5. If a policyholder or self-insured fails to make payment of the surcharge or an insurer fails to make timely transfer to the division of surcharges actually collected from policyholders, as required by this section, a penalty of one-half of one percent of the surcharge unpaid, or untransferred, shall be assessed against the liable policyholder, self-insured or insurer. Penalties assessed under this subsection shall be collected in a civil action by a summary proceeding brought by the director of the division of workers' compensation.

6. Notwithstanding subsection 2 of this section to the contrary, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed [three] **one** percent for calendar years 2014 to [2022] **2026** of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest [one-half] **one-quarter** of a percentage point. [For calendar year 2023, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed two and one-half percent of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for

the previous policy year, rounded up to the nearest one-half of a percentage point.] All policyholders and self-insurers shall be notified by the division of the supplemental surcharge percentage to be imposed for such period of time as part of the notice provided in subsection 2 of this section. The provisions of this subsection shall expire on December 31, [2023] **2026**.

7. Funds collected under the provisions of this chapter shall be the sole funding source of the second injury fund.”; and

HOUSE AMENDMENT NO. 1

Amend House Substitute for House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 96, Page 5, Section 67.1421, Line 141, by inserting after said section and line the following:

“67.1521. 1. A district may levy by resolution one or more special assessments against real property within its boundaries, upon receipt of and in accordance with a petition signed by:

(1) Owners of real property collectively owning more than fifty percent by assessed value of real property within the boundaries of the district; and

(2) More than fifty percent per capita of the owners of all real property within the boundaries of the district.

2. The special assessment petition shall be in substantially the following form:

The _____ (insert name of district) Community Improvement District (“District”) shall be authorized to levy special assessments against real property benefitted within the district for the purpose of providing revenue for _____ (insert general description of specific service and/or projects) in the district, such special assessments to be levied against each tract, lot or parcel of real property listed below within the district which receives special benefit as a result of such service and/or projects, the cost of which shall be allocated among this property by _____ (insert method of allocation, e.g., per square foot of property, per square foot on each square foot of improvement, or by abutting foot of property abutting streets, roads, highways, parks or other improvements, or any other reasonable method) in an amount not to exceed _____ dollars per (insert unit of measure). Such authorization to levy the special assessment shall expire on _____ (insert date). The tracts of land located in the district which will receive special benefit from this service and/or projects are: _____ (list of properties by common addresses and legal descriptions).

3. The method for allocating such special assessments set forth in the petition may be any reasonable method which results in imposing assessments upon real property benefitted in relation to the benefit conferred upon each respective tract, lot or parcel of real property and the cost to provide such benefit.

4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

5. Each special assessment which is due and owing shall constitute a perpetual lien against each tract, lot or parcel of property from which it is derived. Such lien may be foreclosed in the same manner as any other special assessment lien as provided in section 88.861. Notwithstanding the provisions of this subsection and section 67.1541 to the contrary, the county collector may, upon certification by the district for collection, add each special assessment to the annual real estate tax bill for the property and collect the assessment in the same manner the collector uses for real estate taxes. Any special assessment remaining unpaid on the first day of January annually is delinquent and enforcement of collection of the delinquent bill by the county collector shall be governed by the laws concerning delinquent and back taxes. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale under chapter 140 or, if applicable to that county, chapter 141.

6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. The proceeds of such assessments shall be credited to such fund or account. Such fund or account shall be used solely to pay the costs incurred in undertaking the specified service or project.

7. Upon completion of the specified service or project or both, the balance remaining in the fund or account established for such specified service or project or both shall be returned or credited against the amount of the original assessment of each parcel of property pro rata based on the method of assessment of such special assessment.

8. Any funds in a fund or account created pursuant to this section which are not needed for current expenditures may be invested by the board in accordance with applicable laws relating to the investment of funds of the city in which the district is located.

9. The authority of the district to levy special assessments shall be independent of the limitations and authorities of the municipality in which it is located; specifically, the provisions of section 88.812 shall not apply to any district.

10. All decisions of the board of directors shall be by a majority vote unless otherwise provided by law.

11. Notwithstanding any provision of this section to the contrary, all property owned by an entity that is exempt from taxation pursuant to 26 U.S.C. Section 501(c) shall be exempt from any property tax or special assessment levied by a district.”; and

Further amend said bill and section, Page 7, Line 22, by inserting after said section and line the following:

“115.240. The election authority for any political subdivision or special district shall label ballot measures relating to taxation that are submitted by such political subdivision or special district to a vote of the people numerically or alphabetically in the order in which they are submitted. No such ballot measure shall be labeled in a descriptive manner aside from its numerical or alphabetical designation. Election authorities may coordinate with each other, or with the secretary of state, to maintain a database or other record to facilitate numerical or alphabetical assignment.”; and

Further amend said bill and page, Section 115.755, Line 2, by deleting the word “**April**” and inserting in lieu thereof the word “**March**”; and

Further amend said bill, Page 8, Section 115.761, Line 18, by deleting the word “**April**” and inserting in lieu thereof the word “**March**”; and

Further amend said bill, Page 9, Section 115.904, Line 6, by inserting after said section and line the following:

“137.067. Notwithstanding any provision of law to the contrary, any ballot measure seeking approval to add, change, or modify a tax on real property shall express the effect of the proposed change within the ballot language in terms of the change in real dollars owed per one hundred thousand dollars of a property’s market valuation.

137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor’s books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was

annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as provided in subsection 4 of section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term “tax revenue”, as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor’s books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction

and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection [14] "**15**" of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The provisions of subdivision (2) of this subsection notwithstanding, if, prior to the expiration of a temporary levy increase, voters approve a subsequent levy increase, the new tax rate ceiling shall remain in effect only until such time as the temporary levy expires under the terms originally approved by a vote of the people, at which time the tax rate ceiling shall be decreased by the amount of the temporary levy increase. If, prior to the expiration of a temporary levy increase, voters of a

political subdivision are asked to approve an additional, permanent increase to the political subdivision's tax rate ceiling, voters shall be submitted ballot language that clearly indicates that if the permanent levy increase is approved, the temporary levy shall be made permanent.

(4) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision [(4)] (5) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

[(4)] (5) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in

rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation

published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend said bill, Page 10, Section 238.225, Line 30, by inserting after said section and line the following:

“238.230. 1. If approved by:

(1) A majority of the qualified voters voting on the question in the district; or

(2) The owners of record of all of the real property located within the district who shall indicate their approval by signing a special assessment petition;

the district may make one or more special assessments for those project improvements which specially benefit the properties within the district. 4. If a proposal for making a special assessment fails, the district board of directors may, with the prior approval of the commission or the local transportation authority which will assume ownership of the completed project, delete from the project any portion which was to be funded by special assessment and which is not otherwise required for project integrity.

5. A district may establish different classes or subclasses of real property within the district for purposes of levying differing rates of special assessments. The levy rate for special assessments may vary for each class or subclass of real property based on the level of benefit derived by each class or subclass from projects funded by the district.

6. All decisions of the board of directors shall be by a majority vote unless otherwise provided by law.

7. Notwithstanding any provision of this section to the contrary, all property owned by an entity that is exempt from taxation pursuant to 26 U.S.C. Section 501(c) shall be exempt from any special assessment levied by a district pursuant to this section.”; and

Further amend said bill and page, Section 115.351, Line 15, by inserting after said section and line the following:

“115.430. 1. This section shall apply to [primary and general elections where candidates for federal or statewide offices are nominated or elected and any election where statewide issue or issues are submitted to the voters] **any public election.**

2. (1) A voter claiming to be properly registered in the jurisdiction of the election authority and eligible to vote in an election, but whose eligibility at that precinct cannot be immediately established upon examination of the precinct register, shall be entitled to vote a provisional ballot after providing a form of personal identification required pursuant to section 115.427 or upon executing an affidavit under section 115.427, or may vote at a central polling place as established in section 115.115 where the voter may vote his or her appropriate ballot for his or her precinct of residence upon verification of eligibility or vote a provisional ballot if eligibility cannot be determined. The provisional ballot provided to a voter under this section shall be the ballot provided to a resident of the voter’s precinct determined by reference to the affidavit provided for in this section. If the voter declares that the voter is eligible to vote and the election authority determines that the voter is eligible to vote at another polling place, the voter shall be directed to the correct polling place or a central polling place as established by the election authority pursuant to subsection 5 of section 115.115. If the voter refuses to go to the correct polling place or a central polling place, the voter shall be permitted to vote a provisional ballot at the incorrect polling place, but such ballot shall not be counted if the voter was not eligible to vote at that polling place.

(2) The following steps shall be taken to establish a voter’s eligibility to vote at a polling place:

(a) The election judge shall examine the precinct register as provided in section 115.425. If the voter is registered and eligible to vote at the polling place, the voter shall receive a regular ballot;

(b) If the voter’s eligibility cannot be immediately established by examining the precinct register, the election judge shall contact the election authority. If the election authority cannot immediately establish that the voter is registered and eligible to vote at the polling place upon examination of the Missouri voter registration system, or if the election judge is unable to make contact with the election authority immediately, the voter shall be notified that the voter is entitled to a provisional ballot.

(3) The voter shall have the duty to appear and vote at the correct polling place. If an election judge determines that the voter is not eligible to vote at the polling place at which a voter presents himself or herself, and if the voter appears to be eligible to vote at another polling place, the voter shall be informed that he or she may cast a provisional ballot at the current polling place or may travel to the correct polling place or a central polling place, as established by the election authority under subsection 5 of section 115.115, where the voter may cast a regular ballot or provisional ballot if the voter’s eligibility still cannot

be determined. Provisional ballots cast at a polling place shall be counted only if the voter was eligible to vote at such polling place as provided in subsection 5 of this section.

(4) For a voter requesting an absentee ballot in person, such voter shall be entitled to cast a provisional ballot when the voter's eligibility cannot be immediately established upon examination of the precinct registers or the Missouri voter registration system.

(5) Prior to accepting any provisional ballot at the polling place, the election judges shall determine that the information provided on the provisional ballot envelope by the provisional voter is consistent with the identification provided by such person under section 115.427.

3. (1) No person shall be entitled to receive a provisional ballot until such person has completed a provisional ballot affidavit on the provisional ballot envelope.

(2) The secretary of state shall produce appropriate sizes of provisional ballot envelopes and distribute them to each election authority according to their tabulating system. All provisional ballot envelopes shall be printed on a distinguishable color of paper that is different from the color of the regular ballot. The provisional ballot envelope shall be in the form required by subsection 4 of this section. All provisional ballots shall be marked with a conspicuous stamp or other distinguishing mark that makes them readily distinguishable from the regular ballots.

(3) Once voted, the provisional ballot shall be placed and sealed in a provisional ballot envelope.

4. The provisional ballot in its envelope shall be deposited in the ballot box. The provisional ballot envelope shall be completed by the voter for use in determining eligibility. The provisional ballot envelope specified in this section shall contain a voter's certificate which shall be in substantially the following form:

I understand that if the above-provided information is not correct and the election authority determines that I am not registered and eligible to vote, my vote will not be counted. I further understand that knowingly providing false information is a violation of law and subjects me to possible criminal prosecution.

Subscribed and affirmed before me this _____ day of _____,
20_____

(Signature of Election Official)

The voter may provide additional information to further assist the election authority in determining eligibility, including the place and date the voter registered to vote, if known.

5. (1) Prior to counting any provisional ballot, the election authority shall determine if the voter is registered and eligible to vote and if the vote was properly cast. The eligibility of provisional votes shall be determined according to the requirements for a voter to cast a ballot in the election as set forth in sections 115.133 and 115.135. A provisional [voter] ballot shall not be eligible to be counted until the election authority has determined that:

(a) The voter cast such provisional ballot at a polling place established for the voter or the central polling place established by the election authority under subsection 5 of section 115.115;

(b) The individual who cast the provisional ballot is an individual registered to vote in the respective election at the polling place where the ballot was cast;

(c) The voter did not otherwise vote in the same election by regular ballot, absentee ballot, or otherwise; and

(d) The information on the provisional ballot envelope is found to be correct, complete, and accurate.

(2) When the ballot boxes are delivered to the election authority from the polling places, the receiving teams shall separate the provisional ballots from the rest of the ballots and place the sealed provisional ballot envelopes in a separate container. Teams of election authority employees or teams of election judges with each team consisting of one member of each major political party shall photocopy each provisional ballot envelope, such photocopy to be used by the election authority to determine provisional voter eligibility. The sealed provisional ballot envelopes shall be placed by the team in a sealed container and shall remain therein until tabulation.

(3) To determine whether a provisional ballot is valid and entitled to be counted, the election authority shall examine its records and verify that the provisional voter is properly registered and eligible to vote in the election. If the provisional voter has provided information regarding the registration agency where the

provisional voter registered to vote, the election authority shall make an inquiry of the registration agency to determine whether the provisional voter is properly registered and eligible to vote in the election.

(4) If the election authority determines that the provisional voter is registered and eligible to vote in the election, the election authority shall provide documentation verifying the voter's eligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

- (a) The name of the provisional voter;
- (b) The name of the reviewer;
- (c) The date and time; and
- (d) A description of evidence found that supports the voter's eligibility.

(5) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and a notation marking it as accepted.

(6) If the election authority determines that the provisional voter is not registered or eligible to vote in the election, the election authority shall provide documentation verifying the voter's ineligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

- (a) The name of the provisional voter;
- (b) The name of the reviewer;
- (c) The date and time;
- (d) A description of why the voter is ineligible.

(7) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and notation marking it as rejected.

(8) If rejected, a photocopy of the envelope shall be made and used by the election authority as a mail-in voter registration. The actual provisional ballot envelope shall be kept as ballot material, and the copy of the envelope shall be used by the election authority for registration record keeping.

6. All provisional ballots cast by voters whose eligibility has been verified as provided in this section shall be counted in accordance with the rules governing ballot tabulation. Provisional ballots shall not be counted until all provisional ballots are determined either eligible or ineligible and all provisional ballots must be processed before the election is certified. The provisional ballot shall be counted only if the election authority determines that the voter is registered and eligible to vote. Provisional ballots voted in the wrong polling place shall not be counted. If the voter is not registered but is qualified to register for future elections, the affidavit shall be considered a mail-in application to register to vote pursuant to this chapter.

7. (1) After the election authority completes its review of the provisional voter's eligibility under subsection 5 of this section, the election authority shall deliver the provisional ballots and copies of the provisional ballot envelopes that include eligibility information to bipartisan counting teams, which may

be the board of verification, for review and tabulation. The election authority shall maintain a record of such delivery. The record shall include the number of ballots delivered to each team and shall include a signed receipt from two judges, one from each major political party. The election authority shall provide each team with a ballot box and material necessary for tabulation.

(2) If the person named on the provisional ballot affidavit is found to have been properly qualified and registered to cast a ballot in the election and the provisional ballot otherwise qualifies to be counted under the provisions of this section, the envelope shall be opened, and the ballot shall be placed in a ballot box to be counted.

(3) If the person named on the provisional ballot affidavit is found not to have been properly qualified and registered to cast a ballot in the election or if the election authority is unable to determine such person's right to vote, the envelope containing the provisional ballot shall not be opened, and the person's vote shall not be counted. The members of the team shall follow the procedures set forth in subsection 5 of this section for rejected provisional ballots.

(4) The votes shall be tallied and the returns made as provided in sections 115.447 to 115.525 for paper ballots. After the vote on all ballots assigned to a team have been counted, the ballots, ballot envelopes, and copies of ballot envelopes with the eligibility information provided by the election authority shall be enclosed in sealed containers marked "Voted provisional ballots and ballot envelopes from the election held _____, 20_____". All rejected provisional ballots, ballot envelopes, and copies of ballot envelopes with the eligibility information provided by the election authority shall be enclosed in sealed containers marked "Rejected provisional ballots and ballot envelopes from the election held _____, 20_____". On the outside of each voted ballot and rejected ballot container, each member of the team shall write their name and all such containers shall be returned to the election authority. Upon receipt of the returns and ballots, the election authority shall tabulate the provisional votes.

8. Challengers and watchers, as provided by sections 115.105 and 115.107, may be present during all times that the bipartisan counting teams are reviewing or counting the provisional ballots, the provisional ballot envelopes, or copies of the provisional ballot envelopes that include eligibility information provided by the election authority. Challengers and watchers shall be permitted to observe the determination of the eligibility of all provisional ballots. The election authority shall notify the county chair of each major political party of the time and location when bipartisan counting teams will be reviewing or counting the provisional ballots, the provisional ballot envelopes, or the copies of the provisional ballot envelopes that include the eligibility information provided by the election authority.

9. The certificate of ballot cards shall:

(1) Reflect the number of provisional envelopes delivered; and

(2) Reflect the number of sealed provisional envelopes with voted ballots deposited in the ballot box.

10. In counties where the voting system does not utilize a paper ballot, the election authority shall provide the appropriate provisional ballots to each polling place.

11. The secretary of state may promulgate rules for purposes of ensuring the uniform application of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

12. The secretary of state shall design and provide to the election authorities the envelopes and forms necessary to carry out the provisions of this section.

13. Pursuant to the Help America Vote Act of 2002, the secretary of state shall ensure a free access system is established, such as a toll-free number or an internet website, that any individual who casts a provisional ballot may access to discover whether the vote of that individual was counted, and, if the vote was not counted, the reason that the vote was not counted. At the time an individual casts a provisional ballot, the election authority shall give the voter written information that states that any individual who casts a provisional ballot will be able to ascertain under such free access system whether the vote was counted, and if the vote was not counted, the reason that the vote was not counted.

14. In accordance with the Help America Vote Act of 2002, any individual who votes in an election as a result of a court order or any other order extending the time established for closing the polls in section 115.407 may vote only by using a provisional ballot, and such provisional ballot shall be separated and held apart from other provisional ballots cast by those not affected by the order. Such ballots shall not be counted until such time as the ballots are determined to be valid. No state court shall have jurisdiction to extend the polling hours established by law, including section 115.407.

2. Except as provided in section 162.563, each director shall be a voter of the district who has resided within this state for one year next preceding the director's election or appointment and who is at least twenty-four years of age. All directors, except as otherwise provided in sections 162.481, 162.492, and 162.563, shall hold their offices for six years and until their successors are duly elected and qualified. All vacancies occurring in the board[, except as provided in section 162.492,] shall be filled by appointment by the board as soon as practicable, and the person appointed shall hold office until the next school board election, when a successor shall be elected for the remainder of the unexpired term. The power of the board to perform any official duty during the existence of a vacancy continues unimpaired thereby.

162.492. 1. In all urban districts containing the greater part of the population of a city which has more than three hundred thousand inhabitants, the election authority of the city in which the greater portion of the school district lies, and of the county if the district includes territory not within the city limits, shall serve ex officio as a redistricting commission. The commission shall on or before November 1, 2018, divide the school district into five subdistricts, all subdistricts being of compact and contiguous territory and as nearly equal in the number of inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions as soon as practicable after each United States decennial census. In establishing

the subdistricts each member shall have one vote and a majority vote of the total membership of the commission is required to make effective any action of the commission.

2. School elections for the election of directors shall be held on municipal election days in 2014 and 2016. At the election in 2014, directors shall be elected to hold office until 2019 and until their successors are elected and qualified. At the election in 2016, directors shall be elected until 2019 and until their successors are elected and qualified. Beginning in 2019, school elections for the election of directors shall be held on the local election date as specified in the charter of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Beginning at the election for school directors in 2019, the number of directors on the board shall be reduced from nine to seven. Two directors shall be at-large directors and five directors shall represent the subdistricts, with one director from each of the subdistricts. At the 2019 election, one of the at-large directors and the directors from subdistricts one, three, and five shall be elected for a two-year term, and the other at-large director and the directors from subdistricts two and four shall be elected for a four-year term. Thereafter, all seven directors shall serve a four-year term. Directors shall serve until the next election and until their successors, then elected, are duly qualified as provided in this section. In addition to other qualifications prescribed by law, each member elected from a subdistrict shall be a resident of the subdistrict from which he or she is elected. The subdistricts shall be numbered from one to five.

3. The five candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict and the at-large candidates receiving a plurality of the at-large votes shall be elected. The name of no candidate for nomination shall be printed on the ballot unless the candidate has at least sixty days prior to the election filed a declaration of candidacy with the secretary of the board of directors containing the signatures of at least two hundred fifty registered voters who are residents of the subdistrict within which the candidate for nomination to a subdistrict office resides, and in case of at-large candidates the signatures of at least five hundred registered voters. The election authority shall determine the validity of all signatures on declarations of candidacy.

4. In any election either for at-large candidates or candidates elected by the voters of subdistricts, if there are more than two candidates, a majority of the votes are not required to elect but the candidate having a plurality of the votes shall be elected.

5. The names of all candidates shall appear upon the ballot without party designation and in the order of the priority of the times of filing their petitions of nomination. No candidate may file both at large and from a subdistrict and the names of all candidates shall appear only once on the ballot, nor may any candidate file more than one declaration of candidacy. All declarations shall designate the candidate's residence and whether the candidate is filing at large or from a subdistrict and the numerical designation of the subdistrict or at-large area.

6. The provisions of all sections relating to seven-director school districts shall also apply to and govern urban districts in cities of more than three hundred thousand inhabitants, to the extent applicable and not in conflict with the provisions of those sections specifically relating to such urban districts.

7. Vacancies which occur on the school board [between the dates of election shall be filled by special election if such vacancy happens more than six months prior to the time of holding an election as provided in subsection 2 of this section. The state board of education shall order a special election to fill such a vacancy. A letter from the commissioner of education, delivered by certified mail to the election authority

or authorities that would normally conduct an election for school board members shall be the authority for the election authority or authorities to proceed with election procedures. If a vacancy occurs less than six months prior to the time of holding an election as provided in subsection 2 of this section, no special election shall occur and the vacancy shall be filled at the next election day on which local elections are held as specified in the charter of any home rule city with more than four hundred thousand inhabitants and located in more than one county] **shall be filled in the manner provided in section 162.471**"; and

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-FOURTH DAY - FRIDAY, MAY 5, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Roberts offered the following prayer:

As we approach the final week of this legislative session, we come with humble hearts, seeking guidance and wisdom. We are thankful for the opportunity to serve the people of our great state and for the privilege of working together for the common good. As we look back on the work we have done over the past weeks and months, we recognize that there have been times of disagreement and conflict. We ask forgiveness for any actions or words that may have caused harm or division. And as we approach our final week, we pray that You would help us to put our differences aside and to work together in unity and harmony. Give us the strength and courage to finish strong, to press on towards our goals with determination and resolve. May our actions and decisions be guided by love and wisdom, and may they reflect our commitment to the well-being of all our constituents. We pray for blessings on our state, for the prosperity and peace of our communities and for the health and well-being of all our citizens. May Your light shine upon us, illuminating our path and guiding us toward a brighter future. We offer this prayer in Your holy name, with gratitude for Your presence in our lives. Amen.

The Pledge of Allegiance to the Flag was recited.

CONCURRENT RESOLUTION

Senator May offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 19

Whereas, the United States economy is today plagued by a growing gap between the rich and the non-rich; by a global recession and credit crisis; by debilitating waste and under-employment of human talent; by inadequate growth alongside shackled technological potential; by record-level trade and governmental budget deficits; and by an estimated "hidden debt" of fifty-six trillion dollars, or four hundred eighty-three thousand dollars per household, in future Social Security and Medicare entitlements, added to historically high federal debt being imposed on young Americans and generations not yet born; and

Whereas, the sustainable growth and energy self-sufficiency of the American economy in the twenty-first century will require trillions of dollars each year of new and improved, life-enhancing technology, rentable space and physical infrastructure; and

Whereas, the Joint Economic Committee of Congress, as early as 1977, has declared broad-based ownership of new capital as an effective strategy for raising national productivity; and

Whereas, the national goals of equal economic opportunity and widespread capital ownership have been blocked by artificial barriers erected in monetary, tax, and inheritance policies; and

Whereas, this policy objective has been frustrated by the systemic concentration of economic power and exclusionary access to future capital credit to the advantage of the wealthiest Americans; and

Whereas, the Federal Reserve System has stifled the growth of America's productive capacity through its monetary policy, by monetizing public-sector growth and mounting federal deficits and bailouts of mortgage loan sharks and their Wall Street syndicators; by favoring speculation over investment; by shortchanging the capital credit needs of entrepreneurs, inventors, farmers and workers; by increasing the

dependency of families by burdening them with usurious consumer credit; and by perpetuating unjust capital credit and ownership barriers between rich Americans and those without savings; and

Whereas, there is a fundamental difference between asset-backed credit for productive uses and debt-backed credit for non-productive uses, consumption, or speculation; the first being critical for stimulating private sector investment, savings, and the supply of new marketable wealth, and the second being used to give people more inflated dollars to chase the same supply of existing wealth; and

Whereas, the Federal Reserve Board is now empowered under section 13, paragraph 2 of the Federal Reserve Act to reform monetary policy to discourage non-productive and speculative uses of credit, to encourage accelerated rates of private sector growth, and to promote widespread individual access to productive credit as a fundamental right of citizenship:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby call on the U.S. Congress to enact the proposed Economic Democracy Act as a national "just free market" policy to foster life-long capital ownership self-sufficiency as a fundamental right of citizenship and as a means to achieve true economic independence for all citizens; and

Be It Further Resolved that the Act would amend the Federal Reserve Act (1) to require the Federal Reserve Board to stop monetizing government debt through its buying and selling of U.S. Treasury securities, (2) to begin re-activating its discount mechanism through its twelve regional Federal Reserve Banks to encourage sustainable, non-inflationary private sector growth linked to lifetime equal capital ownership opportunities for every American, and (3) for each regional Federal Reserve bank to provide an equal ownership share to the permanent residents they serve; and

Be It Further Resolved that the Act would simplify today's complex and inequitable tax system by substituting a single-rate tax on non-exempt personal incomes from all sources above a living income exemption, while:

1. Paying from general revenues all entitlements, welfare supports, and other government spending at present levels, while fulfilling all current Social Security and Medicare obligations;
2. Eliminating the payroll tax on workers and employers;
3. Taxing the individual recipient of all gifts and inheritances above a determined level to encourage extremely wealthy citizens to spread out their wealth or estates among many citizens;
4. Making dividend payouts deductible to corporations, to promote one hundred percent distributions to shareholders and accelerate citizen capital loan repayments; and
5. Balancing the budget and paying off federal government debt as quickly as possible; and

Be It Further Resolved that the General Assembly petitions the Federal Reserve Board to adopt a two-tiered money-creation and credit policy that sharply distinguishes between ownership-expanding productive credit, and ownership-concentrating, nonproductive and speculative uses of credit. The upper tier, reflecting the higher market costs of borrowing "old money" from existing domestic and foreign savings pools and existing assets, should continue to be maintained as a source of market-rate credit to public-sector borrowers, consumers, speculators, and for all other nonproductive purposes. The Federal Reserve discount rate for the lower tier should be reduced to no higher than one-half percent as a one-time "service fee" for creating interest-free capital credit and money backed by broadly owned capital assets. This new reservoir of Federal Reserve monetized capital credit should be reserved exclusively for capital credit borrowers through Federal Reserve regulated commercial and cooperative banks. Citizens' tax-sheltered "Capital Ownership Accounts", similar to Individual Retirement Accounts, or "IRAs", would receive insured capital credit at reasonable bank service charges covering capital credit insurance premiums. Such expanded bank credit should not be subsidized by the taxpayers, and should be backed and collateralized by the newly acquired assets and private sector credit insurance to cover the risk of default. Such ownership-broadening capital credit borrowed through local commercial and cooperative banks could be invested in "qualified" securities such as newly issued, full-dividend payout, full voting shares in a company for which a member of the citizen's household works; companies in which the citizen's household has a monthly billing account; Employee Stock Ownership Plans; and Homeowners Equity Corporations for turning renters into owners; production and marketing

cooperatives and partnerships; family-owned and -operated businesses and farms; and mature companies with a history of solid earnings. In order to finance new infrastructure and land development, Citizens Land Development Cooperatives could receive fed-monetized capital credit through local commercial and cooperative banks on behalf of every permanent resident in their jurisdictions. Every child, woman, and man in the area covered by a CLDC would receive a free, full dividend-payout, full voting, non-transferable share, entitling them to an equal share of leasing profits and voting control in the CLDC; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President of the United States, each member of the Missouri Congressional delegation, and the Board of Governors of the Federal Reserve System.

SENATE AMENDMENT NO. 1

Amend Senate Substitute No. 3 for House Committee Substitute for House Bill No. 268, Page 18, Section 135.1350, Line 168, by inserting after all of said line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December 31, 2023**, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2024, the assessor shall annually assess all personal property at thirty-two and eight-tenths percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and

forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured

home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. **(1) To determine the true value in money for motor vehicles**, the assessor of each county and each city not within a county shall use the [trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.] **trade-in value published in the current or any of the three immediately previous years' October issue of a nationally recognized automotive trade publication selected by the state tax commission. The assessor shall not use a value that is greater than the average trade-in value for such motor vehicle in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than the average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which, in the assessor's judgment, will fairly estimate the true value in money of the motor vehicle.**

(2) For all tax years beginning on or after January 1, 2025, the assessor shall apply the following depreciation schedule to the trade-in value of the motor vehicle as determined pursuant to subdivision (1) of this subsection:

Years since manufacture	Percent Depreciation
Current	15
1	25
2	32.5
3	39.3
4	45.3
5	50.8
6	55.7
7	60.1

8	64.1
9	67.7
10	71
11	75.2
12	79.2
13	83.2
14	87.2
15	90
Greater than 15	Minimum value of \$300

Notwithstanding the provisions of this subdivision to the contrary, in no case shall the assessed value of a motor vehicle, as depreciated pursuant to this subdivision, be less than three hundred dollars.

(3) To implement the provisions of this subsection without large variations from the method in effect prior to January 1, 2024, the assessor shall assume that the last valuation tables used prior to October 1, 2024, are fair valuations and these valuations shall be depreciated from the table provided in subdivision (2) of this subsection until the end of their useful life. The state tax commission shall secure an annual appropriation from the general assembly for the publication used pursuant to subdivision (1) of this subsection. The state tax commission or the state of Missouri shall be the registered user of the publication with rights to allow all assessors access to the publication. The publication shall be available to all assessors by December fifteenth of each year.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property

via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 14 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Senator McCreery offered **SA 2**:

SENATE AMENDMENT NO. 2

Amend Senate Substitute No. 3 for House Committee Substitute for House Bill No. 268, Page 1, Section A, Line 7, by inserting after all of said line the following:

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

- (a) An area that is not part of a standard metropolitan statistical area;
- (b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or
- (c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period

for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each

fiscal year. For any fiscal year in which the total amount of tax credits authorized for programs approved pursuant to section 32.111 is less than ten million dollars, such amount not authorized may be authorized for programs approved pursuant to section 32.112 during the same fiscal year, provided that the total combined amount of tax credits for programs approved pursuant to sections 32.111 and 32.112 during the fiscal year does not exceed eleven million dollars.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.”; and

Further amend the title and enacting clause accordingly.

Senator McCreery moved that the above amendment be adopted, which motion prevailed.

(2) “Child care desert”, a census tract that has a poverty rate of at least twenty percent or a median family income of less than eighty percent of the statewide average and where at least five hundred people or thirty-three percent of the population are located at least one-half mile away from a child care provider in urbanized areas or at least ten miles away in rural areas;

(5) “Department”, the Missouri department of economic development;

(6) “Person related to the taxpayer”, an individual connected with the taxpayer by blood, adoption, or marriage, or an individual, corporation, partnership, limited liability company, trust, or association controlled by, or under the control of, the taxpayer directly, or through an individual, corporation, limited liability company, partnership, trust, or association under the control of the taxpayer;

(7) “Rural area”, a town or community within the state that is not within a metropolitan statistical area and has a population of six thousand or fewer inhabitants as determined by the last preceding federal decennial census or any unincorporated area not within a metropolitan statistical area;

(8) “State tax liability”, in the case of a business taxpayer, any liability incurred by such taxpayer under chapter 143 and chapter 148, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265 and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer under chapter 143;

(9) “Tax credit”, a credit against the taxpayer’s state tax liability;

(10) “Taxpayer”, a corporation as defined in section 143.441 or 143.471, any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable

income, if any, would be subject to the state income tax imposed under chapter 143, or individuals or partnerships subject to the state income tax imposed by the provisions of chapter 143.

3. For all tax years beginning on or after January 1, 2023, a taxpayer may claim the tax credit authorized in this section against the taxpayer's state tax liability for the tax year in which a verified contribution was made in an amount up to seventy-five percent of the verified contribution to a child care provider. Any tax credit issued shall not be less than one hundred dollars and shall not exceed two hundred thousand dollars per tax year.

(1) The child care provider receiving a contribution shall, within sixty days of the date it received the contribution, issue the taxpayer a contribution verification and file a copy of the contribution verification with the department. The contribution verification shall be in the form established by the department and shall include the taxpayer's name, taxpayer's state or federal tax identification number or last four digits of the taxpayer's Social Security number, amount of tax credit, amount of contribution, legal name and address of the child care provider receiving the tax credit, the child care provider's federal employer identification number, the child care provider's departmental vendor number or license number, and the date the child care provider received the contribution from the taxpayer. The contribution verification shall include a signed attestation stating the child care provider will use the contribution solely to promote child care.

(2) The failure of the child care provider to timely issue the contribution verification to the taxpayer or file it with the department shall entitle the taxpayer to a refund of the contribution from the child care provider.

4. A donation is eligible when:

(1) The donation is used directly by a child care provider to promote child care for children twelve years of age or younger, including by acquiring or improving child care facilities, equipment, or services, or improving staff salaries, staff training, or the quality of child care;

(2) The donation is made to a child care provider in which the taxpayer or a person related to the taxpayer does not have a direct financial interest; and

(3) The donation is not made in exchange for care of a child or children in the case of an individual taxpayer that is not an employer making a contribution on behalf of its employees.

5. A child care provider that uses the contribution for an ineligible purpose shall repay to the department the value of the tax credit for the contribution amount used for an ineligible purpose.

6. The tax credits authorized by this section shall not be refundable and shall not be transferred, sold, or otherwise conveyed. Any amount of approved tax credits that a taxpayer is prohibited by this subsection from using for the tax year in which the credit is first claimed may be carried back to the taxpayer's immediately prior tax year and carried forward to the taxpayer's subsequent tax year for up to five succeeding tax years.

7. Notwithstanding any provision of subsection 6 of this section to the contrary, a taxpayer that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the

federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt taxpayer may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt taxpayer is not required to file a tax return under the provisions of chapter 143, the exempt taxpayer may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

8. (1) The cumulative amount of tax credits authorized under this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year. A taxpayer shall apply to the department for the child care contribution tax credit by submitting a copy of the contribution verification provided by a child care provider to such taxpayer. Upon receipt of the contribution verification, the department shall issue a tax credit certificate to the applicant.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for contributions made to child care providers located in a child care desert. The director of the department shall publish such adjusted amount.

9. The tax credits allowed under this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

10. All action and communication undertaken or required under this section shall be exempt from section 105.1500.

11. The department may promulgate rules to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

12. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset December 31, 2029, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized under this section expires, or a taxpayer's ability to redeem such tax credits.

135.1325. 1. This section shall be known and may be cited as the "Employer Provided Child Care Assistance Tax Credit Act".

2. For purposes of this section, the following terms shall mean:

(1) "Child care desert", a census tract that has a poverty rate of at least twenty percent or a median family income of less than eighty percent of the statewide average and where at least five hundred people or thirty-three percent of the population are located at least one-half mile away from a child care provider in urbanized areas or at least ten miles away in rural areas;

(4) "Employer matching contribution", a contribution made by the taxpayer to a cafeteria plan, as that term is used in 26 U.S.C. Section 125, of an employee of the taxpayer, that matches a dollar amount or percentage of the employee's contribution to the cafeteria plan, but this term does not include the amount of any salary reduction or other compensation foregone by the employee in connection with the cafeteria plan;

(5) "Qualified child care expenditure", an amount paid of reasonable costs incurred that meet any of the following:

(a) To acquire, construct, rehabilitate, or expand property that will be, or is, used as part of a child care facility that is either operated by the taxpayer or contracted with by the taxpayer and which does not constitute part of the principal residence of the taxpayer or any employee of the taxpayer;

(b) For the operating costs of a child care facility of the taxpayer, including costs relating to the training of employees, scholarship programs, and for compensation to employees;

(c) Under a contract with a child care facility to provide child care services to employees of the taxpayer; or

(d) As an employer matching contribution, but only to the extent such employer matching contribution is restricted by the taxpayer solely for the taxpayer's employee to obtain child care services at a child care facility and is used for that purpose during the tax year;

(6) “Rural area”, a town or community within the state that is not within a metropolitan statistical area and has a population of six thousand or fewer inhabitants as determined by the last preceding federal decennial census or any unincorporated area not within a metropolitan statistical area;

(7) “State tax liability”, in the case of a business taxpayer, any liability incurred by such taxpayer under the provisions of chapter 143 and chapter 148, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265 and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer under the provisions of chapter 143;

(8) “Tax credit”, a credit against the taxpayer’s state tax liability;

(9) “Taxpayer”, a corporation as defined in section 143.441 or 143.471, any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143, or individuals or partnerships subject to the state income tax imposed by the provisions of chapter 143.

3. For all tax years beginning on or after January 1, 2023, a taxpayer may claim a tax credit authorized in this section in an amount equal to thirty percent of the qualified child care expenditures paid or incurred with respect to a child care facility. The maximum amount of any tax credit issued under this section shall not exceed two hundred thousand dollars per taxpayer per tax year.

4. A facility shall not be treated as a child care facility with respect to a taxpayer unless the following conditions have been met:

(1) Enrollment in the facility is open to employees of the taxpayer during the tax year; and

(2) If the facility is the principal business of the taxpayer, at least thirty percent of the enrollees of such facility are dependents of employees of the taxpayer.

5. The tax credits authorized by this section shall not be refundable or transferable. The tax credits shall not be sold, assigned, or otherwise conveyed. Any amount of approved tax credits that a taxpayer is prohibited by this subsection from using for the tax year in which the credit is first claimed may be carried back to the taxpayer’s immediately prior tax year and carried forward to the taxpayer’s subsequent tax year for up to five succeeding tax years.

6. Notwithstanding any provision of subsection 5 of this section to the contrary, a taxpayer that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt taxpayer may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt taxpayer is not required to file a tax return under the provisions of chapter 143, the exempt taxpayer may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue.

The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The cumulative amount of tax credits authorized under this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for qualified child care expenditures for child care facilities located in a child care desert. The director of the department shall publish such adjusted amount.

8. A taxpayer who has claimed a tax credit under this section shall notify the department within sixty days of any cessation of operation, change in ownership, or agreement to assume recapture liability as such terms are defined by 26 U.S.C. Section 45F, in the form and manner prescribed by department rule or instruction. If there is a cessation of operation or change in ownership relating to a child care facility, the taxpayer shall repay the department the applicable recapture percentage of the credit allowed under this section, but this recapture amount shall be limited to the tax credit allowed under this section. The recapture amount shall be considered a tax liability arising on the tax payment due date for the tax year in which the cessation of operation, change in ownership, or agreement to assume recapture liability occurred and shall be assessed and collected under the same provisions that apply to a tax liability under chapter 143 or chapter 148.

9. The tax credit allowed under this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

10. All action and communication undertaken or required under this section shall be exempt from section 105.1500.

11. The department may promulgate rules to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

12. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset December 31, 2029, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized under this section expires, or a taxpayer's ability to redeem such tax credits.

135.1350. 1. This section shall be known and may be cited as the "Child Care Providers Tax Credit Act".

2. For purposes of this section, the following terms shall mean:

(1) "Capital expenditures", expenses incurred by a child care provider, during the tax year for which a tax credit is claimed under this section, for the construction, renovation, or rehabilitation of a child care facility to the extent necessary to operate a child care facility and comply with applicable child care facility regulations promulgated by the department of elementary and secondary education;

(2) "Child care desert", a census tract that has a poverty rate of at least twenty percent or a median family income of less than eighty percent of the statewide average and where at least five hundred people or thirty-three percent of the population are located at least one-half mile away from a child care provider in urbanized areas or at least ten miles away in rural areas;

(3) "Child care facility", a child care facility as defined in section 210.201 that is licensed under section 210.221, or that is unlicensed and that is registered with the department of elementary and secondary education;

(4) "Child care provider", a child care provider as defined in section 210.201 that is licensed under section 210.221, or that is unlicensed and that is registered with the department of elementary and secondary education;

(5) "Department", the department of elementary and secondary education;

(6) "Eligible employer withholding tax", the total amount of tax that the child care provider was required, under section 143.191, to deduct and withhold from the wages it paid to employees during the tax year for which the child care provider is claiming a tax credit under this section, to the extent actually paid;

(7) "Employee", an employee, as that term is used in subsection 2 of section 143.191, of a child care provider who worked for the child care provider for an average of at least ten hours per week for at least a three-month period during the tax year for which a tax credit is claimed under this section and who is not an immediate family member of the child care provider;

(8) "Rural area", a town or community within the state that is not within a metropolitan statistical area and has a population of six thousand or fewer inhabitants as determined by the last

preceding federal decennial census or any unincorporated area not within a metropolitan statistical area;

(9) “State tax liability”, any liability incurred by the taxpayer under the provisions of chapter 143, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265 and related provisions;

(10) “Tax credit”, a credit against the taxpayer’s state tax liability;

(11) “Taxpayer”, a corporation as defined in section 143.441 or 143.471, any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143, or an individual or partnership subject to the state income tax imposed by the provisions of chapter 143.

3. For all tax years beginning on or after January 1, 2024, a child care provider with three or more employees may claim a tax credit authorized in this section in an amount equal to the child care provider’s eligible employer withholding tax, and may also claim a tax credit in an amount up to thirty percent of the child care provider’s capital expenditures. No tax credit for capital expenditures shall be allowed if the capital expenditures are less than one thousand dollars. The amount of any tax credit issued under this section shall not exceed two hundred thousand dollars per child care provider per tax year.

4. To claim a tax credit authorized under this section, a child care provider shall submit to the department, for preliminary approval, an application for the tax credit on a form provided by the department and at such times as the department may require. If the child care provider is applying for a tax credit for capital expenditures, the child care provider shall present proof acceptable to the department that the child care provider’s capital expenditures satisfy the requirements of subdivision (1) of subsection 2 of this section. Upon final approval of an application, the department shall issue the child care provider a certificate of tax credit.

5. The tax credits authorized by this section shall not be refundable and shall not be transferred, sold, assigned, or otherwise conveyed. Any amount of credit that exceeds the child care provider’s state tax liability for the tax year for which the tax credit is issued may be carried back to the child care provider’s immediately prior tax year or carried forward to the child care provider’s subsequent tax year for up to five succeeding tax years.

6. Notwithstanding any provision of subsection 5 of this section to the contrary, a child care provider that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt child care provider may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt child care provider is not required to file a tax return under the provisions of chapter 143, the exempt child care provider may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe

such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The cumulative amount of tax credits authorized under this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for child care providers located in a child care desert. The director of the department shall publish such adjusted amount.

8. The tax credit authorized by this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

9. All action and communication undertaken or required with respect to this section shall be exempt from section 105.1500. Notwithstanding section 32.057 or any other tax confidentiality law to the contrary, the department of revenue may disclose tax information to the department for the purpose of the verification of a child care provider's eligible employer withholding tax under this section.

10. The department may promulgate rules and adopt statements of policy, procedures, forms, and guidelines to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

11. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset December 31, 2029, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized under this section expires, or a taxpayer's ability to redeem such tax credits.

“167.181. 1. **(1)** The department of health and senior services, after consultation with the department of elementary and secondary education, shall promulgate rules and regulations governing the immunization against poliomyelitis, rubella, rubeola, mumps, tetanus, pertussis, diphtheria, and hepatitis B, to be required of children attending public, private, parochial or parish schools. Such rules and regulations may modify the immunizations that are required of children in this subsection. The immunizations required and the manner and frequency of their administration shall conform to recognized standards of medical practice. The department of health and senior services shall supervise and secure the enforcement of the required immunization program.

(2) Neither the department of health and senior services nor any public school districts shall require any student to receive a COVID-19 vaccination or receive a dose of messenger ribonucleic acid.

2. It is unlawful for any student to attend school unless he has been immunized as required under the rules and regulations of the department of health and senior services, and can provide satisfactory evidence of such immunization; except that if he produces satisfactory evidence of having begun the process of immunization, he may continue to attend school as long as the immunization process is being accomplished in the prescribed manner. It is unlawful for any parent or guardian to refuse or neglect to have his child immunized as required by this section, unless the child is properly exempted.

3. This section shall not apply to any child if one parent or guardian objects in writing to his school administrator against the immunization of the child, because of religious beliefs or medical contraindications. In cases where any such objection is for reasons of medical contraindications, a statement from a duly licensed physician must also be provided to the school administrator.

4. Each school superintendent, whether of a public, private, parochial or parish school, shall cause to be prepared a record showing the immunization status of every child enrolled in or attending a school under his jurisdiction. The name of any parent or guardian who neglects or refuses to permit a nonexempted child to be immunized against diseases as required by the rules and regulations promulgated pursuant to the provisions of this section shall be reported by the school superintendent to the department of health and senior services.

5. The immunization required may be done by any duly licensed physician or by someone under his direction. When a child receives his or her immunization, the treating physician may also administer the appropriate fluoride treatment to the child's teeth.

6. Funds for the administration of this section and for the purchase of vaccines for children of families unable to afford them shall be appropriated to the department of health and senior services from general revenue or from federal funds if available.

7. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.”; and

Further amend said bill, Page 6, Section 160.2725, Line 14, by inserting after all of said section and line the following:

“161.243. 1. As used in this section, the following terms mean:

(1) “Early childhood education services”, programming or services intended to effect positive developmental changes in children prior to their entry into kindergarten;

(2) “Private entity”, an entity that meets the definition of a licensed child care provider as defined in section 210.201, license exempt as defined in section 210.211, or that is unlicensed but is contracted with the department of elementary and secondary education.

2. Subject to appropriation, the department of elementary and secondary education shall provide grants directly to private entities for the provision of early childhood education services. The standards prescribed in section 161.213 shall be applicable to all private entities that receive these grant funds.

161.670. 1. Notwithstanding any other law, prior to July 1, 2007, the state board of education shall establish the “Missouri Course Access and Virtual School Program” to serve school-age students residing in the state. The Missouri course access and virtual school program shall offer nonclassroom-based instruction in a virtual setting using technology, intranet, or internet methods of communication. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the Missouri course access and virtual school program pursuant to subsection 3 of this section.

2. (1) For purposes of calculation and distribution of state school aid, students enrolled in the Missouri course access and virtual school program shall be included in the student enrollment of the school district in which the student is enrolled under **the relevant provisions of** subsection 3 of this section[; provided that any such] **for such enrollment**. Student attendance for full-time virtual program students shall only be included in any district pupil attendance calculation under chapter 163 and any charter school pupil attendance calculation under section 160.415, using current-year pupil attendance for such full-time virtual program pupils[; and further provided that]. **The average daily attendance of a full-time virtual student who is engaged in required instructional activities under subsection 4 of this section shall be calculated as if the pupil’s attendance percentage equaled the host district’s or charter school’s prior-year average attendance percentage, and the provisions of section 162.1250 shall not apply to such funding calculation.** In the case of a host school district enrolling one or more full-time virtual school students, such enrolling district shall, **as part of its monthly state allocation**, receive no less under the state aid calculation for such students than an amount equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students. Students residing in Missouri and enrolled in a full-time virtual school program operated by a public institution of higher education in this state shall be counted for a state aid calculation by the department, and the department shall pay, from funds dedicated to state school aid payments made under section 163.031, to such institution an amount

equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students.

(2) The Missouri course access and virtual school program shall report to the district of residence the following information about each student served by the Missouri course access and virtual school program: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The Missouri course access and virtual school program shall promptly notify the resident district when a student discontinues enrollment. A “full-time equivalent student” is a student who is enrolled in the instructional equivalent of six credits per regular term. Each Missouri course access and virtual school program course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate.

(3) Pursuant to an education services plan and collaborative agreement under subsection 3 of this section, full-time equivalent students may be allowed to use a physical location of the resident school district for all or some portion of ongoing instructional activity, and the enrollment plan shall provide for reimbursement of costs of the resident district for providing such access pursuant to rules promulgated under this section by the department.

(4) In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

(5) A full-time virtual school program serving full-time equivalent students shall be considered an attendance center in the host school district and shall participate in the statewide assessment system as defined in section 160.518. The academic performance of students enrolled in a full-time virtual school program shall be assigned to the designated attendance center of the full-time virtual school program and shall be considered in like manner to other attendance centers. The academic performance of any student who disenrolls from a full-time virtual school program and enrolls in a public school or charter school shall not be used in determining the annual performance report score of the attendance center or school district in which the student enrolls for twelve months from the date of enrollment.

(6) For the purposes of this section, a public institution of higher education operating a full-time virtual school program shall be subject to all requirements applicable to a host school district with respect to its full-time equivalent students.

3. (1) A student who resides in this state may enroll in Missouri course access and virtual school program courses of his or her choice as a part of the student’s annual course load each school year, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in a public school, including any charter school; and

(b) Prior to enrolling in any Missouri course access and virtual school program course, a student has received approval from his or her school district or charter school through the procedure described under subdivision (2) of this subsection.

(2) Each school district or charter school shall adopt a policy that delineates the process by which a student may enroll in courses provided by the Missouri course access and virtual school program that is substantially similar to the typical process by which a district student would enroll in courses offered by the school district and a charter school student would enroll in courses offered by the charter school. The policy may include consultation with the school's counselor and may include parental notification or authorization. The policy shall ensure that available opportunities for in-person instruction are considered prior to moving a student to virtual courses. The policy shall allow for continuous enrollment throughout the school year. If the school district or charter school disapproves a student's request to enroll in a course or courses provided by the Missouri course access and virtual school program, the reason shall be provided in writing and it shall be for good cause. Good cause justification to disapprove a student's request for enrollment in a course shall be a determination that doing so is not in the best educational interest of the student, and shall be consistent with the determination that would be made for such course request under the process by which a district student would enroll in a similar course offered by the school district and a charter school student would enroll in a similar course offered by the charter school, except that the determination may consider the suitability of virtual courses for the student based on prior participation in virtual courses by the student. Appeals of any course denials under this subsection shall be considered under a policy that is substantially similar to the typical process by which appeals would be considered for a student seeking to enroll in courses offered by the school district and a charter school student seeking to enroll in courses offered by the charter school.

(3) For students enrolled in any Missouri course access and virtual school program course in which costs associated with such course are to be paid by the school district or charter school as described under this subdivision, the school district or charter school shall pay the content provider directly on a pro rata monthly basis based on a student's completion of assignments and assessments. If a student discontinues enrollment, the district or charter school may stop making monthly payments to the content provider. No school district or charter school shall pay, for any one course for a student, more than the market necessary costs but in no case shall pay more than fourteen percent of the state adequacy target, as defined under section 163.011, as calculated at the end of the most recent school year for any single, year-long course and no more than seven percent of the state adequacy target as described above for any single semester equivalent course.

(4) [For students enrolling in a full-time virtual program, the department of elementary and secondary education shall adopt a policy that delineates the process by which] **(a) A student who lives in this state may enroll in a virtual program of their choice as provided in this subdivision, and the provisions of subdivisions 1 to 3 of this subsection shall not apply to such enrollment in a full-time virtual program.** Each host school district operating a full-time virtual program under this section shall **adopt, operate and implement** [the state] **an enrollment policy**[, subject to] **as specified by** the provisions of this subdivision. [The policy shall:

(a) Require the good faith collaboration of] The student, the student's parent or guardian if the student is not considered homeless, the virtual program, the host district, and the resident district[;] **shall collaborate in good faith to implement the enrollment policy regarding the student's enrollment, and the resident school district and the host school district may mutually agree that the resident district shall offer or continue to offer services for the student under an agreement that includes financial terms for reimbursement by the host school district for the necessary costs of the resident school district providing such services. An enrollment policy specified under this subsection shall:**

[(b)] **a. Require a student's parent or guardian, if the student is not considered homeless, to apply for enrollment in a full time virtual program directly with the virtual program;**

b. Specify timelines for timely participation by the virtual program, the host district, and resident district; provided that the resident district shall provide any relevant information and input on the enrollment within ten business days of notice from the virtual program of the enrollment application;

[(c)] **c.** Include a survey of the reasons for the student's and parent's interests in participating in the virtual program;

[(d)] **d.** Include consideration of available opportunities for in-person instruction prior to enrolling a student in a virtual program;

[(e)] **e.** Evaluate requests for enrollment based on meeting the needs for a student to be successful considering all relevant factors;

[(f)] **f.** Ensure that, for any enrolling student **with a covered disability**, an **individualized** education [services plan and collaborative agreement is] **program and a related services agreement, in cases where such agreement is needed, are** created to provide all services required to ensure a free and appropriate public education, including financial terms for reimbursement by the host district for the necessary costs of any virtual program, school district, or public or private entity providing all or a portion of such services;

[(g)] **g.** Require the virtual program to determine whether an enrolling student will be admitted, based on the enrollment policy, in consideration of all relevant factors and provide the basis for its determination and any service plan for the student, in writing, to the student, the student's parent or guardian, the host district, and the resident district; **and**

[(h)] **h.** Provide a process for reviewing appeals of decisions made under this subdivision[; and].

[(i) Require] **(b)** The department [to] **shall** publish an annual report based on the enrollments and enrollment surveys conducted under this subdivision that provides data at the statewide and district levels of sufficient detail to allow analysis of trends regarding the reasons for participation in the virtual program at the statewide and district levels; provided that no such survey results will be published in a manner that reveals individual student information. The department shall also include, in the annual report, data at the statewide and district levels of sufficient detail to allow detection and analysis of the racial, ethnic, and socio-economic balance of virtual program participation among schools and districts at the statewide and district levels, provided that no such survey results will be published in a manner that reveals individual student information.

(5) In the case of a student who is a candidate for A+ tuition reimbursement and taking a virtual course under this section, the school shall attribute no less than ninety-five percent attendance to any such student who has completed such virtual course.

(6) The Missouri course access and virtual school program shall ensure that individual learning plans designed by certified teachers and professional staff are developed for all students enrolled in more than two full-time course access program courses or a full-time virtual school.

(7) Virtual school programs shall monitor individual student success and engagement of students enrolled in their program[,] **and, for students enrolled in virtual courses on a part-time basis, the virtual school program shall** provide regular student progress reports for each student at least four times per school year to the school district or charter school, provide the host school district and the resident school district ongoing access to academic and other relevant information on student success and engagement, and shall terminate or alter the course offering if it is found the course [or full-time virtual school] is not meeting the educational needs of the students enrolled in the course.

(8) The department of elementary and secondary education shall monitor the aggregate performance of providers and make such information available to the public under subsection 11 of this section.

(9) Pursuant to rules to be promulgated by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access and virtual school program shall be accepted by the school district or charter school.

(10) Pursuant to rules to be promulgated by the department of elementary and secondary education, if a student transfers into a school district or charter school while enrolled in a Missouri course access and virtual school program course or full-time virtual school, the student shall continue to be enrolled in such course or school.

(11) Nothing in this section shall prohibit home school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access and virtual school program courses under an agreement that includes terms for paying tuition or course fees.

(12) Nothing in this subsection shall require any school district, charter school, virtual program, or the state to provide computers, equipment, or internet access to any student unless required under the education services plan created for an eligible student under subdivision (4) of this subsection or for an eligible student with a disability to comply with federal law. An education services plan may require an eligible student to have access to school facilities of the resident school district during regular school hours for participation and instructional activities of a virtual program under this section, and the education services plan shall provide for reimbursement of the resident school district for such access pursuant to rules adopted by the department under this section.

(13) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is

necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(14) Courses approved as of August 28, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the Missouri course access and virtual school program, but shall be subject to periodic renewal.

(15) Any online course or virtual program offered by a school district or charter school, including those offered prior to August 28, 2018, which meets the requirements of section 162.1250 shall be automatically approved to participate in the Missouri course access and virtual school program. Such course or program shall be subject to periodic renewal. A school district or charter school offering such a course or virtual school program shall be deemed an approved provider.

(16) A host district may contract with a provider to perform any required services involved with delivering a full time virtual education.

4. (1) As used in this subsection, the term “instructional activities” means classroom-based or nonclassroom-based activities that a student shall be expected to complete, participate in, or attend during any given school day, such as:

- (a) Online logins to curricula or programs;
- (b) Offline activities;
- (c) Completed assignments within a particular program, curriculum, or class;
- (d) Testing;
- (e) Face-to-face communications or meetings with school staff;
- (f) Telephone or video conferences with school staff;
- (g) School-sanctioned field trips; or
- (h) Orientation.

(2) A full-time virtual school shall submit a notification to the parent or guardian of any student who is not consistently engaged in instructional activities.

(3) Each full-time virtual school shall develop, adopt, and post on the school’s website a policy setting forth the consequences for a student who fails to complete the required instructional activities. Such policy shall state, at a minimum, that if a student fails to complete the instructional activities after receiving a notification under subdivision (2) of this subsection, and after reasonable intervention strategies have been implemented, that the student shall be subject to certain consequences which may include disenrollment from the school. Prior to any disenrollment, the parent or guardian shall have the opportunity to present any information that the parent deems relevant, and such information shall be considered prior to any final decision.

(4) If a full-time virtual school disenrolls a student under subdivision (3) of this subsection, the school shall immediately provide written notification to such student's school district of residence. The student's school district of residence shall then provide to the parents or guardian of the student a written list of available educational options and promptly enroll the student in the selected option. Any student disenrolled from a full-time virtual school shall be prohibited from reenrolling in the same virtual school for the remainder of the school year.

(5) For the purpose of subsection 2 of this section, the average daily attendance of a full-time virtual student who is completing required instructional activities under this subsection shall be calculated as if the pupil's attendance percentage equaled the host district's or charter school's prior-year average attendance percentage.

5. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent handbook, registration documents, and featured on the home page of the school district or charter school's website.

6. The department shall:

(1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;

(2) Pursuant to the time line established by the department, authorize course or full-time virtual school providers that:

(a) Submit all necessary information pursuant to the requirements of the process; and

(b) Meet the criteria described in subdivision (3) of this subsection;

(3) Review, pursuant to the authorization process, proposals from providers to provide a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align to state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level;

(4) Within thirty days of any denial, provide a written explanation to any course or full-time virtual school providers that are denied authorization;

(5) Allow a course or full-time virtual school provider denied authorization to reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure

that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), annual performance report (APR), teacher certification, curriculum standards, audit requirements under chapter 165, access to public records under chapter 610, and school accountability report cards under section 160.522. Teachers and administrators employed by a virtual provider shall be considered to be employed in a public school for all certification purposes under chapter 168.

10. The department shall submit and publicly publish an annual report on the Missouri course access and virtual school program and the participation of entities to the governor, the chair and ranking member of the senate education committee, and the chair and ranking member of the house of representatives elementary and secondary education committee. The report shall at a minimum include the following information:

(1) The annual number of unique students participating in courses authorized under this section and the total number of courses in which students are enrolled in;

(2) The number of authorized providers;

(3) The number of authorized courses and the number of students enrolled in each course;

(4) The number of courses available by subject and grade level;

(5) The number of students enrolled in courses broken down by subject and grade level;

(6) Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level per provider. This outcome data shall be published in a manner that protects student privacy;

(7) The costs per course;

(8) Evaluation of in-school course availability compared to course access availability to ensure gaps in course access are being addressed statewide.

11. (1) The department shall be responsible for creating the Missouri course access and virtual school program catalog providing a listing of all courses authorized and available to students in the state, detailed information, including costs per course, about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments.

(2) On or before January 1, 2023, the department shall publish on its website, and distribute to all school districts and charter schools in this state, a guidance document that details the options for virtual course access and full-time virtual course access for all students in the state. The guidance document shall include a complete and readily understood description of the applicable enrollment processes including the opportunity for students to enroll and the roles and responsibilities of the student, parent, virtual provider, school district or districts, and charter schools, as appropriate. The guidance document shall be

distributed in written and electronic form to all school districts, charter schools, and virtual providers. School districts and charter schools shall provide a copy of the guidance document to every pupil and parent or legal guardian of every pupil enrolled in the district or charter school at the beginning of each school year and upon enrollment for every pupil enrolling at a different time of the school year. School districts and charter schools shall provide a readily viewable link to the electronic version of the guidance document on the main page of the district's or charter school's website.

12. The state board of education through the rulemaking process and the department of elementary and secondary education in its policies and procedures shall ensure that multiple content providers and learning management systems are allowed, ensure digital content conforms to accessibility requirements, provide an easily accessible link for providers to submit courses or full-time virtual schools on the Missouri course access and virtual school program website, and allow any person, organization, or entity to submit courses or full-time virtual schools for approval. No content provider shall be allowed that is unwilling to accept payments in the amount and manner as described under subdivision (3) of subsection 3 of this section or does not meet performance or quality standards adopted by the state board of education.

13. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

163.063. 1. As used in this section, the following words mean:

(1) "Nonresident pupil", a child who:

(a) At the time such child is admitted to a residential care facility, is domiciled in one school district in Missouri but resides in a residential care facility located in another school district in Missouri as a result of placement arranged by or approved by the department of mental health or the department of social services or placement arranged by or ordered by a court of competent jurisdiction;

(b) Receives care or treatment in such residential care facility that is not within the school district in which the child's domicile is located;

(c) Is unable to attend school in either the school district in which such domicile is located or the school district in which such residential care facility is located because such child:

a. May be a safety risk; or

b. Has behavioral conditions that support the need to educate such child on such residential care facility's site or campus; and

(d) Is being provided all required educational services within such residential care facility;

(2) “Residential care facility”, any residential care facility required to be licensed under sections 210.481 to 210.536, or a similar facility.

2. For purposes of calculating federal aid and state aid distributions for nonresident pupils pursuant to the provisions of this chapter, a nonresident pupil who receives all of such pupil’s required educational services on-site at a residential care facility shall be included in the average daily attendance of the following school district that results in the greatest total amount of state and federal aid to the district in which the residential care facility is located:

**(1) The school district of such pupil’s domicile prior to placement in a residential care facility;
or**

(2) The school district of such pupil’s residence following placement in a residential care facility.

3. Any educational costs incurred by a residential care facility that are not remitted under this section may be reimbursed as provided in section 167.126.

4. Educational costs incurred by a residential care facility for a child who was not enrolled in a school district in Missouri at the time the child was admitted to such residential care facility shall be reimbursed as provided in section 167.126.

5. No provision of this section shall be construed to prevent a residential care facility and a school district from mutually agreeing to a financial arrangement that deviates from the provisions of this section.

167.019. 1. **(1)** A child-placing agency, as defined under section 210.481, shall promote educational stability for foster care children by considering the child’s school attendance area when making placement decisions. The foster care pupil shall have the right to remain enrolled in and attend his or her school of origin pending resolution of school placement disputes or to return to a previously attended school in an adjacent district.

(2) In the event that a best interest determination is not completed within ten days of a child’s being placed in a foster care placement that is located in a school district other than the child’s domicile school district prior to such placement, it shall be deemed that enrollment in the school district where the child resides as a result of such placement shall be in the best interest of the child for the purpose of the required best interest determination. This subdivision shall apply only to cases where the distance between the child’s residential address as a result of the foster care placement and the school building that was the child’s previous school in their domicile district is more than ten miles, or fifteen miles if the child is receiving service from a special school district established under the provisions of sections 162.670 to 162.999.

2. Each school district shall accept for credit full or partial course work satisfactorily completed by a pupil while attending a public school, nonpublic school, or nonsectarian school in accordance with district policies or regulations.

3. If a pupil completes the graduation requirements of his or her school district of residence while under the jurisdiction of the juvenile court as described in chapter 211, the school district of residence shall issue a diploma to the pupil.

4. School districts shall ensure that if a pupil in foster care is absent from school due to a decision to change the placement of a pupil made by a court or child placing agency, or due to a verified court appearance or related court-ordered activity, the grades and credits of the pupil shall be calculated as of the date the pupil left school, and no lowering of his or her grades shall occur as a result of the absence of the pupil under these circumstances.

5. School districts, subject to federal law, shall be authorized to permit access of pupil school records to any child placing agency for the purpose of fulfilling educational case management responsibilities required by the juvenile officer or by law and to assist with the school transfer or placement of a pupil.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

167.126. 1. **(1) The following children shall have the right to educational services as provided in subdivision (2) of this section:**

(a) Children who are admitted to programs or facilities of the department of mental health [or]; **and**

(b) Children whose domicile is one school district in Missouri but who reside in another school district in Missouri as a result of:

a. Placement arranged by or approved by the department of mental health[,] **or** the department of social services [or];

b. Placement arranged by or ordered by a court of competent jurisdiction; **or**

c. Admittance under a physician's order because of a determination of medical necessity for a diagnosed mental illness.

(2) Children described in subdivision (1) of this subsection shall have a right to be provided the educational services as provided by law and shall not be denied admission to any appropriate regular public school or special school district program or program operated by the state board of education, as the case may be, where the child actually resides because of such admission or placement; provided, however, that nothing in this section shall prevent the department of mental health, the department of social services or a court of competent jurisdiction from otherwise providing or procuring educational services for such child.

2. Each school district or special school district constituting the domicile of any child for whom educational services are provided or procured under this section shall pay toward the per-pupil costs for educational services for such child. A school district which is not a special school district shall pay an amount equal to the average sum produced per child by the local tax effort of the district of domicile. A special school district shall pay an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts.

3. When educational services have been provided by the school district or special school district in which a child actually resides, including a child who temporarily resides in a children's hospital licensed under chapter 197 **or a psychiatric residential treatment facility**, for rendering health care services to children under the age of eighteen for more than three days, other than the district of domicile, the amounts as provided in subsection 2 of this section for which the domiciliary school district or special school district is responsible shall be paid by such district directly to the serving district. The school district, or special school district, as the case may be, shall send a written voucher for payment to the regular or special district constituting the domicile of the child served and the domiciliary school district or special school district receiving such voucher shall pay the district providing or procuring the services an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts. In the event the responsible district fails to pay the appropriate amount to the district within ninety days after a voucher is submitted, the state department of elementary and secondary education shall deduct the appropriate amount due from the next payments of any state financial aid due that district and shall pay the same to the appropriate district.

4. In cases where a child whose domicile is in one district is placed in programs or facilities operated by the department of mental health or resides in another district pursuant to assignment by that department [or], is placed by the department of social services or a court of competent jurisdiction into any type of publicly contracted residential site in Missouri, **or is admitted under a physician's order because of a determination of medical necessity for a diagnosed mental illness**, the department of elementary and secondary education shall, as soon as funds are appropriated, pay the serving district from funds appropriated for that purpose the amount by which the per-pupil costs of the educational services exceeds the amounts received from the domiciliary district except that any other state money received by the serving district by virtue of rendering such service shall reduce the balance due.

5. Institutions providing a place of residence for children whose parents or guardians do not reside in the district in which the institution is located shall have authority to enroll such children in a program in the district or special district in which the institution is located and such enrollment shall be subject to the provisions of subsections 2 and 3 of this section. The provisions of this subsection shall not apply to placement authorized pursuant to subsection 1 of this section or if the placement occurred for the sole purpose of enrollment in the district or special district. "Institution" as used in this subsection means a facility organized under the laws of Missouri for the purpose of providing care and treatment of juveniles.

6. Children residing in institutions providing a place of residence for three or more such children whose domicile is not in the state of Missouri may be admitted to schools or programs provided on a contractual basis between the school district, special district or state department or agency and the proper department or agency, or persons in the state where domicile is maintained. Such contracts shall not be permitted to

place any financial burden whatsoever upon the state of Missouri, its political subdivisions, school districts or taxpayers.

7. For purposes of this section the domicile of the child shall be the school district where the child would have been educated if the child had not been placed in a different school district. No provision of this section shall be construed to deny any child domiciled in Missouri appropriate and necessary, gratuitous public services.

8. For the purpose of distributing state aid under section 163.031, a child receiving educational services provided by the district in which the child actually resides, other than the district of domicile, shall be included in average daily attendance, as defined under section 163.011, of the district providing the educational services for the child.

9. Each school district or special school district where the child actually resides, other than the district of domicile, may receive payment from the department of elementary and secondary education, in lieu of receiving the local tax effort from the domiciliary school district. Such payments from the department shall be subject to appropriation and shall only be made for children that have been placed in a school other than the domiciliary school district by a state agency [or], a court of competent jurisdiction, **or by being admitted under a physician's order because of a determination of medical necessity for a diagnosed mental illness** and from whom excess educational costs are billed to the department of elementary and secondary education.

205.565. The department of social services **and the department of elementary and secondary education** may, subject to appropriation, use, administer and dispose of any gifts, grants, or in-kind services and may award grants to qualifying entities to carry out the caring communities program.

210.1360. 1. Any personally identifiable information regarding any child under eighteen years of age receiving child care from any provider or applying for or receiving any services through a state program shall not be subject to disclosure except as otherwise provided by law.

2. This section shall not prohibit any state agency from disclosing personally identifiable information to any governmental entity or its agents, vendors, grantees, and contractors in connection to matters relating to its official duties. The provisions of this section shall not apply to any state, county, or municipal law enforcement agency acting in its official capacity.

3. This section shall not prevent a parent or legal guardian from accessing the parent's or legal guardian's child's records.”; and

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SIXTH DAY - TUESDAY, MAY 9, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Schroer offered the following prayer:

Oh, Lord Almighty, hear our plea. As we gather here, we bow to Thee. We ask for guidance in this hour, and blessings on each legislative power. The wars abroad, they rage on still. Give strength to those with righteous will. May they fight for freedom's call, and bring an end to tyranny's thrall. In St. Louis, violence reigns, terrorizing the streets and causing pains. We pray for peace to come at last, and safety for those who face the blast. The officers who serve and protect are often left to face neglect. We ask that You shield them from harm, and grant a legislature that listens to the voice sounding the alarm. Lord, we ask for courage and might to resist special interests' blight. May we work for the greater good and serve our constituents as we should. May Your love and mercy guide us on our way, as we go forth to serve and live each day. With hearts filled with gratitude and praise, we lift our voices in thanksgiving and offer our humble ways. In Jesus' name, Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Photographers from the Columbia Missourian, Nexstar Media Group, St. Louis Public Radio, and KOMU 8 were given permission to take pictures in the Senate Chamber.

PETITIONS

Senator Schroer submitted the following:

Petition to the Honorable Members of the Missouri Senate,

We, the undersigned, bring to your attention the dire state of the St. Louis City Police Department (SLMPD) and its employees. We urge you to take action to establish State Control of the SLMPD and its employees.

The Ethical Society of Police stands in complete favor of State Control of the SLMPD and its employees. The current situation, where the department is under local control by the city government, has led to the loss of numerous good officers due to poor working conditions. This has left the department severely understaffed, leading to a rise in crime rates and putting the safety of citizens at risk.

It is clear that the city government has prioritized funding social service programs over supporting the St. Louis City Police Department (SLMPD). While social service programs are essential, they do not share nor work hand in hand with patrol officers. The city has diverted funds from the patrol budget, but the community has not seen positive results from these reinvestment. Instead, there has been a significant rise in crime rates, leading to a less safe and secure city.

Over the past 10 years, the local government has failed to provide any type of crime prevention plan or to adopt national practices pertaining to crime or policing. Instead, invoices for services and equipment have gone unpaid, and training has become a thing of the past. Recruiting efforts are nonexistent, and there is a lack of respect for SLMPD personnel, both civilian and commissioned. This has resulted in a demoralized police force, leading to an increase in crime rates.

The SLMPD should not be faced with the option of abandoning the city they love or increasing danger on the job. The city has reallocated funds intended for police patrol. The city has failed to pay bills relating to the police department, causing commanders to be subjected to collection phone calls from vendors pertaining to non-payment by the city. Violent crime has soared, and the city continues to top the most dangerous cities list.

The current level of 911 calls almost double the amount of city residences while the city fails to invest in 911 dispatchers, leaving calls to go unanswered, and people's lives at risk. The patrol budget has been gutted, leading to an understaffed and overworked police force.

We implore the Missouri Senate to take immediate action to establish State Control of the SLMPD and its employees. This will ensure that the department is adequately staffed, trained, and equipped to provide effective policing services to the citizens of St. Louis. We believe that this will lead to a safer and more secure city, which is in the best interest of all citizens.

Thank you for your attention to this matter.

Sincerely,
Donny Walters, President
The Ethical Society of Police
Representing 260 Police Officers

Such exempt taxpayer may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt taxpayer is not required to file a tax return under the provisions of chapter 143, the exempt taxpayer may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The cumulative amount of tax credits authorized under this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for qualified child care expenditures for child care facilities located in a child care desert. The director of the department shall publish such adjusted amount.

8. A taxpayer who has claimed a tax credit under this section shall notify the department within sixty days of any cessation of operation, change in ownership, or agreement to assume recapture liability as such terms are defined by 26 U.S.C. Section 45F, in the form and manner prescribed by department rule or instruction. If there is a cessation of operation or change in ownership relating to a child care facility, the taxpayer shall repay the department the applicable recapture percentage of the credit allowed under this section, but this recapture amount shall be limited to the tax credit allowed under this section. The recapture amount shall be considered a tax liability arising on the tax payment due date for the tax year in which the cessation of operation, change in ownership, or agreement to assume recapture liability occurred and shall be assessed and collected under the same provisions that apply to a tax liability under chapter 143 or chapter 148.

9. The tax credit allowed under this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

10. All action and communication undertaken or required under this section shall be exempt from section 105.1500.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

12. Under section 23.253 of the Missouri sunset act:

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized under this section expires, or a taxpayer's ability to redeem such tax credits.

2. For purposes of this section, the following terms shall mean:

(1) "Capital expenditures", expenses incurred by a child care provider, during the tax year for which a tax credit is claimed under this section, for the construction, renovation, or rehabilitation of a child care facility to the extent necessary to operate a child care facility and comply with applicable child care facility regulations promulgated by the department of elementary and secondary education;

(2) "Child care desert", a census tract that has a poverty rate of at least twenty percent or a median family income of less than eighty percent of the statewide average and where at least five hundred people or thirty-three percent of the population are located at least one-half mile away from a child care provider in urbanized areas or at least ten miles away in rural areas;

No tax credit for capital expenditures shall be allowed if the capital expenditures are less than one thousand dollars. The amount of any tax credit issued under this section shall not exceed two hundred thousand dollars per child care provider per tax year.

Upon final approval of an application, the department shall issue the child care provider a certificate of tax credit.

5. The tax credits authorized by this section shall not be refundable and shall not be transferred, sold, assigned, or otherwise conveyed. 6. Notwithstanding any provision of subsection 5 of this section to the contrary, a child care provider that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt child care provider may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt child care provider is not required to file a tax return under the provisions of chapter 143, the exempt child care provider may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. 7. (1) The cumulative amount of tax credits authorized under this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for child care providers located in a child care desert. The director of the department shall publish such adjusted amount.

8. The tax credit authorized by this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

9. All action and communication undertaken or required with respect to this section shall be exempt from section 105.1500. Notwithstanding section 32.057 or any other tax confidentiality law to the contrary, the department of revenue may disclose tax information to the department for the purpose of the verification of a child care provider's eligible employer withholding tax under this section.

10. The department may promulgate rules and adopt statements of policy, procedures, forms, and guidelines to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. 2. If, after the debt waiver has been in effect beyond the free-look period, the borrower cancels the debt waiver or there is an early termination of the finance agreement, the borrower may be entitled to a refund of the amount the borrower paid of the unearned portion of the purchase price, if any, less a cancellation fee up to seventy-five dollars, if no benefit has been or will be provided.

3. If the cancellation of a debt waiver occurs as a result of a default under the finance agreement, the repossession of the motor vehicle associated with the finance agreement, or any other termination of the finance agreement, any refund due may be paid directly to the creditor or

administrator and applied as a reduction of the amount owed under the finance agreement unless the borrower can show that the finance agreement has been paid in full.

407.2055. 1. Debt waivers offered by state or federal banks or credit unions in compliance with applicable state or federal law shall be exempt from the provisions of sections 407.2020 to 407.2090.

2. The provisions of sections 407.2045 and 407.2080 shall not apply to debt waivers offered in connection with commercial transactions.

407.2065. 1. A provider may, but is not required to, use an administrator or other designee to be responsible for any and all of the administration of vehicle value protection agreements in compliance with the provisions of sections 407.2020 to 407.2090.

2. Vehicle value protection agreements shall not be sold unless the contract holder has been or will be provided access to a copy of the vehicle value protection agreement within a reasonable time.

3. In order to assure the faithful performance of the provider’s obligations to its contract holders, each provider shall comply with subdivision (1) or (2) of this subsection, as follows:

(1) In order to satisfy the requirements of this subsection under this subdivision, the provider shall insure all its vehicle value protection agreements under an insurance policy that pays or reimburses in the event the provider fails to perform its obligations under the vehicle value protection agreement and that is issued by an insurer who is licensed, registered, or otherwise authorized to do business in this state and who:

(a) Maintains surplus as to policyholders and paid-in capital of at least fifteen million dollars;

(b) Upon request, provide the attorney general with a copy of the provider's or the provider's parent company's most recent Form 10-K or Form 20-F filed with the Securities and Exchange Commission (SEC) within the last calendar year or, if the company does not file with the SEC, a copy of the company's audited financial statements, which show a net worth of the provider or its parent company of at least one hundred million dollars. If the provider's parent company's Form 10-K, Form 20-F, or financial statements are filed to meet the provider's financial security requirement, the parent company shall agree to guarantee the obligations of the provider relating to vehicle value protection agreements sold by the provider in this state.

4. Except for the requirements specified in subsection 3 of this section, no other financial security requirements shall be required for vehicle value protection agreement providers.

407.2070. Vehicle value protection agreements shall disclose in writing and in clear, understandable language that is easy to read the following:

(7) A statement that any extension of credit, terms of the credit, or terms of the related motor vehicle sale or lease shall not be conditioned upon the purchase of the vehicle value protection agreement;

(8) The terms, restrictions, or conditions governing cancellation of the vehicle value protection agreement before the termination or expiration date of the vehicle value protection agreement by either the provider or the contract holder. The provider of the vehicle value protection agreement shall mail a written notice to the contract holder at the last known address of the contract holder contained in the records of the provider at least five days before cancellation by the provider. Prior notice shall not be required if the reason for cancellation is nonpayment of the provider fee, a material misrepresentation by the contract holder to the provider or administrator, or a substantial breach of duties by the contract holder relating to the covered product or its use. The notice shall state the effective date of the cancellation and the reason for the cancellation. If a vehicle value protection agreement is cancelled by the provider for a reason other than nonpayment of the provider fee, the provider shall refund to the contract holder one hundred percent of the unearned pro rata provider fee paid by the contract holder, if any. If coverage under the vehicle value protection agreement continues after a claim, any refund may deduct claims paid. (2) Impose a penalty of not more than five hundred dollars for each violation of the provisions of sections 407.2020 to 407.2090 and not more than ten thousand dollars in the aggregate for all violations of a similar nature. A violation shall be considered of a similar nature to another violation if the violation consists of the same or similar course of conduct, action, or practice, irrespective of the number of times the action, conduct, or practice that is determined to be a violation of the provisions of sections 407.2020 to 407.2090 occurred.

3. Every consumer legal funding company, at the time of filing a license application, shall pay the sum of five hundred fifty dollars for the period ending the thirtieth day of June next following the date of payment; thereafter, a like fee shall be paid on or before June thirtieth of each year and shall be credited to the division of finance fund established under section 361.170.

5. Every applicant shall also, at the time of filing such application, file a bond satisfactory to the division of finance in an amount not to exceed fifty thousand dollars. 7. To ensure the effective supervision and enforcement of sections 436.550 to 436.572, the director may, under chapter 536:

(1) Deny, suspend, revoke, condition, or decline to renew a license for a violation of sections 436.550 to 436.572, rules issued under sections 436.550 to 436.572, or order or directive entered under sections 436.550 to 436.572;

10. If it appears to the director that any consumer legal funding company is failing, refusing, or neglecting to make a good faith effort to comply with the provisions of sections 436.550 to 436.572, or any laws or rules relating to consumer legal funding, the director may issue an order to cease and desist, which may be enforceable by a civil penalty of not more than one thousand dollars per day for each day that the neglect, failure, or refusal continues. The penalty shall be assessed and collected by the director. In determining the amount of the penalty, the director shall take into account the appropriateness of the penalty with respect to the gravity of the violation, any history of previous violations, and any other matters justice may require.

11. If any consumer legal funding company fails, refuses, or neglects to comply with the provisions of sections 436.550 to 436.572, or of any laws or rules relating to consumer legal funding, its license may be suspended or revoked by order of the director after a hearing before said director on any order to show cause why such order of suspension or revocation should not be entered and that specifies the grounds therefor. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

3. [Upon entering a contract with a participating provider and upon request by a participating provider, a contracting entity shall properly identify any third party that has been granted access to the dental services of the participating provider] **No provider shall be bound by or required to perform health care services under a provider network contract that has been granted to a third party in violation of the provisions of this section.**

4. A contracting entity that sells, assigns, or otherwise grants **a third party** access to [the dental services of] a participating [provider] **provider's health care services** shall maintain an internet website or a toll-free telephone number through which the participating provider may obtain information which identifies the [insurance carrier] **third party** to be used to reimburse the participating provider for the covered [dental] **health care** services.

5. A contracting entity that sells, assigns, or otherwise grants **a third party** access to a participating provider's [dental] **health care** services shall ensure that an explanation of benefits or remittance advice furnished to the participating provider that delivers [dental] **health care** services [under the health care contract] **for the third party** identifies the contractual source of any applicable discount.

6. [All third parties that have contracted with a contracting entity to purchase, be assigned, or otherwise be granted access to the participating provider's discounted rate shall comply with the participating provider's contract, including all requirements to encourage access to the participating provider, and pay the participating provider pursuant to the rates of payment and methodology set forth in that contract, unless otherwise agreed to by a participating provider.

7. A contracting entity is deemed in compliance with this section when the insured's identification card provides information which identifies the insurance carrier to be used to reimburse the participating provider for the covered dental services] **(1) The provisions of this section shall not apply if access to a provider network contract is granted to any entity operating in accordance with the same brand licensee program as the contracting entity or to any entity that is an affiliate of the contracting entity. HOUSE AMENDMENT NO. 7

“8.250. 1. “Project” for the purposes of this chapter means the labor or material necessary for the construction, renovation, or repair of improvements to real property so that the work, when complete, shall be ready for service for its intended purpose and shall require no other work to be a completed system or component.

2. All contracts for projects, the cost of which exceeds twenty-five thousand dollars, entered into by any city containing five hundred thousand inhabitants or more shall be let to the lowest, responsive, responsible bidder or bidders after publication of an advertisement for a period of ten days or more in a newspaper in the county where the work is located, in two daily newspapers in the state which do not have less than fifty thousand daily circulation, and on the website of the city or through an electronic procurement system.

3. All contracts for projects, the cost of which exceeds one hundred thousand dollars, entered into by an officer or agency of this state shall be let to the lowest, responsive, responsible bidder or bidders based on preestablished criteria after publication of an advertisement [for a period of ten days or more in a

newspaper in the county where the work is located, in one daily newspaper in the state which does not have less than fifty thousand daily circulation, and on the website of the officer or agency or through an electronic procurement system] **in a newspaper in the county where the work is located and advertising the invitation for bid through an electronic medium available to the general public for a period of at least five days before bids are to be opened.** For all contracts for projects between twenty-five thousand dollars and one hundred thousand dollars, a minimum of three contractors shall be solicited with the award being made to the lowest responsive, responsible bidder based on preestablished criteria.

4. The number of such public bids shall not be restricted or curtailed, but shall be open to all persons complying with the terms upon which the bids are requested or solicited unless debarred for cause. No contract shall be awarded when the amount appropriated for same is not sufficient to complete the work ready for service.

5. Dividing a project into component labor or material allocations for the purpose of avoiding bidding or advertising provisions required by this section is specifically prohibited.

8.679. When, in the discretion of the public owner, it is determined that a public works project should be performed with a negotiated contract for construction management services, such public owner shall advertise and solicit proposals from qualified construction managers in the following manner: [If the total cost for the erection or construction of any building or structure or the improvement, alteration or repair of a building or structure exceeds five hundred thousand dollars, the public owner shall request and solicit proposals by advertising for ten days in one newspaper of general circulation in the county where the work is located . If the cost of the work contemplated exceeds one million five hundred thousand dollars, proposals shall be solicited by advertisement for ten days in two daily newspapers in the state which have not less than fifty thousand daily circulation in addition to the advertisement] **by advertising in a newspaper in the county where the work is located and by advertising the request for proposals through an electronic medium available to the general public for a period of at least five days before proposals are to be opened.** The number of such proposals shall not be restricted or curtailed, but shall be open to all construction managers complying with the terms upon which the proposals are requested.

8.690. 1. The office of administration shall have the authority to utilize:

(1) The construction manager-at-risk delivery method, as provided for in section 67.5050; and

(2) The design-build delivery method, as provided for in section 67.5060, only as follows:

(a) For noncivil works projects, as that term is used in section 67.5060, in excess of seven million dollars; and

(b) No more than five noncivil works projects, as that term is used in section 67.5060, may be contracted for in any fiscal year that are less than seven million dollars.

2. The office of administration shall not be subject to subsection 15 of section 67.5050 and subsection 22 of section 67.5060 in executing contracts pursuant to this section.

3. The office of administration shall not be subject to subsection 4 of section 67.5060 **or the provisions of subsection 3 of section 67.5050 that require disclosure at a public meeting.** The office of administration shall [publish its advertisement for proposals in the publications , and on the website of the officer or agency or through an electronic procurement system] **advertise its intent to solicit**

qualifications or proposals, as applicable, for a design-builder or construction manager-at-risk as set forth in subsection 3 of section 8.250. The selection and award shall follow sections 67.5050 and 67.5060, as applicable.

34.042. 1. When the commissioner of administration determines that the use of competitive bidding is either not practicable or not advantageous to the state, supplies may be procured by competitive proposals. The commissioner shall state the reasons for such determination, and a report containing those reasons shall be maintained with the vouchers or files pertaining to such purchases. All purchases in excess of ten thousand dollars to be made under this section shall be based on competitive proposals.

2. On any purchase where the estimated expenditure shall be one hundred thousand dollars or over, the commissioner of administration shall:

(1) Advertise for proposals in at least two daily newspapers of general circulation in such places as are most likely to reach prospective offerors and may advertise in at least two weekly minority newspapers and may provide such information through an electronic medium available to the general public at least five days before proposals for such purchases are to be opened. Other methods of advertisement, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased;

(2) Post notice of the proposed purchase; and

(3) Solicit proposals by mail or other reasonable method generally available to the public from prospective offerors.

All proposals for such supplies shall be mailed or delivered to the office of the commissioner of administration so as to reach such office before the time set for opening proposals. Proposals shall be opened in a manner to avoid disclosure of contents to competing offerors during the process of negotiation.

3. The contract shall be let to the lowest and best offeror as determined by the evaluation criteria established in the request for proposal and any subsequent negotiations conducted pursuant to this subsection. In determining the lowest and best offeror, as provided in the request for proposals and under rules promulgated by the commissioner of administration, negotiations may be conducted with responsible offerors who submit proposals selected by the commissioner of administration on the basis of reasonable criteria for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those offerors shall be accorded fair and equal treatment with respect to any opportunity for negotiation and subsequent revision of proposals; however, a request for proposal may set forth the manner for determining which offerors are eligible for negotiation, including, but not limited to, the use of shortlisting. Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting negotiations there shall be no disclosure of any information derived from proposals submitted by competing offerors. The commissioner of administration shall have the right to reject any or all proposals and advertise for new proposals or purchase the required supplies on the open market if they can be so purchased at a better price.

4. The commissioner shall make available, upon request, to any members of the general assembly, information pertaining to competitive proposals, including the names of bidders and the amount of each bidder's offering for each contract.

5. If identified in the solicitation, the commissioner may award a contract to the lowest and best responsive vendors as determined by the evaluation criteria set out in the solicitation while reserving certain contract provisions for negotiation after the notice of award. The reserved contract provisions for post-award negotiation shall not be provisions that were part of the evaluation criteria and scoring or provisions that impacted such criteria or scoring. The timeframe for such post-award negotiations shall be set out in the solicitation itself and if such negotiations fail, the commissioner may cancel the award and award the contract to the next lowest and best vendor. If satisfied with the lowest and best responsive vendor's proposal, the commissioner may waive post-award negotiations.

64.231. 1. The county planning board shall have power to make, adopt and may publish an official master plan for the county for the purpose of bringing about coordinated physical development in accordance with present and future needs. The master plan shall be developed so as to conserve the natural resources of the county, to ensure efficient expenditure of public funds, and to promote the health, safety, convenience, prosperity and general welfare of the inhabitants. The county planning board may adopt the master plan in whole or in part, and subsequently amend or extend the adopted plan or any portion thereof. Before the adoption, amendment or extension of the plan or portion thereof, the board shall hold at least one public hearing thereon, fifteen days' notice of the time and place of which shall be published in at least one newspaper having general circulation within the county, and notice of the hearing shall also be posted [at least fifteen days in advance thereof in at least two conspicuous places in each township] **on the county's website**. The hearing may be adjourned from time to time. The adoption of the plan shall be by resolution carried by not less than a majority vote of the full membership of the county planning board. After the adoption of the master plan an attested copy shall be certified to the county clerk and a copy shall be recorded in the office of the recorder of deeds.

2. The master plan, with the accompanying maps, diagrams, charts, descriptive matter, and reports, shall include the plans specified by this section which are appropriate to the county and which may be made the basis for its physical development. The master plan may comprise any, all, or any combination of the plans specified in this section, for all or any part of the county.”; and

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SEVENTH DAY - WEDNESDAY, MAY 10, 2023

The Senate met pursuant to adjournment.

Senator Rowden in the Chair.

Senator Thompson Rehder offered the following prayer:

Mark 12:41-44: Then He sat down opposite the offering box, and watched the crowd putting coins into it. Many rich people were throwing in large amounts. And a poor widow came and put in two small copper coins, worth less than a penny. He called His disciples and said to them, "I tell you the truth, this poor widow has put more into the offering box than all the others. For they all gave out of their wealth. But she, out of her poverty, put in what she had to live on, everything she had."

I've often wondered why Jesus had to explain this to His disciples. He so often spoke in parables – but to the widows mite, he spoke very plain. Notice her. Honor her, do not condemn her, because she actually gave more than everyone else.

We pray, God I pray that we see today through Your eyes, Lord, and not our own. That we not only notice the immense responsibility to Your people, Lord, that you have entrusted us with today, but that we feel it deep, deep in our souls. I pray that You search our hearts, Lord, show us any wicked ways I us and help us acknowledge them, and ask you to help us change them. Lead us in the way, today, that you want us to go. Finally, Lord, I pray that You also help us to know that the widow's intention that day wasn't to be seen and have her actions praised: she was there giving all that she had to You. Let that be our heart today. In Jesus name we pray, Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

PETITIONS

Senator Schroer offered the following petition:

Petition to the Honorable Members of the Missouri Senate

We, the undersigned 8,000 members of the Missouri Fraternal Order of Police which includes the

Members of the St. Louis Police Officers Association, St. Louis County Police Officers Association and F.O.P Lodge 15 hereby petition this honorable Senate to restore citizen board control of the St. Louis Metropolitan Police Department ("SLMPD").

There are no Missouri Constitutional provisions governing SLMPD. SLMPD is solely a creature of state statute (See, Sections 84.015-84.347). Prior to 2013, the SLMPD was administered by a citizen board through state statutes Mo. Rev. Stat. Sections 84.015-84.340. On November 6, 2012 the voters of the State of Missouri passed a statutory ballot initiative, Proposition A, which provided that the City of St.

Louis could take control of SLMPD under certain conditions (Mo. Rev. Stat. Sections 84.341-84.347). Interestingly, local control of SLMPD passed statewide by 67% but it only passed in the City of St. Louis by 56%. Then Police Chief Dan Isom opposed local control expressing concern that politics would infect the Department.

The devolution of control of the SLMPD to the City of St. Louis was conditional. It was anticipated within the local control provisions that if conditions therein were not met, control would revert back to citizen board control. Proposition A specifically did not repeal the citizen board control statutory scheme and those provisions remain on the books should reversion to citizen board control be necessary. The decimation of the SLMPD attributable to the local control experiment puts citizens, visitors and officers themselves in danger. The City of St. Louis is not safe, that simple. City Officials and SLMPD not only refuse to address the crime crisis, their dangerous policies and administration are actually contributing to it. It is way past time to restore citizen board control.

The Mayor was elected by defund police groups. The new President of the Board of Aldermen is an avowed defund police proponent. The defund policies began right after the Mayor's 2021 election. Although Missouri local control law requires "the city shall provide the necessary funds for the main of the municipal police force," (MO.Rev.Stat. Section 84.344.3), the current administration has carried out a campaign of defunding SLMPD. One of the first acts of Mayor Jones was to cut \$4 million dollars from the police budget representing overtime pay for police officers. Disagreeing with the new Mayor, the Board of Aldermen replaced the cut with \$5 million. This administration refused to spend the appropriation letting it lapse. SLMPD is unable to fill cars without the use of overtime.

In November 2021, then Attorney General Eric Schmitt, offered to forgive almost \$6 million dollars in debt the City owed the State of Missouri for legal services related to a case that pre-dated the effective date of local control. The Attorney General offered to forgive the debt if the money was dedicated to hiring more police officers. The Mayor refused and countered wanting to spend the money on progressive policies that fall more in line with her campaign promises. The Attorney General's Office stated that it was "sad thathiring more police officers doesn't fit the agenda of the mayor of the murder capital of the United States."

Most devastating, the current administration has diverted an additional \$40 million dollars previously dedicated to patrol officers to social programs included within the police budget confirming this administration's policy is to reduce policing in favor of social programs.

An additional progressive campaign promise implemented by the Mayor was to close the Medium Security Institution to arbitrarily limit the number of criminal detainees. In order to effectuate this policy, the Mayor had to jettison a contract with the Federal Court to house St. Louis City detainees being prosecuted by the United States Attorneys Office. The number of City detainees being prosecuted by the federal government is at an all time high because of the failures of Circuit Attorney Kim Gardner. Given that the federal government pays a much better rate than the State of Missouri and pays quickly, the City of St. Louis made roughly \$10 million a year in revenue from the federal contract. In the 2022-23 budget, the Mayor cut \$10 million dollars out of police patrol to cover the lost revenue from the termination of the federal contract.

On October 4, 2021, the Mayor's new jail director issued a policy that ANY person arrested who tested positive for COVID would not be permitted to be held in the downtown jail — no exception for violent arrestees. SLMPD was not consulted about the policy and did not receive the policy until after it was implemented. SLMPD promptly drafted a memo outlining the numerous serious concerns with a policy aimed that was aimed at controlling jail population rather than keeping citizens safe. The memo was sent to the highest levels of the Police Department with zero response. Officers were arresting the same criminals over and over again each time resulting in a release of a COVID positive criminal onto the unsuspecting public.

This horrible policy came to the light of the public when a domestic abuser was released from the City jail because he tested positive for COVID in January 2022. An abuser had poured boiling soup on the mother of his children, scalding her face, neck, and chest. This was done in the presence of one of their children. The woman finally had the courage to call the police. The abuser was released within hours and showed at home to taunt his abused partner. After the abused woman told her story to the press, the Administration tried to deny and alter the policy. When the abused woman took to Facebook to complain to Mayor Jones about the COVID release policy, the Mayor attempted to deflect responsibility and trolled the domestic abuse victim. The Mayor told the victim she didn't know what she was talking about and wrote #ByeGurl.

The number one promise made to Missouri voters in support of local control in 2012 was that consolidation of the police department under local control would save money. Proponents claimed local control would save \$4.4 million a year. In 2013 the total police department budget was approximately \$148 million with \$46 million dedicated to patrol (31%). By the 2023 budget, the overall police budget has risen to \$181 million with only \$29 million dedicated to police officers on the street (16%). The overall police budget has ballooned since local control was implemented while street policing has plummeted.

The average number of calls for police service in each of the last 5 years is 416,000. That is approximately 1.5 calls for police service by every single man, woman and child in the City of St. Louis each year. Officers are forced to bounce from call to call, calls get backed up and often have to be ignored. This leaves officers overwhelmed and over worked especially since many officers covering calls are working overtime. Instituting community policing is impossible. By way of comparison, St. Louis County Police respond to an average of 205,000 calls per year for the last 4 years — less than half of the number of calls as SLMPD.

Just two weeks before Janae Edmundson lost her legs to a criminal out on bond who violated his GPS bracelet over 50 times, Mayor Jones secured legislation from the Board of Aldermen that gave Kim Gardner another budget raise and removed use of force investigations from the Police Department and gave them to Kim Gardner's office. Make no mistake if Janae Edmundson's story had not been brought to light by investigative reporting, Mayor Jones and Board President Megan Green would still be supporting Kim Gardner's reign as Circuit Attorney as they had for the last 7 years.

The morale of SLMPD officers is at an all time low. Since just 2017 over 1050 officers have left the SLMPD. Currently, there are at least 300 officers eligible to retire. At least 40 officers have resignation letters ready to turn in if citizen board control does not pass this Missouri General Assembly. The pile of uniforms from officers that have resigned from SLMPD stands 5 feet tall and 10 feet wide is called Mount Exodus. A second pile of uniforms has started.

One of Mayor Jones' first acts as Mayor in April 2021 was to cut 125 officer positions from the City budget. Since January 2021, there are 185 less police officers patrolling City streets. The vacancy rate (authorized vs. actual) in February 2015 was 5.5%. In January 2021 the vacancy rate was 11%. By April of this year, under the current Administration, the vacancy rate has skyrocketed to 29%. Since the effective date of local control, the vast majority of officer vacancies are carried in patrol.

Recruiting efforts have dwindled since the Mayor ripped recruiting and hiring from the SLMPD and placed it in the Civil Service Commission. Officers are often required to pay for their own advantaged training.

It is demoralizing to work when there is no discernible Crime Plan. Jumping from crisis to crisis, from policy band aid to policy band aid is incredibly unsettling and dangerous. It is incredibly demoralizing to work for political officials who do not appreciate your dangerous work and seem to be waiting for the next gotcha opportunity to dehumanize you and your colleagues to secure political points rather than to keep citizens or officers safe.

It is SLMPD's position that neither the Missouri General Assembly, the Board of Aldermen nor the public are entitled to know how many officers have been deployed on the streets of St. Louis City during any given shift in order to evaluate the effectiveness of policing with actual data. Chief John Hayden testified 2 years ago that at most, there are 54 officers on the street in the entire City on an eight hour shift. There have been shifts where there is one officer by themselves in 1 of 6 police districts for an entire 8 hour shift.

Officers drive vehicles with holes in the bottom, without a working computer installed, and doors held together with crime tape. There are parts of the City where police radios do not work and officers are stranded without communication or with only their personal cell phones.

Progressive attempts to reduce the number of calls actually increases the use of police resources rather than decreasing the burden on police officers. For example, the social worker program requires that officers still stabilize a scene before social workers can be deployed. An additional officer must accompany each social worker at all times. So 3 officers are used for these calls instead of 1 or 2. That is further diversion of police officers from patrol.

Another alarming trend is that crime statistics are now being manipulated by the City of St. Louis for political purposes. As reported by Pro Publica on March 31, 2022, the City manipulated the murder count by "re-classifying" some homicides as "justified" which lowered the overall homicide number. This was in preparation of the Mayor's national press tour claiming she had cracked the code on urban crime. On November 8, 2022, the St. Louis Post Dispatch reported that after spending \$1.2 million switching to a new crime reporting system, the City stopped sending crime data to the State of Missouri for 8 months.

The City's failure to report violates state law. The pause in reporting led the FBI to publish incorrect crime numbers for the City of St. Louis in its 2021 national publications. "The bureau acknowledged the errors recently after Post-Dispatch review of state and FBI data found the totals appeared to be up to 15% too low." Neither the City, the State or the FBI caught the egregious error. To our knowledge there has been no consequences imposed by the State of Missouri for the City's illegal crime reporting. Finally, a member of the Board of Aldermen reported a disturbing story about City crime stats. A constituent of hers interrupted an attempted car theft on the street in front of their home. The perpetrator shot at the car owner while fleeing. The homeowner called SLMPD. The constituent was told by 911 dispatch that because the car was not actually stolen and because no one was injured by the gun fire, SLMPD would not be able to send anyone to the scene. The homeowner was free to file a police report at a later time if they so chose. The Alderwoman reported that unless the homeowner filed a report

the attempted theft and shooting incident would not be included in the City's yearly crime statistics. The failure of crime statistics to reflect actual crime deceives the public for political gain. This type of statistical manipulation never occurred under citizen board control.

Crime is not getting better as the political leadership would like the public to believe. Just last weekend there were 20 people shot with 5 of them being murdered. There was a double murder at a Cinco de Mayo festival in broad daylight on Saturday. Another murder Saturday night in the Hyde Park area.

Another double murder of 2 teens on Sunday in the Hyde Park neighborhood. In a 12 hour period Saturday night into Sunday the downtown police district received 173 calls for service. At one point during that shift, the downtown district was holding 55 calls which were pending at the same time. There were only 5 patrol officers assigned to the downtown police district. Large groups of pedestrians and vehicles completely blocked Market between 7th and 9th streets.

Numerous stolen vehicles (as confirmed by the Real Time Crime Center) were doing dangerous donuts in the middle of downtown streets. Multiple shots were fired by the members of the crowd. Officers from districts all over the City had to assist clearing cars and pedestrians. Over 100 cars converged on Lenore K. Sullivan Drive RiverWalk near the Arch (part of the \$380 mil CityArchRiverProject). Multiple subjects fired guns. A group of subjects blocked the exit of patrons attempting to disembark from a river cruise. During the incident subjects in the crowd attempted to drown a homeless person after beating him. Due to this understaffing, officers from all over the City were diverted to cover the downtown area. A nearby district had to handle a shooting in the downtown area. The victim had to be taken to the hospital by private conveyance as that was quicker than attempting to secure ambulance transport. Saturday night, Sunday morning, downtown officers also had to respond to a rape at Children's Hospital.

After this bloody weekend, SLMPD had a press conference. The Mayor and the Police Chief did not attend. At the presser, SLMPD admitted that to attempt to prevent downtown crime and lawlessness experienced last weekend, officers from other districts will be brought in to cover downtown. This diverts resources from all other parts of the City as there are not enough officers to fill enough cars to properly patrol the entire City. Make no mistake filling cars on patrol always requires overtime due to the frightening understaffing of SLMPD. Right after the presser there was another murder in South City.

St. Louis is an economic engine of the State of Missouri generating 45% of the revenue for the State of Missouri. The entire state has a vested interest in keeping St. Louis safe and ensuring the Department is properly managed. Businesses are fleeing downtown...Brown and Croupen, Polsinelli, Elasticity, Knowlnk, Simon Lawfirm, KMOV, Missouri Lawyers Weekly, WeWork.

Every surrounding jurisdiction has to over police to due to refusal of the City to police and prosecute crime. For example, as has been reported, most of the detainees in the St. Charles County jail are city residents. St. Louis County political leadership is enabling the City crime failures taxing the resources of the County police. Crime is permeating the entire eastern part of the State.

Citizen Board Control would prevent implementation of the dangerous policies enumerated herein, would reign in out of control spending, restore funding to actual policing, prevent the mass exodus of more police officers and restore safety to the state's most important region.

The Missouri Fraternal Order of Police, St. Louis Police Officers Association, Ethical Society of Police, St. Louis County Police Officers Association, Civilian Personnel Organization and the Police Veterans Association stand united and implore this body to return SLMPD to citizen board control.

Sincerely,

Jay Schroeder, President

Missouri Fraternal Order of Police

St. Louis Police Officers Association

Representing 8000 officers in the State of Missouri

President Kehoe assumed the Chair.

The department of health and senior services shall supervise and secure the enforcement of the required immunization program.

(2) Neither the department of health and senior services nor any public school districts shall require any student to receive a COVID-19 vaccination or receive a dose of messenger ribonucleic acid.

2. It is unlawful for any student to attend school unless he has been immunized as required under the rules and regulations of the department of health and senior services, and can provide satisfactory evidence of such immunization; except that if he produces satisfactory evidence of having begun the process of immunization, he may continue to attend school as long as the immunization process is being accomplished in the prescribed manner. It is unlawful for any parent or guardian to refuse or neglect to have his child immunized as required by this section, unless the child is properly exempted.

3. This section shall not apply to any child if one parent or guardian objects in writing to his school administrator against the immunization of the child, because of religious beliefs or medical contraindications. In cases where any such objection is for reasons of medical contraindications, a statement from a duly licensed physician must also be provided to the school administrator.

4. Each school superintendent, whether of a public, private, parochial or parish school, shall cause to be prepared a record showing the immunization status of every child enrolled in or attending a school under his jurisdiction. The name of any parent or guardian who neglects or refuses to permit a nonexempted child to be immunized against diseases as required by the rules and regulations promulgated pursuant to the provisions of this section shall be reported by the school superintendent to the department of health and senior services.

5. The immunization required may be done by any duly licensed physician or by someone under his direction. If the parent or guardian is unable to pay, the child shall be immunized at public expense by a physician or nurse at or from the county, district, city public health center or a school nurse or by a nurse or physician in the private office or clinic of the child's personal physician with the costs of immunization paid through the state Medicaid program, private insurance or in a manner to be determined by the department of health and senior services subject to state and federal appropriations, and after consultation with the school superintendent and the advisory committee established in section 192.630. When a child receives his or her immunization, the treating physician may also administer the appropriate fluoride treatment to the child's teeth.

6. Funds for the administration of this section and for the purchase of vaccines for children of families unable to afford them shall be appropriated to the department of health and senior services from general revenue or from federal funds if available.

7. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.”; and

electrical corporation shall not be deemed to waive its right to recover such costs pursuant to a separate proceeding with the commission;

The comparison should demonstrate that the issuance of securitized utility tariff bonds and the imposition of securitized utility tariff charges are expected to provide quantifiable net present value benefits to customers;

(g) A proposed future ratemaking process to reconcile any differences between securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers; and

(b) An indicator of whether the electrical corporation proposes to finance all or a portion of the qualified extraordinary costs using securitized utility tariff bonds. If the electrical corporation proposes to finance a portion of the costs, the electrical corporation shall identify the specific portion in the petition. (c) An estimate of the financing costs related to the securitized utility tariff bonds;

(d) An estimate of the securitized utility tariff charges necessary to recover the qualified extraordinary costs and financing costs and the period for recovery of such costs;

(e) A comparison between the net present value of the costs to customers that are estimated to result from the issuance of securitized utility tariff bonds and the costs that would result from the application of the customary method of financing and reflecting the qualified extraordinary costs in retail customer rates. The comparison should demonstrate that the issuance of securitized utility tariff bonds and the imposition of securitized utility tariff charges are expected to provide quantifiable net present value benefits to retail customers;

(f) A proposed future ratemaking process to reconcile any differences between securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers; and

(g) Direct testimony supporting the petition.

(3) (a) Proceedings on a petition submitted pursuant to this subsection begin with the petition by an electrical corporation and shall be disposed of in accordance with the requirements of this section and the rules of the commission, except as follows:

a. The commission shall establish a procedural schedule that permits a commission decision no later than two hundred fifteen days after the date the petition is filed;

b. No later than two hundred fifteen days after the date the petition is filed, the commission shall issue a financing order approving the petition, an order approving the petition subject to conditions, or an order rejecting the petition; provided, however, that the electrical corporation shall provide notice of intent to file a petition for a financing order to the commission no less than sixty days in advance of such filing;

c. Judicial review of a financing order may be had only in accordance with sections 386.500 and 386.510.

(b) In performing its responsibilities under this section in approving, approving subject to conditions, or rejecting a petition for a financing order, the commission may retain counsel, one or more financial advisors, or other consultants as it deems appropriate. Such outside counsel, advisor or advisors, or consultants shall owe a duty of loyalty solely to the commission and shall have no interest in the proposed securitized utility tariff bonds. The costs associated with any such engagements shall be paid by the petitioning corporation and shall be included as financed costs in the securitized utility tariff charge and shall not be an obligation of the state and shall be assigned solely to the subject transaction. **The commission may directly contract counsel, financial advisors, or other consultants as necessary for effectuating the purposes of this section. Such contracting procedures shall not be subject to the provisions of chapter 34, however the commission shall establish a policy for the bid process. Such policy shall be publicly available and any information related to contracts under the established policy shall be included in publicly available rate case documentation.**

(c) A financing order issued by the commission, after a hearing, to an electrical corporation shall include all of the following elements:

a. The amount of securitized utility tariff costs to be financed using securitized utility tariff bonds and a finding that recovery of such costs is just and reasonable and in the public interest. The commission shall describe and estimate the amount of financing costs that may be recovered through securitized utility tariff charges and specify the period over which securitized utility tariff costs and financing costs may be recovered;

b. A finding that the proposed issuance of securitized utility tariff bonds and the imposition and collection of a securitized utility tariff charge are just and reasonable and in the public interest and are expected to provide quantifiable net present value benefits to customers as compared to recovery of the components of securitized utility tariff costs that would have been incurred absent the issuance of

securitized utility tariff bonds. Notwithstanding any provisions of this section to the contrary, in considering whether to find the proposed issuance of securitized utility tariff bonds and the imposition and collection of a securitized utility tariff charge are just and reasonable and in the public interest, the commission may consider previous instances where it has issued financing orders to the petitioning electrical corporation and such electrical corporation has previously issued securitized utility tariff bonds;

c. A finding that the proposed structuring and pricing of the securitized utility tariff bonds are reasonably expected to result in the lowest securitized utility tariff charges consistent with market conditions at the time the securitized utility tariff bonds are priced and the terms of the financing order;

d. A requirement that, for so long as the securitized utility tariff bonds are outstanding and until all financing costs have been paid in full, the imposition and collection of securitized utility tariff charges authorized under a financing order shall be nonbypassable and paid by all existing and future retail customers receiving electrical service from the electrical corporation or its successors or assignees under commission-approved rate schedules except for customers receiving electrical service under special contracts on August 28, 2021, even if a retail customer elects to purchase electricity from an alternative electric supplier following a fundamental change in regulation of public utilities in this state;

e. A formula-based true-up mechanism for making, at least annually, expeditious periodic adjustments in the securitized utility tariff charges that customers are required to pay pursuant to the financing order and for making any adjustments that are necessary to correct for any overcollection or undercollection of the charges or to otherwise ensure the timely payment of securitized utility tariff bonds and financing costs and other required amounts and charges payable under the securitized utility tariff bonds;

f. The securitized utility tariff property that is, or shall be, created in favor of an electrical corporation or its successors or assignees and that shall be used to pay or secure securitized utility tariff bonds and approved financing costs;

g. The degree of flexibility to be afforded to the electrical corporation in establishing the terms and conditions of the securitized utility tariff bonds, including, but not limited to, repayment schedules, expected interest rates, and other financing costs;

h. How securitized utility tariff charges will be allocated among retail customer classes. The initial allocation shall remain in effect until the electrical corporation completes a general rate proceeding, and once the commission's order from that general rate proceeding becomes final, all subsequent applications of an adjustment mechanism regarding securitized utility tariff charges shall incorporate changes in the allocation of costs to customers as detailed in the commission's order from the electrical corporation's most recent general rate proceeding;

i. A requirement that, after the final terms of an issuance of securitized utility tariff bonds have been established and before the issuance of securitized utility tariff bonds, the electrical corporation determines the resulting initial securitized utility tariff charge in accordance with the financing order, and that such initial securitized utility tariff charge be final and effective upon the issuance of such securitized utility tariff bonds with such charge to be reflected on a compliance tariff sheet bearing such charge;

j. A method of tracing funds collected as securitized utility tariff charges, or other proceeds of securitized utility tariff property, determining that such method shall be deemed the method of tracing

such funds and determining the identifiable cash proceeds of any securitized utility tariff property subject to a financing order under applicable law;

k. A statement specifying a future ratemaking process to reconcile any differences between the actual securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized utility tariff costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers;

l. A procedure that shall allow the electrical corporation to earn a return, at the cost of capital authorized from time to time by the commission in the electrical corporation's rate proceedings, on any moneys advanced by the electrical corporation to fund reserves, if any, or capital accounts established under the terms of any indenture, ancillary agreement, or other financing documents pertaining to the securitized utility tariff bonds;

m. In a financing order granting authorization to securitize energy transition costs or in a financing order granting authorization to securitize qualified extraordinary costs that include retired or abandoned facility costs, a procedure for the treatment of accumulated deferred income taxes and excess deferred income taxes in connection with the retired or abandoned or to be retired or abandoned electric generating facility, or in connection with retired or abandoned facilities included in qualified extraordinary costs. The accumulated deferred income taxes, including excess deferred income taxes, shall be excluded from rate base in future general rate cases and the net tax benefits relating to amounts that will be recovered through the issuance of securitized utility tariff bonds shall be credited to retail customers by reducing the amount of such securitized utility tariff bonds that would otherwise be issued. The customer credit shall include the net present value of the tax benefits, calculated using a discount rate equal to the expected interest rate of the securitized utility tariff bonds, for the estimated accumulated and excess deferred income taxes at the time of securitization including timing differences created by the issuance of securitized utility tariff bonds amortized over the period of the bonds multiplied by the expected interest rate on such securitized utility tariff bonds;

n. An outside date, which shall not be earlier than one year after the date the financing order is no longer subject to appeal, when the authority to issue securitized utility tariff bonds granted in such financing order shall expire; and

o. Include any other conditions that the commission considers appropriate and that are not inconsistent with this section.

(d) A financing order issued to an electrical corporation may provide that creation of the electrical corporation's securitized utility tariff property is conditioned upon, and simultaneous with, the sale or other transfer of the securitized utility tariff property to an assignee and the pledge of the securitized utility tariff property to secure securitized utility tariff bonds.

(e) If the commission issues a financing order, the electrical corporation shall file with the commission at least annually a petition or a letter applying the formula-based true-up mechanism and, based on estimates of consumption for each rate class and other mathematical factors, requesting administrative approval to make the applicable adjustments. The review of the filing shall be limited to determining whether there are any mathematical or clerical errors in the application of the formula-based true-up

mechanism relating to the appropriate amount of any overcollection or undercollection of securitized utility tariff charges and the amount of an adjustment. The adjustments shall ensure the recovery of revenues sufficient to provide for the payment of principal, interest, acquisition, defeasance, financing costs, or redemption premium and other fees, costs, and charges in respect of securitized utility tariff bonds approved under the financing order. Within thirty days after receiving an electrical corporation's request pursuant to this paragraph, the commission shall either approve the request or inform the electrical corporation of any mathematical or clerical errors in its calculation. If the commission informs the electrical corporation of mathematical or clerical errors in its calculation, the electrical corporation shall correct its error and refile its request. The time frames previously described in this paragraph shall apply to a refiled request.

(f) At the time of any transfer of securitized utility tariff property to an assignee or the issuance of securitized utility tariff bonds authorized thereby, whichever is earlier, a financing order is irrevocable and, except for changes made pursuant to the formula-based true-up mechanism authorized in this section, the commission may not amend, modify, or terminate the financing order by any subsequent action or reduce, impair, postpone, terminate, or otherwise adjust securitized utility tariff charges approved in the financing order. After the issuance of a financing order, the electrical corporation retains sole discretion regarding whether to assign, sell, or otherwise transfer securitized utility tariff property or to cause securitized utility tariff bonds to be issued, including the right to defer or postpone such assignment, sale, transfer, or issuance.

(g) The commission, in a financing order and subject to the issuance advice letter process under paragraph (h) of this subdivision, shall specify the degree of flexibility to be afforded the electrical corporation in establishing the terms and conditions for the securitized utility tariff bonds to accommodate changes in market conditions, including repayment schedules, interest rates, financing costs, collateral requirements, required debt service and other reserves and the ability of the electrical corporation, at its option, to effect a series of issuances of securitized utility tariff bonds and correlated assignments, sales, pledges, or other transfers of securitized utility tariff property. Any changes made under this paragraph to terms and conditions for the securitized utility tariff bonds shall be in conformance with the financing order.

(h) As the actual structure and pricing of the securitized utility tariff bonds will be unknown at the time the financing order is issued, prior to the issuance of each series of bonds, an issuance advice letter shall be provided to the commission by the electrical corporation following the determination of the final terms of such series of bonds no later than one day after the pricing of the securitized utility tariff bonds. The commission shall have the authority to designate a representative or representatives from commission staff, who may be advised by a financial advisor or advisors contracted with the commission, to provide input to the electrical corporation and collaborate with the electrical corporation in all facets of the process undertaken by the electrical corporation to place the securitized utility tariff bonds to market so the commission's representative or representatives can provide the commission with an opinion on the reasonableness of the pricing, terms, and conditions of the securitized utility tariff bonds on an expedited basis. Neither the designated representative or representatives from the commission staff nor one or more financial advisors advising commission staff shall have authority to direct how the electrical corporation places the bonds to market although they shall be permitted to attend all meetings convened by the electrical corporation to address placement of the bonds to market. The form of such issuance advice letter

shall be included in the financing order and shall indicate the final structure of the securitized utility tariff bonds and provide the best available estimate of total ongoing financing costs. The issuance advice letter shall report the initial securitized utility tariff charges and other information specific to the securitized utility tariff bonds to be issued, as the commission may require. Unless an earlier date is specified in the financing order, the electrical corporation may proceed with the issuance of the securitized utility tariff bonds unless, prior to noon on the fourth business day after the commission receives the issuance advice letter, the commission issues a disapproval letter directing that the bonds as proposed shall not be issued and the basis for that disapproval. The financing order may provide such additional provisions relating to the issuance advice letter process as the commission considers appropriate and as are not inconsistent with this section.

(4) (a) In performing the responsibilities of this section in connection with the issuance of a financing order, approving the petition, an order approving the petition subject to conditions, or an order rejecting the petition, the commission shall undertake due diligence as it deems appropriate prior to the issuance of the order regarding the petition pursuant to which the commission may request additional information from the electrical corporation and may engage one or more financial advisors, one or more consultants, and counsel as the commission deems necessary. Any financial advisor or advisors, counsel, and consultants engaged by the commission shall have a fiduciary duty with respect to the proposed issuance of securitized utility bonds solely to the commission. All expenses associated with such services shall be included as part of the financing costs of the securitized utility tariff bonds and shall be included in the securitized utility tariff charge.

(b) If an electrical corporation's petition for a financing order is denied or withdrawn, or for any reason securitized utility tariff bonds are not issued, any costs of retaining one or more financial advisors, one or more consultants, and counsel on behalf of the commission shall be paid by the petitioning electrical corporation and shall be eligible for full recovery, including carrying costs, if approved by the commission in the electrical corporation's future rates.

(5) At the request of an electrical corporation, the commission may commence a proceeding and issue a subsequent financing order that provides for refinancing, retiring, or refunding securitized utility tariff bonds issued pursuant to the original financing order if the commission finds that the subsequent financing order satisfies all of the criteria specified in this section for a financing order. Effective upon retirement of the refunded securitized utility tariff bonds and the issuance of new securitized utility tariff bonds, the commission shall adjust the related securitized utility tariff charges accordingly.

(6) (a) A financing order remains in effect and securitized utility tariff property under the financing order continues to exist until securitized utility tariff bonds issued pursuant to the financing order have been paid in full or defeased and, in each case, all commission-approved financing costs of such securitized utility tariff bonds have been recovered in full.

(b) A financing order issued to an electrical corporation remains in effect and unabated notwithstanding the reorganization, bankruptcy, or other insolvency proceedings, merger, or sale of the electrical corporation or its successors or assignees.

3. (1) The commission may not, in exercising its powers and carrying out its duties regarding any matter within its authority, consider the securitized utility tariff bonds issued pursuant to a financing order to be the debt of the electrical corporation other than for federal and state income tax purposes, consider

the securitized utility tariff charges paid under the financing order to be the revenue of the electrical corporation for any purpose, consider the securitized utility tariff costs or financing costs specified in the financing order to be the costs of the electrical corporation, nor may the commission determine any action taken by an electrical corporation which is consistent with the financing order to be unjust or unreasonable, and section 386.300 shall not apply to the issuance of securitized utility tariff bonds.

(2) Securitized utility tariff charges shall not be utilized or accounted for in determining the electrical corporation's average overall rate, as defined in section 393.1655 and as used to determine the maximum retail rate impact limitations provided for by subsections 3 and 4 of section 393.1655.

(3) No electrical corporation is required to file a petition for a financing order under this section or otherwise utilize this section. An electrical corporation's decision not to file a petition for a financing order under this section shall not be admissible in any commission proceeding nor shall it be otherwise utilized or relied on by the commission in any proceeding respecting the electrical corporation's rates or its accounting, including, without limitation, any general rate proceeding, fuel adjustment clause docket, or proceedings relating to accounting authority, whether initiated by the electrical corporation or otherwise. The commission may not order or otherwise directly or indirectly require an electrical corporation to use securitized utility tariff bonds to recover securitized utility tariff costs or to finance any project, addition, plant, facility, extension, capital improvement, equipment, or any other expenditure.

(4) The commission may not refuse to allow an electrical corporation to recover securitized utility tariff costs in an otherwise permissible fashion, or refuse or condition authorization or approval of the issuance and sale by an electrical corporation of securities or the assumption by the electrical corporation of liabilities or obligations, because of the potential availability of securitized utility tariff bond financing.

(5) After the issuance of a financing order with or without conditions, the electrical corporation retains sole discretion regarding whether to cause the securitized utility tariff bonds to be issued, including the right to defer or postpone such sale, assignment, transfer, or issuance. Nothing shall prevent the electrical corporation from abandoning the issuance of securitized utility tariff bonds under the financing order by filing with the commission a statement of abandonment and the reasons therefor; provided, that the electrical corporation's abandonment decision shall not be deemed imprudent because of the potential availability of securitized utility tariff bond financing; and provided further, that an electrical corporation's decision to abandon issuance of such bonds may be raised by any party, including the commission, as a reason the commission should not authorize, or should modify, the rate-making treatment proposed by the electrical corporation of the costs associated with the electric generating facility that was the subject of a petition under this section that would have been securitized as energy transition costs had such abandonment decision not been made, but only if the electrical corporation requests nonstandard plant retirement treatment of such costs for rate-making purposes.

(6) The commission may not, directly or indirectly, utilize or consider the debt reflected by the securitized utility tariff bonds in establishing the electrical corporation's capital structure used to determine any regulatory matter, including but not limited to the electrical corporation's revenue requirement used to set its rates.

(7) The commission may not, directly or indirectly, consider the existence of securitized utility tariff bonds or the potential use of securitized utility tariff bond financing proceeds in determining the electrical

corporation's authorized rate of return used to determine the electrical corporation's revenue requirement used to set its rates.

4. The electric bills of an electrical corporation that has obtained a financing order and caused securitized utility tariff bonds to be issued shall comply with the provisions of this subsection; however, the failure of an electrical corporation to comply with this subsection does not invalidate, impair, or affect any financing order, securitized utility tariff property, securitized utility tariff charge, or securitized utility tariff bonds. The electrical corporation shall do the following:

(1) Explicitly reflect that a portion of the charges on such bill represents securitized utility tariff charges approved in a financing order issued to the electrical corporation and, if the securitized utility tariff property has been transferred to an assignee, shall include a statement to the effect that the assignee is the owner of the rights to securitized utility tariff charges and that the electrical corporation or other entity, if applicable, is acting as a collection agent or servicer for the assignee. The tariff applicable to customers shall indicate the securitized utility tariff charge and the ownership of the charge;

(2) Include the securitized utility tariff charge on each customer's bill as a separate line item and include both the rate and the amount of the charge on each bill.

5. (1) (a) All securitized utility tariff property that is specified in a financing order constitutes an existing, present intangible property right or interest therein, notwithstanding that the imposition and collection of securitized utility tariff charges depends on the electrical corporation, to which the financing order is issued, performing its servicing functions relating to the collection of securitized utility tariff charges and on future electricity consumption. The property exists:

a. Regardless of whether or not the revenues or proceeds arising from the property have been billed, have accrued, or have been collected; and

b. Notwithstanding the fact that the value or amount of the property is dependent on the future provision of service to customers by the electrical corporation or its successors or assignees and the future consumption of electricity by customers.

(b) Securitized utility tariff property specified in a financing order exists until securitized utility tariff bonds issued pursuant to the financing order are paid in full and all financing costs and other costs of such securitized utility tariff bonds have been recovered in full.

(c) All or any portion of securitized utility tariff property specified in a financing order issued to an electrical corporation may be transferred, sold, conveyed, or assigned to a successor or assignee that is wholly owned, directly or indirectly, by the electrical corporation and created for the limited purpose of acquiring, owning, or administering securitized utility tariff property or issuing securitized utility tariff bonds under the financing order. All or any portion of securitized utility tariff property may be pledged to secure securitized utility tariff bonds issued pursuant to the financing order, amounts payable to financing parties and to counterparties under any ancillary agreements, and other financing costs. Any transfer, sale, conveyance, assignment, grant of a security interest in or pledge of securitized utility tariff property by an electrical corporation, or an affiliate of the electrical corporation, to an assignee, to the extent previously authorized in a financing order, does not require the prior consent and approval of the commission.

(d) If an electrical corporation defaults on any required remittance of securitized utility tariff charges arising from securitized utility tariff property specified in a financing order, a court, upon application by an interested party, and without limiting any other remedies available to the applying party, shall order the sequestration and payment of the revenues arising from the securitized utility tariff property to the financing parties or their assignees. Any such financing order remains in full force and effect notwithstanding any reorganization, bankruptcy, or other insolvency proceedings with respect to the electrical corporation or its successors or assignees.

(e) The interest of a transferee, purchaser, acquirer, assignee, or pledgee in securitized utility tariff property specified in a financing order issued to an electrical corporation, and in the revenue and collections arising from that property, is not subject to setoff, counterclaim, surcharge, or defense by the electrical corporation or any other person or in connection with the reorganization, bankruptcy, or other insolvency of the electrical corporation or any other entity.

(f) Any successor to an electrical corporation, whether pursuant to any reorganization, bankruptcy, or other insolvency proceeding or whether pursuant to any merger or acquisition, sale, or other business combination, or transfer by operation of law, as a result of electrical corporation restructuring or otherwise, shall perform and satisfy all obligations of, and have the same rights under a financing order as, the electrical corporation under the financing order in the same manner and to the same extent as the electrical corporation, including collecting and paying to the person entitled to receive the revenues, collections, payments, or proceeds of the securitized utility tariff property. Nothing in this section is intended to limit or impair any authority of the commission concerning the transfer or succession of interests of public utilities.

(g) Securitized utility tariff bonds shall be nonrecourse to the credit or any assets of the electrical corporation other than the securitized utility tariff property as specified in the financing order and any rights under any ancillary agreement.

(2) (a) The creation, perfection, priority, and enforcement of any security interest in securitized utility tariff property to secure the repayment of the principal and interest and other amounts payable in respect of securitized utility tariff bonds, amounts payable under any ancillary agreement and other financing costs are governed by this section and not by the provisions of the code, except as otherwise provided in this section.

(b) A security interest in securitized utility tariff property is created, valid, and binding at the later of the time:

- a. The financing order is issued;
- b. A security agreement is executed and delivered by the debtor granting such security interest;
- c. The debtor has rights in such securitized utility tariff property or the power to transfer rights in such securitized utility tariff property; or
- d. Value is received for the securitized utility tariff property.

The description of securitized utility tariff property in a security agreement is sufficient if the description refers to this section and the financing order creating the securitized utility tariff property. A security interest shall attach as provided in this paragraph without any physical delivery of collateral or other act.

(c) Upon the filing of a financing statement with the office of the secretary of state as provided in this section, a security interest in securitized utility tariff property shall be perfected against all parties having claims of any kind in tort, contract, or otherwise against the person granting the security interest, and regardless of whether the parties have notice of the security interest. Without limiting the foregoing, upon such filing a security interest in securitized utility tariff property shall be perfected against all claims of lien creditors, and shall have priority over all competing security interests and other claims other than any security interest previously perfected in accordance with this section.

(d) The priority of a security interest in securitized utility tariff property is not affected by the commingling of securitized utility tariff charges with other amounts. Any pledgee or secured party shall have a perfected security interest in the amount of all securitized utility tariff charges that are deposited in any cash or deposit account of the qualifying electrical corporation in which securitized utility tariff charges have been commingled with other funds and any other security interest that may apply to those funds shall be terminated when they are transferred to a segregated account for the assignee or a financing party.

(e) No application of the formula-based true-up mechanism as provided in this section will affect the validity, perfection, or priority of a security interest in or transfer of securitized utility tariff property.

(f) If a default occurs under the securitized utility tariff bonds that are secured by a security interest in securitized utility tariff property, the financing parties or their representatives may exercise the rights and remedies available to a secured party under the code, including the rights and remedies available under part 6 of article 9 of the code. The commission may also order amounts arising from securitized utility tariff charges be transferred to a separate account for the financing parties' benefit, to which their lien and security interest shall apply. On application by or on behalf of the financing parties, the circuit court for the county or city in which the electrical corporation's headquarters is located shall order the sequestration and payment to them of revenues arising from the securitized utility tariff charges.

(3) (a) Any sale, assignment, or other transfer of securitized utility tariff property shall be an absolute transfer and true sale of, and not a pledge of or secured transaction relating to, the seller's right, title, and interest in, to, and under the securitized utility tariff property if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer other than for federal and state income tax purposes. For all purposes other than federal and state income tax purposes, the parties' characterization of a transaction as a sale of an interest in securitized utility tariff property shall be conclusive that the transaction is a true sale and that ownership has passed to the party characterized as the purchaser, regardless of whether the purchaser has possession of any documents evidencing or pertaining to the interest. A sale or similar outright transfer of an interest in securitized utility tariff property may occur only when all of the following have occurred:

- a. The financing order creating the securitized utility tariff property has become effective;
- b. The documents evidencing the transfer of securitized utility tariff property have been executed by the assignor and delivered to the assignee; and
- c. Value is received for the securitized utility tariff property.

After such a transaction, the securitized utility tariff property is not subject to any claims of the transferor or the transferor's creditors, other than creditors holding a prior security interest in the securitized utility tariff property perfected in accordance with this section.

(b) The characterization of the sale, assignment, or other transfer as an absolute transfer and true sale and the corresponding characterization of the property interest of the purchaser shall not be affected or impaired by the occurrence of any of the following factors:

a. Commingling of securitized utility tariff charges with other amounts;

b. The retention by the seller of (i) a partial or residual interest, including an equity interest, in the securitized utility tariff property, whether direct or indirect, or whether subordinate or otherwise, or (ii) the right to recover costs associated with taxes, franchise fees, or license fees imposed on the collection of securitized utility tariff charges;

c. Any recourse that the purchaser may have against the seller;

d. Any indemnification rights, obligations, or repurchase rights made or provided by the seller;

e. The obligation of the seller to collect securitized utility tariff charges on behalf of an assignee;

f. The transferor acting as the servicer of the securitized utility tariff charges or the existence of any contract that authorizes or requires the electrical corporation, to the extent that any interest in securitized utility tariff property is sold or assigned, to contract with the assignee or any financing party that it will continue to operate its system to provide service to its customers, will collect amounts in respect of the securitized utility tariff charges for the benefit and account of such assignee or financing party, and will account for and remit such amounts to or for the account of such assignee or financing party;

g. The treatment of the sale, conveyance, assignment, or other transfer for tax, financial reporting, or other purposes;

h. The granting or providing to bondholders a preferred right to the securitized utility tariff property or credit enhancement by the electrical corporation or its affiliates with respect to such securitized utility tariff bonds;

i. Any application of the formula-based true-up mechanism as provided in this section.

(c) Any right that an electrical corporation has in the securitized utility tariff property before its pledge, sale, or transfer or any other right created under this section or created in the financing order and assignable under this section or assignable pursuant to a financing order is property in the form of a contract right or a chose in action. Transfer of an interest in securitized utility tariff property to an assignee is enforceable only upon the later of:

a. The issuance of a financing order;

b. The assignor having rights in such securitized utility tariff property or the power to transfer rights in such securitized utility tariff property to an assignee;

c. The execution and delivery by the assignor of transfer documents in connection with the issuance of securitized utility tariff bonds; and

d. The receipt of value for the securitized utility tariff property.

An enforceable transfer of an interest in securitized utility tariff property to an assignee is perfected against all third parties, including subsequent judicial or other lien creditors, when a notice of that transfer has been given by the filing of a financing statement in accordance with subsection 7 of this section. The transfer is perfected against third parties as of the date of filing.

(d) The priority of a transfer perfected under this section is not impaired by any later modification of the financing order or securitized utility tariff property or by the commingling of funds arising from securitized utility tariff property with other funds. Any other security interest that may apply to those funds, other than a security interest perfected under this section, is terminated when they are transferred to a segregated account for the assignee or a financing party. If securitized utility tariff property has been transferred to an assignee or financing party, any proceeds of that property shall be held in trust for the assignee or financing party.

(e) The priority of the conflicting interests of assignees in the same interest or rights in any securitized utility tariff property is determined as follows:

a. Conflicting perfected interests or rights of assignees rank according to priority in time of perfection. Priority dates from the time a filing covering the transfer is made in accordance with subsection 7 of this section;

b. A perfected interest or right of an assignee has priority over a conflicting unperfected interest or right of an assignee;

c. A perfected interest or right of an assignee has priority over a person who becomes a lien creditor after the perfection of such assignee's interest or right.

6. The description of securitized utility tariff property being transferred to an assignee in any sale agreement, purchase agreement, or other transfer agreement, granted or pledged to a pledgee in any security agreement, pledge agreement, or other security document, or indicated in any financing statement is only sufficient if such description or indication refers to the financing order that created the securitized utility tariff property and states that the agreement or financing statement covers all or part of the property described in the financing order. This section applies to all purported transfers of, and all purported grants or liens or security interests in, securitized utility tariff property, regardless of whether the related sale agreement, purchase agreement, other transfer agreement, security agreement, pledge agreement, or other security document was entered into, or any financing statement was filed.

7. The secretary of state shall maintain any financing statement filed to perfect a sale or other transfer of securitized utility tariff property and any security interest in securitized utility tariff property under this section in the same manner that the secretary of state maintains financing statements filed under the code to perfect a security interest in collateral owned by a transmitting utility. Except as otherwise provided in this section, all financing statements filed pursuant to this section shall be governed by the provisions regarding financing statements and the filing thereof under the code, including part 5 of article 9 of the code. A security interest in securitized utility tariff property may be perfected only by the filing of a financing statement in accordance with this section, and no other method of perfection shall be effective. Notwithstanding any provision of the code to the contrary, a financing statement filed pursuant to this section is effective until a termination statement is filed under the code, and no continuation statement

need be filed to maintain its effectiveness. A financing statement filed pursuant to this section may indicate that the debtor is a transmitting utility, and without regard to whether the debtor is an electrical corporation, an assignee or otherwise qualifies as a transmitting utility under the code, but the failure to make such indication shall not impair the duration and effectiveness of the financing statement.

8. The law governing the validity, enforceability, attachment, perfection, priority, and exercise of remedies with respect to the transfer of an interest or right or the pledge or creation of a security interest in any securitized utility tariff property shall be the laws of this state.

9. Neither the state nor its political subdivisions are liable on any securitized utility tariff bonds, and the bonds are not a debt or a general obligation of the state or any of its political subdivisions, agencies, or instrumentalities, nor are they special obligations or indebtedness of the state or any agency or political subdivision. An issue of securitized utility tariff bonds does not, directly, indirectly, or contingently, obligate the state or any agency, political subdivision, or instrumentality of the state to levy any tax or make any appropriation for payment of the securitized utility tariff bonds, other than in their capacity as consumers of electricity. All securitized utility tariff bonds shall contain on the face thereof a statement to the following effect: "Neither the full faith and credit nor the taxing power of the state of Missouri is pledged to the payment of the principal of, or interest on, this bond."

10. All of the following entities may legally invest any sinking funds, moneys, or other funds in securitized utility tariff bonds:

(1) Subject to applicable statutory restrictions on state or local investment authority, the state, units of local government, political subdivisions, public bodies, and public officers, except for members of the commission, the commission's technical advisory and other staff, or employees of the office of the public counsel;

(2) Banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business;

(3) Personal representatives, guardians, trustees, and other fiduciaries;

(4) All other persons authorized to invest in bonds or other obligations of a similar nature.

11. (1) The state and its agencies, including the commission, pledge and agree with bondholders, the owners of the securitized utility tariff property, and other financing parties that the state and its agencies will not take any action listed in this subdivision. This subdivision does not preclude limitation or alteration if full compensation is made by law for the full protection of the securitized utility tariff charges collected pursuant to a financing order and of the bondholders and any assignee or financing party entering into a contract with the electrical corporation. The prohibited actions are as follows:

(a) Alter the provisions of this section, which authorize the commission to create an irrevocable contract right or chose in action by the issuance of a financing order, to create securitized utility tariff property, and make the securitized utility tariff charges imposed by a financing order irrevocable, binding, or nonbypassable charges for all existing and future retail customers of the electrical corporation except its existing special contract customers;

(b) Take or permit any action that impairs or would impair the value of securitized utility tariff property or the security for the securitized utility tariff bonds or revises the securitized utility tariff costs for which recovery is authorized;

(c) In any way impair the rights and remedies of the bondholders, assignees, and other financing parties;

(d) Except for changes made pursuant to the formula-based true-up mechanism authorized under this section, reduce, alter, or impair securitized utility tariff charges that are to be imposed, billed, charged, collected, and remitted for the benefit of the bondholders, any assignee, and any other financing parties until any and all principal, interest, premium, financing costs and other fees, expenses, or charges incurred, and any contracts to be performed, in connection with the related securitized utility tariff bonds have been paid and performed in full.

(2) Any person or entity that issues securitized utility tariff bonds may include the language specified in this subsection in the securitized utility tariff bonds and related documentation.

12. An assignee or financing party is not an electrical corporation or person providing electric service by virtue of engaging in the transactions described in this section.

13. If there is a conflict between this section and any other law regarding the attachment, assignment, or perfection, or the effect of perfection, or priority of, assignment or transfer of, or security interest in securitized utility tariff property, this section shall govern.

14. If any provision of this section is held invalid or is invalidated, superseded, replaced, repealed, or expires for any reason, that occurrence does not affect the validity of any action allowed under this section which is taken by an electrical corporation, an assignee, a financing party, a collection agent, or a party to an ancillary agreement; and any such action remains in full force and effect with respect to all securitized utility tariff bonds issued or authorized in a financing order issued under this section before the date that such provision is held invalid or is invalidated, superseded, replaced, or repealed, or expires for any reason.”; and

2. Vehicle value protection agreements shall not be sold unless the contract holder has been or will be provided access to a copy of the vehicle value protection agreement within a reasonable time.

The notice shall state the effective date of the cancellation and the reason for the cancellation. If a vehicle value protection agreement is cancelled by the provider for a reason other than nonpayment of the provider fee, the provider shall refund to the contract holder one hundred percent of the unearned pro rata provider fee paid by the contract holder, if any. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the administration of sections 303.420 to 303.440.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

303.425. 1. (1) There is hereby created within the department of revenue the motor vehicle financial responsibility enforcement and compliance incentive program. The department of revenue may enter into contractual agreements with third-party vendors to facilitate the necessary technology and equipment, maintenance thereof, and associated program management services.

(2) The department of revenue or a third-party vendor shall utilize technology to compare vehicle registration information with the financial responsibility information accessible through the system. The department of revenue shall utilize this information to identify motorists who are in violation of the motor vehicle financial responsibility law. The department of revenue may offer offenders under this program the option of pretrial diversion as an alternative to statutory fines or reinstatement fees prescribed under the motor vehicle financial responsibility law as a method of encouraging compliance and discouraging recidivism.

(3) The department of revenue or third-party vendors shall not use any data collected from or technology associated with any automated motor vehicle financial responsibility enforcement system. For purposes of this subdivision, “motor vehicle financial responsibility enforcement system” means a device consisting of a camera or cameras and vehicle sensor or sensors installed to record motor vehicle financial responsibility violations.

(4) All fees paid to or collected by third-party vendors under sections 303.420 to 303.440 may come from violator diversion fees generated by the pretrial diversion option established under this section.

2. The department of revenue may authorize law enforcement agencies or third-party vendors to use technology to collect data for the investigation, detection, analysis, and enforcement of the motor vehicle financial responsibility law.

3. The department of revenue may authorize traffic enforcement officers, or third-party vendors to administer the processing and issuance of notices of violation, the collection of fees for a violation of the motor vehicle financial responsibility law, or the referral of cases for prosecution, under the program.

4. Access to the system shall be restricted to qualified agencies and the third-party vendors with which the department of revenue contracts for purposes of the program, provided that any third-party vendor with which a contract is executed to provide necessary technology, equipment, or maintenance for the program shall be authorized as necessary to collaborate for required updates and maintenance of system software.

5. For purposes of the program, any data collected and matched to a corresponding vehicle insurance record as verified through the system, and any Missouri vehicle registration database, may be used to identify violations of the motor vehicle financial responsibility law. Such corresponding data shall constitute evidence of the violations.

6. Except as otherwise provided in this section, the department of revenue shall suspend, in accordance with section 303.041, the registration of any motor vehicle that is determined under the program to be in violation of the motor vehicle financial responsibility law.

7. The department of revenue shall send to an owner whose vehicle is identified under the program as being in violation of the motor vehicle financial responsibility law a notice that the vehicle's registration may be suspended unless the owner, within thirty days, provides proof of financial responsibility for the vehicle or proof, in a form specified by the department of revenue, that the owner has a pending criminal charge for a violation of the motor vehicle financial responsibility law. The notice shall include information on steps an individual may take to obtain proof of financial responsibility and a web address to a page on the department of revenue's website where information on obtaining proof of financial responsibility shall be provided. If proof of financial responsibility or a pending criminal charge is not provided within the time allotted, the department of revenue shall provide a notice of suspension and suspend the vehicle's registration in accordance with section 303.041, or shall send a notice of vehicle registration suspension, clearly specifying the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the vehicle owner to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made, as well as informing the owner that the matter will be referred for prosecution if a satisfactory response is not received in the time allotted, informing the owner that the minimum penalty for the violation is three hundred dollars and four license points, and offering the owner participation in a pretrial diversion option to preclude referral for prosecution and registration suspension under sections 303.420 to 303.440. The notice of vehicle registration suspension shall give a period of thirty-three days from mailing for the vehicle owner to respond, and shall be deemed received three days after mailing. If no request for a hearing or agreement to participate in the diversion option is received by the department of revenue prior to the date provided on the notice of vehicle registration suspension,

the director shall suspend the vehicle's registration, effective immediately, and refer the case to the appropriate prosecuting attorney. If an agreement by the vehicle owner to participate in the diversion option is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then upon payment of a diversion participation fee not to exceed two hundred dollars, agreement to secure proof of financial responsibility within the time provided on the notice of suspension, and agreement that such financial responsibility shall be maintained for a minimum of two years, no points shall be assessed to the vehicle owner's driver's license under section 302.302 and the department of revenue shall not take further action against the vehicle owner under sections 303.420 to 303.440, subject to compliance with the terms of the pretrial diversion option. The department of revenue shall suspend the vehicle registration of, and shall refer the case to the appropriate prosecuting attorney for prosecution of, participating vehicle owners who violate the terms of the pretrial diversion option. If a request for hearing is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then for all purposes other than eligibility for participation in the diversion option, the effective date of the suspension shall be stayed until a final order is issued following the hearing. The department of revenue shall suspend the registration of vehicles determined under the final order to have violated the motor vehicle financial responsibility law, and shall refer the case to the appropriate prosecuting attorney for prosecution. Notices under this subsection shall be mailed to the vehicle owner at the last known address shown on the department of revenue's records. The department of revenue or its third-party vendor shall issue receipts for the collection of diversion participation fees. Except as otherwise provided in subsection 1 of this section, all such fees shall be deposited into the motor vehicle financial responsibility verification and enforcement fund established in section 303.422. A vehicle owner whose registration has been suspended under sections 303.420 to 303.440 may obtain reinstatement of the registration upon providing proof of financial responsibility and payment to the department of revenue of a nonrefundable reinstatement fee equal to the fee that would be applicable under subsection 2 of section 303.042 if the registration had been suspended under section 303.041.

8. Data collected or retained under the program shall not be used by any entity for purposes other than enforcement of the motor vehicle financial responsibility law. Data collected and stored by law enforcement under the program shall be considered evidence if noncompliance with the motor vehicle financial responsibility law is confirmed. The evidence, and an affidavit stating that the evidence and system have identified a particular vehicle as being in violation of the motor vehicle financial responsibility law, shall constitute probable cause for prosecution and shall be forwarded in accordance with subsection 7 of this section to the appropriate prosecuting attorney.

9. Owners of vehicles identified under the program as being in violation of the motor vehicle financial responsibility law shall be provided with options for disputing such claims which do not require appearance at any state or local court of law, or administrative facility. Any person who presents timely proof that he or she was in compliance with the motor vehicle financial responsibility law at the time of the alleged violation shall be entitled to dismissal of the charge with no assessment of fees or fines. Proof provided by a vehicle owner to the department of revenue that the vehicle was in compliance at the time of the suspected violation of the motor vehicle financial responsibility law shall be recorded in the system established by the department of revenue under section 303.430.

10. The collection of data pursuant to this section shall be done in a manner that prohibits any bias towards a specific community, race, gender, or socioeconomic status of vehicle owner.

11. Law enforcement agencies, third-party vendors, or other entities authorized to operate under the program shall not sell data collected or retained under the program for any purpose or share it for any purpose not expressly authorized in this section. All data shall be secured and any third-party vendor or other entity authorized to operate under the program may be liable for any data security breach.

12. The department of revenue shall not take action under sections 303.420 to 303.440 against vehicles registered as fleet vehicles under section 301.032, or against vehicles known to the department of revenue to be insured under a policy of commercial auto coverage, as such term is defined in subdivision (10) of subsection 2 of section 303.430.

13. Following one year after the implementation of the program, and every year thereafter, the department of revenue shall provide a report to the president pro tempore of the senate, the speaker of the house of representatives, the chairs of the house and senate committees with jurisdictions over insurance or transportation matters, and the chairs of the house budget and senate appropriations committees. The report shall include an evaluation of program operations, information as to the costs of the program incurred by the department of revenue, insurers, and the public, information as to the effectiveness of the program in reducing the number of uninsured motor vehicles, and anonymized demographic information including the race and zip code of vehicle owners identified under the program as being in violation of the motor vehicle financial responsibility law, and may include any additional information and recommendations for improvement of the program deemed appropriate by the department of revenue. The department of revenue may, by rule, require the state, counties, and municipalities to provide information in order to complete the report.

14. The department of revenue may promulgate rules as necessary for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.430. 1. The department of revenue shall establish and maintain a web-based system for the verification of motor vehicle financial responsibility, shall provide access to insurance reporting data and vehicle registration and financial responsibility data, and shall require motor vehicle insurers to establish functionality for the verification system, as provided in sections 303.420 to 303.440. The verification system, including any exceptions as provided for in sections 303.420 to 303.440 or in the implementation guide developed to support the program, shall supersede any existing verification system, and shall be the sole system used for the purpose of verifying financial responsibility required under this chapter.

2. The system established pursuant to subsection 1 of this section shall be subject to the following:

(1) The verification system shall transmit requests to insurers for verification of motor vehicle insurance coverage via web services established by the insurers through the internet in compliance with the specifications and standards of the Insurance Industry Committee on Motor Vehicle Administration, or “IICMVA”. Insurance company systems shall respond to each request with a prescribed response upon evaluation of the data provided in the request. The system shall include appropriate protections to secure its data against unauthorized access, and the department of revenue shall maintain a historical record of the system data for a period of no more than twelve months from the date of all requests and responses. The system shall be used for verification of the financial responsibility required under this chapter. The system shall be accessible to authorized personnel of the department of revenue, the courts, law enforcement personnel, and other entities authorized by the state as permitted by state or federal privacy laws, and it shall be interfaced, wherever appropriate, with existing state systems. The system shall include information enabling the department of revenue to submit inquiries to insurers regarding motor vehicle insurance which are consistent with insurance industry and IICMVA recommendations, specifications, and standards by using the following data elements for greater matching accuracy: insurer National Association of Insurance Commissioners, or “NAIC”, company code; vehicle identification number; policy number; verification date; or as otherwise described in the specifications and standards of the IICMVA. The department of revenue shall promulgate rules to offer insurers who insure one thousand or fewer vehicles within this state an alternative method for verifying motor vehicle insurance coverage in lieu of web services, and to provide for the verification of financial responsibility when financial responsibility is proven to the department to be maintained by means other than a policy of motor vehicle insurance. Insurers shall not be required to verify insurance coverage for vehicles registered in other jurisdictions;

(2) The verification system shall respond to each request within a time period established by the department of revenue. An insurer’s system shall respond within the time period prescribed by the IICMVA’s specifications and standards. Insurer systems shall be permitted reasonable system downtime for maintenance and other work with advance notice to the department of revenue. Insurers shall not be subject to enforcement fees or other sanctions under such circumstances, or when systems are not available because of emergency, outside attack, or other unexpected outages not planned by the insurer and reasonably outside its control;

(3) The system shall assist in identifying violations of the motor vehicle financial responsibility law in the most effective way possible. Responses to individual insurance verification requests shall have no bearing on whether insurance coverage is determined to be in force at the time of a claim. Claims shall be individually investigated to determine the existence of coverage. Nothing in sections 303.420 to 303.440 shall prohibit the department of revenue from contracting with a third-party vendor or vendors who have successfully implemented similar systems in other states to assist in establishing and maintaining this verification system;

(4) The department of revenue shall consult with representatives of the insurance industry and may consult with third-party vendors to determine the objectives, details, and deadlines related to the system by establishment of an advisory council. The advisory council shall consist of voting members comprised of:

- (a) The director of the department of commerce and insurance, or his or her designee, who shall serve as chair;
 - (b) Two representatives of the department of revenue, to be appointed by the director of the department of revenue;
 - (c) One representative of the department of commerce and insurance, to be appointed by the director of the department of commerce and insurance;
 - (d) Three representatives of insurance companies, to be appointed by the director of the department of commerce and insurance;
 - (e) One representative from the Missouri Insurance Coalition;
 - (f) One representative chosen by the National Association of Mutual Insurance Companies;
 - (g) One representative chosen by the American Property and Casualty Insurance Association;
 - (h) One representative chosen by the Missouri Independent Agents Association; and
 - (i) Such other representatives as may be appointed by the director of the department of commerce and insurance;
- (5) The department of revenue shall publish for comment, and then issue, a detailed implementation guide for its online verification system;
- (6) The department of revenue and its third-party vendors, if any, shall each maintain a contact person for insurers during the establishment, implementation, and operation of the system;
- (7) If the department of revenue has reason to believe a vehicle owner does not maintain financial responsibility as required under this chapter, it may also request an insurer to verify the existence of such financial responsibility in a form approved by the department of revenue. In addition, insurers shall cooperate with the department of revenue in establishing and maintaining the verification system established under this section, and shall provide motor vehicle insurance policy status information as provided in the rules promulgated by the department of revenue;
- (8) Every property and casualty insurance company licensed to issue motor vehicle insurance or authorized to do business in this state shall comply with sections 303.420 to 303.440, and corresponding rules promulgated by the department of revenue, for the verification of such insurance for every vehicle insured by that company in this state;
- (9) Insurers shall maintain a historical record of insurance data for a minimum period of six months from the date of policy inception or policy change for the purpose of historical verification inquiries;
- (10) For the purposes of this section, “commercial auto coverage” shall mean any coverage provided to an insured, regardless of number of vehicles or entities covered, under a commercial coverage form and rated from a commercial manual approved by the department of commerce and insurance. Sections 303.420 to 303.440 shall not apply to vehicles insured under commercial auto coverage; however, insurers of such vehicles may participate on a voluntary basis, and vehicle

owners may provide proof at or subsequent to the time of vehicle registration that a vehicle is insured under commercial auto coverage, which the department of revenue shall record in the system;

(11) Insurers shall provide commercial or fleet automobile customers with evidence reflecting that the vehicle is insured under a commercial or fleet automobile liability policy. Sufficient evidence shall include an insurance identification card clearly marked with a suitable identifier such as “commercial auto insurance identification card”, “fleet auto insurance identification card”, or other clear identification that the vehicle is insured under a fleet or commercial policy;

(12) Notwithstanding any provision of sections 303.420 to 303.440, insurers shall be immune from civil and administrative liability for good faith efforts to comply with the terms of sections 303.420 to 303.440;

(13) Nothing in this section shall prohibit an insurer from using the services of a third-party vendor for facilitating the verification system required under sections 303.420 to 303.440.

3. The department of revenue shall promulgate rules as necessary for the implementation of sections 303.420 to 303.440. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.440. The verification system established under section 303.430 shall be installed and fully operational on January 1, 2025, following an appropriate testing or pilot period of not less than nine months. Until the successful completion of the testing or pilot period in the judgment of the director of the department of revenue, no enforcement action shall be taken based on the system, including but not limited to action taken under the program established under section 303.425.”; and

Further amend said bill, Pages 2-3, Section 43.507, Lines 1-31, by deleting said lines and inserting in lieu thereof the following:

"67.145. 1. No political subdivision of this state shall prohibit any first responder from engaging in any political activity while off duty and not in uniform, being a candidate for elected or appointed public office, or holding such office unless such political activity or candidacy is otherwise prohibited by state or federal law.

2. As used in this section, "first responder" means any person trained and authorized by law or rule to render emergency medical assistance or treatment. Such persons may include, but shall not be limited to, emergency first responders, **telecommunicator first responders**, police officers, sheriffs, deputy sheriffs, firefighters, ambulance attendants and attendant drivers, emergency medical technicians, mobile emergency medical technicians, emergency medical technician-paramedics, registered nurses, or physicians.

70.631. 1. Each political subdivision may, by majority vote of its governing body, elect to cover [emergency telecommunicators] **telecommunicator first responders**, jailors, and emergency medical service personnel as public safety personnel members of the system. The clerk or secretary of the political subdivision shall certify an election concerning the coverage of [emergency telecommunicators] **telecommunicator first responders**, jailors, and emergency medical service personnel as public safety personnel members of the system to the board within ten days after such vote. The date in which the political subdivision's election becomes effective shall be the first day of the calendar month specified by such governing body, the first day of the calendar month next following receipt by the board of the certification of the election, or the effective date of the political subdivision's becoming an employer, whichever is the latest date. 2. If an employer elects to cover [emergency telecommunicators] **telecommunicator first responders**, jailors, and emergency medical service personnel as public safety personnel members of the system, the employer's contributions shall be correspondingly changed effective the same date as the effective date of the political subdivision's election.

3. The limitation on increases in an employer's contributions provided by subsection 6 of section 70.730 shall not apply to any contribution increase resulting from an employer making an election under the provisions of this section.

84.344. 1. Notwithstanding any provisions of this chapter to the contrary, any city not within a county may establish a municipal police force on or after July 1, 2013, according to the procedures and requirements of this section. The purpose of these procedures and requirements is to provide for an orderly and appropriate transition in the governance of the police force and provide for an equitable employment transition for commissioned and civilian personnel.

2. Upon the establishment of a municipal police force by a city under sections 84.343 to 84.346, the board of police commissioners shall convey, assign, and otherwise transfer to the city title and ownership of all indebtedness and assets, including, but not limited to, all funds and real and personal property held in the name of or controlled by the board of police commissioners created under sections 84.010 to 84.340. The board of police commissioners shall execute all documents reasonably required to accomplish such transfer of ownership and obligations.

3. If the city establishes a municipal police force and completes the transfer described in subsection 2 of this section, the city shall provide the necessary funds for the maintenance of the municipal police force.

4. Before a city not within a county may establish a municipal police force under this section, the city shall adopt an ordinance accepting responsibility, ownership, and liability as successor-in-interest for contractual obligations, indebtedness, and other lawful obligations of the board of police commissioners subject to the provisions of subsection 2 of section 84.345.

5. A city not within a county that establishes a municipal police force shall initially employ, without a reduction in rank, salary, or benefits, all commissioned and civilian personnel of the board of police commissioners created under sections 84.010 to 84.340 that were employed by the board immediately prior to the date the municipal police force was established. Such commissioned personnel who previously were employed by the board may only be involuntarily terminated by the city not within a county for cause. The city shall also recognize all accrued years of service that such commissioned and civilian personnel had with the board of police commissioners. Such personnel shall be entitled to the same holidays, vacation, and sick leave they were entitled to as employees of the board of police commissioners.

6. [(1)] Commissioned and civilian personnel of a municipal police force established under this section [who are hired prior to September 1, 2023,] shall not be subject to a residency requirement of retaining a primary residence in a city not within a county but may be required to maintain a primary residence located within a one-hour response time.

[(2)Commissioned and civilian personnel of a municipal police force established under this section who are hired after August 31, 2023, may be subject to a residency rule no more restrictive than a requirement of retaining a primary residence in a city not within a county for a total of seven years and of then allowing the personnel to maintain a primary residence outside the city not within a county so long as the primary residence is located within a one-hour response time.]

7. The commissioned and civilian personnel who retire from service with the board of police commissioners before the establishment of a municipal police force under subsection 1 of this section shall continue to be entitled to the same pension benefits provided under chapter 86 and the same benefits set forth in subsection 5 of this section.

8. If the city not within a county elects to establish a municipal police force under this section, the city shall establish a separate division for the operation of its municipal police force. The civil service commission of the city may adopt rules and regulations appropriate for the unique operation of a police department. Such rules and regulations shall reserve exclusive authority over the disciplinary process and procedures affecting commissioned officers to the civil service commission; however, until such time as the city adopts such rules and regulations, the commissioned personnel shall continue to be governed by the board of police commissioner's rules and regulations in effect immediately prior to the establishment of the municipal police force, with the police chief acting in place of the board of police commissioners for purposes of applying the rules and regulations. Unless otherwise provided for, existing civil service commission rules and regulations governing the appeal of disciplinary decisions to the civil service commission shall apply to all commissioned and civilian personnel. The civil service commission's rules and regulations shall provide that records prepared for disciplinary purposes shall be confidential, closed records available solely to the civil service commission and those who possess authority to conduct investigations regarding disciplinary matters pursuant to the civil service commission's rules and regulations. A hearing officer shall be appointed by the civil service commission to hear any such appeals that involve discipline resulting in a suspension of greater than fifteen days, demotion, or termination, but the civil service commission shall make the final findings of fact, conclusions of law, and decision which shall be subject to any right of appeal under chapter 536.

9. A city not within a county that establishes and maintains a municipal police force under this section:

(1) Shall provide or contract for life insurance coverage and for insurance benefits providing health, medical, and disability coverage for commissioned and civilian personnel of the municipal police force to the same extent as was provided by the board of police commissioners under section 84.160;

(2) Shall provide or contract for medical and life insurance coverage for any commissioned or civilian personnel who retired from service with the board of police commissioners or who were employed by the board of police commissioners and retire from the municipal police force of a city not within a county to the same extent such medical and life insurance coverage was provided by the board of police commissioners under section 84.160;

(3) Shall make available medical and life insurance coverage for purchase to the spouses or dependents of commissioned and civilian personnel who retire from service with the board of police commissioners or the municipal police force and deceased commissioned and civilian personnel who receive pension benefits under sections 86.200 to 86.366 at the rate that such dependent's or spouse's coverage would cost under the appropriate plan if the deceased were living; and

(4) May pay an additional shift differential compensation to commissioned and civilian personnel for evening and night tours of duty in an amount not to exceed ten percent of the officer's base hourly rate.

10. A city not within a county that establishes a municipal police force under sections 84.343 to 84.346 shall establish a transition committee of five members for the purpose of: coordinating and implementing the transition of authority, operations, assets, and obligations from the board of police commissioners to the city; winding down the affairs of the board; making nonbinding recommendations for the transition of the police force from the board to the city; and other related duties, if any, established by executive order of the city's mayor. Once the ordinance referenced in this section is enacted, the city shall provide written notice to the board of police commissioners and the governor of the state of Missouri. Within thirty days of such notice, the mayor shall appoint three members to the committee, two of whom shall be members of a statewide law enforcement association that represents at least five thousand law enforcement officers. The remaining members of the committee shall include the police chief of the municipal police force and a person who currently or previously served as a commissioner on the board of police commissioners, who shall be appointed to the committee by the mayor of such city.

84.480. The board of police commissioners shall appoint a chief of police who shall be the chief police administrative and law enforcement officer of such cities. The chief of police shall be chosen by the board solely on the basis of his or her executive and administrative qualifications and his or her demonstrated knowledge of police science and administration with special reference to his or her actual experience in law enforcement leadership and the provisions of section 84.420. At the time of the appointment, the chief shall [not be more than sixty years of age, shall] have had at least five years' executive experience in a governmental police agency and shall be certified by a surgeon or physician to be in a good physical condition, and shall be a citizen of the United States and shall either be or become a citizen of the state of Missouri and resident of the city in which he or she is appointed as chief of police. 4. Officers assigned to wear civilian clothes in the performance of their regular duties may receive an additional one hundred fifty dollars per month clothing allowance. Uniformed officers may receive seventy-five dollars per month uniform maintenance allowance.

5. The chief of police, subject to the approval of the board, shall establish the total regular working hours for all police department employees, and the board has the power, upon recommendation of the chief, to pay additional compensation for all hours of service rendered in excess of the established regular working period, but the rate of overtime compensation shall not exceed one and one-half times the regular hourly rate of pay to which each member shall normally be entitled. No credit shall be given nor deductions made from payments for overtime for the purpose of retirement benefits.

6. The board of police commissioners, by majority affirmative vote, including the mayor, has the authority by resolution to authorize incentive pay in addition to the base compensation as provided for in subsection 2 of this section, to be paid police officers of any rank who they determine are assigned duties which require an extraordinary degree of skill, technical knowledge and ability, or which are highly demanding or unusual. However, any officer receiving a pay increment provided pursuant to the provisions of subsections 6 and 7 of this section shall not be deprived of such pay increment as a result of the limitations of this subsection.]

106.270. 1. If any official against whom a proceeding has been filed, as provided for in sections 106.220 to 106.290, shall be found guilty of failing personally to devote his **or her** time to the performance of the duties of such office, or of any willful, corrupt or fraudulent violation or neglect of official duty, or of knowingly or willfully failing or refusing to do or perform any official act or duty which by law it is

made his **or her** duty to do or perform with respect to the execution or enforcement of the criminal laws of the state, the court shall render judgment removing him **or her** from such office, and he **or she** shall not be [elected or] appointed to fill the vacancy thereby created, but the [same] **vacancy** shall be filled as provided by law for filling vacancies [in other cases] **in any state or county office**. All actions and proceedings under sections 106.220 to 106.290 shall be in the nature of civil actions, and tried as such.

2. Beginning in school year 2017-18, any public school or charter school serving grades nine through twelve shall provide enrolled students instruction in cardiopulmonary resuscitation. Students with disabilities may participate to the extent appropriate as determined by the provisions of the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act. Instruction shall be included in the district's existing health or physical education curriculum. Instruction shall be based on a program established by the American Heart Association or the American Red Cross, or through a nationally recognized program based on the most current national evidence-based emergency cardiovascular care guidelines, and psychomotor skills development shall be incorporated into the instruction. For purposes of this section, "psychomotor skills" means the use of hands-on practicing and skills testing to support cognitive learning.

3. The teacher of the cardiopulmonary resuscitation course or unit shall not be required to be a certified trainer of cardiopulmonary resuscitation if the instruction is not designed to result in certification of students. Instruction that is designed to result in certification being earned shall be required to be taught by an authorized cardiopulmonary instructor. Schools may develop agreements with any local chapter of a voluntary organization of first responders to provide the required hands-on practice and skills testing. **For purposes of this subsection, "first responders" shall include telecommunicator first responders as defined in section 650.320.**

4. The department of elementary and secondary education may promulgate rules to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

190.091. 1. As used in this section, the following terms mean:

287.067. 1. In this chapter the term “occupational disease” is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The “prevailing factor” is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The “prevailing factor” is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

5. “Radiation disability” is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590 if a direct causal relationship is established, or psychological stress of

firefighters of a paid fire department or paid peace officers of a police department who are certified under chapter 590 if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease.

9. (1) (a) Posttraumatic stress disorder (PTSD), as described in the Diagnostic and Statistical Manual of Mental Health Disorders, Fifth Edition, published by the American Psychiatric Association, (DSM-5) is recognized as a compensable occupational disease for purposes of this chapter when diagnosed in a first responder, as that term is defined under section 67.145.

(b) Benefits payable to a first responder under this section shall not require a physical injury to the first responder, and are not subject to any preexisting PTSD.

(c) Benefits payable to a first responder under this section are compensable only if demonstrated by clear and convincing evidence that PTSD has resulted from the course and scope of employment, and the first responder is examined and diagnosed with PTSD by an authorized treating physician, due to the first responder experiencing one of the following qualifying events:

a. Seeing for oneself a deceased minor;

b. Witnessing directly the death of a minor;

c. Witnessing directly the injury to a minor who subsequently died prior to or upon arrival at a hospital emergency department, participating in the physical treatment of, or manually transporting, an injured minor who subsequently died prior to or upon arrival at a hospital emergency department;

d. Seeing for oneself a person who has suffered serious physical injury of a nature that shocks the conscience;

e. Witnessing directly a death, including suicide, due to serious physical injury; or homicide, including murder, mass killings, manslaughter, self-defense, misadventure, and negligence;

f. Witnessing directly an injury that results in death, if the person suffered serious physical injury that shocks the conscience;

g. Participating in the physical treatment of an injury, including attempted suicide, or manually transporting an injured person who suffered serious physical injury, if the injured person subsequently died prior to or upon arrival at a hospital emergency department; or

h. Involvement in an event that caused or may have caused serious injury or harm to the first responder or had the potential to cause the death of the first responder, whether accidental or by an intentional act of another individual.

(2) **The time for notice of injury or death in cases of compensable PTSD under this section is measured from exposure to one of the qualifying stressors listed in the DSM-5 criteria, or the diagnosis of the disorder, whichever is later. Any claim for compensation for such injury shall be properly noticed within fifty-two weeks after the qualifying exposure, or the diagnosis of the disorder, whichever is later.**

A judicial officer whose personal information is made public as a result of a violation of sections 476.1304 to 476.1306 may bring an action seeking injunctive or declaratory relief in any court of competent jurisdiction. If the court grants injunctive or declaratory relief, the person, business, or association responsible for the violation shall be required to pay the judicial officer's costs and reasonable attorney's fees.

476.1310. 1. No government agency, person, business, or association shall be found to have violated any provision of sections 476.1300 to 476.1310 if the judicial officer fails to submit a written request calling for the protection of the judicial officer's personal information.

2. A written request shall be valid if:

(1) The judicial officer sends a written request directly to a government agency, person, business, or association; or

(2) The judicial officer complies with a Missouri supreme court rule for a state judicial officer to file the written request with the clerk of the Missouri supreme court or the clerk's designee to notify government agencies and such notice is properly delivered by mail or electronic format.

3. In each quarter of a calendar year, the clerk of the Missouri supreme court or the clerk's designee shall provide a list of all state judicial officers who have submitted a written request under this section to the appropriate officer with ultimate supervisory authority for a government agency. The officer shall promptly provide a copy of the list to all government agencies under his or her supervision. Receipt of the written request list compiled by the clerk of the Missouri supreme court or the clerk's designee by a government agency shall constitute a written request to that government agency for the purposes of sections 476.1300 to 476.1310.

4. The chief clerk or circuit clerk of the court where the judicial officer serves may submit a written request on the judicial officer's behalf, provided that the judicial officer gives written consent to the clerk and provided that the clerk agrees to furnish a copy of that consent when a written request is made. The chief clerk or circuit clerk shall submit the written request as provided by subsection 2 of this section.

5. A judicial officer's written request shall specify what personal information shall be maintained as private. If a judicial officer wishes to identify a secondary residence as a home address, the designation shall be made in the written request. A judicial officer shall disclose the identity of his or her immediate family and indicate that the personal information of those members of the immediate family shall also be excluded to the extent that it could reasonably be expected to reveal the personal information of the judicial officer. A judicial officer shall make reasonable efforts to identify specific publicly available content in the possession of a government agency.

6. A judicial officer's written request is valid until the judicial officer provides the government agency, person, business, or association with written consent to release the personal information. A judicial officer's written request expires on such judicial officer's death.

7. The provisions of sections 476.1300 to 476.1310 shall not apply to any disclosure of personal information of a judicial officer or a member of a judicial officer's immediate family as required by Article VIII, Section 23 of the Missouri Constitution, sections 105.470 to 105.482, section 105.498, and chapter 130.

476.1313. 1. Notwithstanding any other provision of law to the contrary, a recorder of deeds shall meet the requirements of the provisions of sections 476.1300 to 476.1310 by complying with this section. As used in this section, the following terms mean:

(1) "Eligible documents", documents or instruments that are maintained by and located in the office of the recorder of deeds that are accessed electronically;

(2) "Immediate family", shall have the same meaning as in section 476.1300;

(3) "Indexes", indexes maintained by and located in the office of the recorder of deeds that are accessed electronically;

(4) "Judicial officer", shall have the same meaning as in section 476.1300;

(5) "Recorder of deeds", shall have the same meaning as in section 59.005;

(6) "Shield", "shielded", or "shielding", a prohibition against the general public's electronic access to eligible documents and the unique identifier and recording date contained in indexes for eligible documents;

(7) "Written request", written or electronic notice signed by:

(a) A state judicial officer and submitted to the clerk of the Missouri supreme court or the clerk's designee; or

(b) A federal judicial officer and submitted to that judicial officer's clerk of the court or the clerk's designee;

that is transmitted electronically by the applicable clerk to a recorder of deeds to request that eligible documents be shielded.

2. Written requests transmitted to a recorder of deeds shall only include information specific to eligible documents maintained by that county. Any written request transmitted to a recorder of deeds shall include the requesting judicial officer's full legal name or legal alias and a document locator number for each eligible document for which the judicial officer is requesting shielding. If the judicial officer is not a party to the instrument but is requesting shielding for an eligible document in which an immediate family member is a party to the instrument, the full legal name or legal alias of the immediate family member shall also be provided.

3. Not more than five business days after the date on which the recorder of deeds receives the written request, the recorder of deeds shall shield the eligible documents listed in the written request. Within five business days of receipt, the recorder of deeds shall electronically reply to the written request with a list of any document locator numbers submitted under subsection 2 of this section not found in the records maintained by that recorder of deeds.

4. If the full legal name or legal alias of the judicial officer or immediate family member provided does not appear on an eligible document listed in the written request, the recorder of deeds may electronically reply to the written request with this information. The recorder of deeds may delay shielding such eligible document until electronic confirmation is received from the applicable court clerk or judicial officer.

5. In order to shield subsequent eligible documents, the judicial officer shall present to the recorder of deeds at the time of recording a copy of his or her written request. The recorder of deeds shall ensure that the eligible document is shielded within five business days.

6. Eligible documents shall remain shielded until the recorder of deeds receives a court order or notarized affidavit signed by the judicial officer directing the recorder of deeds to terminate shielding.

7. The provisions of this section shall not prohibit access to a shielded eligible document by an individual or entity that provides to the recorder of deeds a court order or notarized affidavit signed by the judicial officer.

8. No recorder of deeds shall be liable for any damages under this section, provided the recorder of deeds made a good faith effort to comply with the provisions of this section. No recorder of deeds shall be liable for the release of any eligible document or any data from any eligible document that was released or accessed prior to the eligible document being shielded pursuant to this section.

509.520. 1. Notwithstanding any provision of law to the contrary, beginning August 28, [2009] **2023**, pleadings, attachments, [or] exhibits filed with the court in any case, as well as any judgments **or orders** issued by the court, **or other records of the court** shall not include **the following confidential and personal identifying information**:

2. The information provided under subsection 1 of this section shall be provided in a confidential information filing sheet contemporaneously filed with the court or entered by the court, which shall not be subject to public inspection or availability.

3. Nothing in this section shall preclude an entity including, but not limited to, a financial institution, insurer, insurance support organization, or consumer reporting agency that is otherwise permitted by law to access state court records from using a person's unique identifying information to match such information contained in a court record to validate that person's record.

4. The Missouri supreme court shall promulgate rules to administer this section.

5. Contemporaneously with the filing of every petition for dissolution of marriage, legal separation, motion for modification, action to establish paternity, and petition or motion for support or custody of a minor child, the filing party shall file a confidential case filing sheet with the court which shall not be subject to public inspection and which provides:

(1) The name and address of the current employer and the Social Security number of the petitioner or movant, if a person;

(2) If known to the petitioner or movant, the name and address of the current employer and the Social Security number of the respondent; and

The full credit card number or other financial account number of any party may be retained by the court on a confidential record if it is necessary to maintain the number in conjunction with the administration of the case.

[5.] **8.** Any document described in subsection 1 of this section shall, in lieu of the full number, include only the last four digits of any such number.

[6.] **9.** Except as provided in section 452.430, the clerk shall not be required to redact any document described in subsection 1 of this section issued or filed before August 28, 2009, prior to releasing the document to the public.

[7.] **10.** For good cause shown, the court may release information contained on the confidential case filing sheet; except that, any state agency acting under authority of chapter 454 shall have access to information contained herein without court order in carrying out their official duty.”; and

Further amend said bill, Page 20, Section 547.500, Line 24, by inserting after the word “**discovered**” the words “**and reliable**”; and

Further amend said bill, page, and section, Line 25, by deleting the word “**verifiable**” and inserting in lieu thereof the word “**reliable**”; and

Further amend said bill, Pages 22-32, Section 552.020, Lines 1-330, by deleting said lines and inserting in lieu thereof the following:

“552.020. 1. No person who as a result of mental disease or defect lacks capacity to understand the proceedings against him or her or to assist in his or her own defense shall be tried, convicted or sentenced for the commission of an offense so long as the incapacity endures.

2. Whenever any judge has reasonable cause to believe that the accused lacks mental fitness to proceed, the judge shall, upon his or her own motion or upon motion filed by the state or by or on behalf of the accused, by order of record, appoint one or more private psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, who are neither employees nor contractors of the department of mental health for purposes of performing the examination in question, to examine the accused; or shall direct the director to have the accused so examined by one or more psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability, developmental disability, or mental illness. The order shall direct that a written report or reports of such examination be filed with the clerk of the court. No private physician, psychiatrist, or psychologist shall be appointed by the court unless he or she has consented to act. The examinations ordered shall be made at such time and place and under such conditions as the court deems proper; except that, if the order directs the director of the department to have the accused examined, the director, or his or her designee, shall determine the time, place and conditions under which the examination shall be conducted. The order may include provisions for the interview of witnesses and may require the provision of police reports to the department for use in evaluations. The department shall establish standards and provide training for those individuals performing examinations pursuant to this section and section 552.030. No individual who is employed by or contracts with the department shall be designated to perform an examination pursuant to this chapter unless the individual meets the qualifications so established by the department. Any examination performed pursuant to this subsection shall be completed and filed with the court within sixty days of the order unless the court for good cause orders otherwise. Nothing in this section or section 552.030 shall be construed to permit psychologists to engage in any activity not authorized by chapter 337. One pretrial evaluation shall be provided at no charge to the defendant by the department. All costs of subsequent evaluations shall be assessed to the party requesting the evaluation.

3. A report of the examination made under this section shall include:

(1) Detailed findings;

(2) An opinion as to whether the accused has a mental disease or defect;

(3) An opinion based upon a reasonable degree of medical or psychological certainty as to whether the accused, as a result of a mental disease or defect, lacks capacity to understand the proceedings against him or her or to assist in his or her own defense;

(4) An opinion, if the accused is found to lack capacity to understand the proceedings against him or her or to assist in his or her own defense, as to whether there is a substantial probability that the accused will be mentally fit to proceed in the reasonably foreseeable future;

(5) A recommendation as to whether the accused should be held in custody in a suitable hospital facility for treatment pending determination, by the court, of mental fitness to proceed; [and

(5)] **(6) A recommendation as to whether the accused, if found by the court to be mentally fit to proceed, should be detained in such hospital facility pending further proceedings;**

(7) A recommendation as to whether the accused, if found by the court to lack the mental fitness to proceed, should be committed to a suitable hospital facility for treatment to restore the mental fitness to proceed or if such treatments to restore the mental fitness to proceed may be provided in a county jail or other detention facility approved by the director or his or her designee; and

(8) A recommendation as to whether the accused, if found by the court to lack the mental fitness to proceed, and the accused is not charged with a dangerous felony as defined in section 556.061, or murder in the first degree pursuant to section 565.020, or rape in the second degree pursuant to section 566.031, or the attempts thereof:

(a) Should be committed to a suitable hospital facility; or

(b) May be appropriately treated in the community; and

(c) Whether the accused can comply with bond conditions as set forth by the court and can comply with treatment conditions and requirements as set forth by the director of the department or his or her designee.

4. When the court determines that the accused can comply with the bond and treatment conditions as referenced in paragraph (c) of subdivision (8) of subsection 3 of this section, the court shall order that the accused remain on bond while receiving treatment until the case is disposed of as set out in subsection 12 of this section. If, at any time, the court finds that the accused has failed to comply with the bond or treatment conditions, then the court may order that the accused be taken into law enforcement custody until such time as a department inpatient bed is available to provide treatment as set forth in this section.

[4.] **5. If the accused has pleaded lack of responsibility due to mental disease or defect or has given the written notice provided in subsection 2 of section 552.030, the court shall order the report of the examination conducted pursuant to this section to include, in addition to the information required in subsection 3 of this section, an opinion as to whether at the time of the alleged criminal conduct the accused, as a result of mental disease or defect, did not know or appreciate the nature, quality, or wrongfulness of his or her conduct or as a result of mental disease or defect was incapable of conforming his or her conduct to the requirements of law. A plea of not guilty by reason of mental disease or defect**

shall not be accepted by the court in the absence of any such pretrial evaluation which supports such a defense. In addition, if the accused has pleaded not guilty by reason of mental disease or defect, and the alleged crime is not a dangerous felony as defined in section 556.061, or those crimes set forth in subsection 10 of section 552.040, or the attempts thereof, the court shall order the report of the examination to include an opinion as to whether or not the accused should be immediately conditionally released by the court pursuant to the provisions of section 552.040 or should be committed to a mental health or developmental disability facility. If such an evaluation is conducted at the direction of the director of the department of mental health, the court shall also order the report of the examination to include an opinion as to the conditions of release which are consistent with the needs of the accused and the interest of public safety, including, but not limited to, the following factors:

- (1) Location and degree of necessary supervision of housing;
- (2) Location of and responsibilities for appropriate psychiatric, rehabilitation and aftercare services, including the frequency of such services;
- (3) Medication follow-up, including necessary testing to monitor medication compliance;
- (4) At least monthly contact with the department's forensic case monitor;
- (5) Any other conditions or supervision as may be warranted by the circumstances of the case.

[5.] 6. If the report contains the recommendation that the accused should be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed, and if the accused is not admitted to bail or released on other conditions, the court may order that the accused be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed.

[6.] 7. The clerk of the court shall deliver copies of the report to the prosecuting or circuit attorney and to the accused or his or her counsel. The report shall not be a public record or open to the public. Within ten days after the filing of the report, both the defendant and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subsection shall be completed and a report filed with the court within sixty days of the date it is received by the department or private psychiatrist, psychologist or physician unless the court, for good cause, orders otherwise. A copy shall be furnished the opposing party.

[7.] 8. If neither the state nor the accused nor his or her counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subsections 2 and 3 of this section, the court [may] **shall** make a determination and finding on the basis of the report filed or [may] hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The court shall determine the issue of mental fitness to proceed and may impanel a jury of six persons to assist in making the determination. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue.

[8.] **9.** At a hearing on the issue pursuant to subsection [7] **8** of this section, the accused is presumed to have the mental fitness to proceed. The burden of proving that the accused does not have the mental fitness to proceed is by a preponderance of the evidence and the burden of going forward with the evidence is on the party raising the issue. The burden of going forward shall be on the state if the court raises the issue.

[9.] **10.** If the court determines that the accused lacks mental fitness to proceed, the criminal proceedings shall be suspended and the court shall commit him or her to the director of the department of mental health. **The director of the department, or his or her designee, shall notify the court and parties of the conditions and the secure location of treatment unless an unsecured location has otherwise been authorized by the court.** After the person has been committed, legal counsel for the department of mental health shall have standing to file motions and participate in hearings on the issue of involuntary medications.

[10.] **11.** Any person committed pursuant to subsection [9] **10** of this section shall be entitled to the writ of habeas corpus upon proper petition to the court that committed him or her. The issue of the mental fitness to proceed after commitment under subsection [9] **10** of this section may also be raised by a motion filed by the director of the department of mental health or by the state, alleging the mental fitness of the accused to proceed. A report relating to the issue of the accused's mental fitness to proceed may be attached thereto. When a motion to proceed is filed, legal counsel for the department of mental health shall have standing to participate in hearings on such motions. If the motion is not contested by the accused or his or her counsel or if after a hearing on a motion the court finds the accused mentally fit to proceed, or if he or she is ordered discharged from the director's custody upon a habeas corpus hearing, the criminal proceedings shall be resumed.

[11.] **12.** The following provisions shall apply after a commitment as provided in this section:

(1) Six months after such commitment, the court which ordered the accused committed shall order an examination by the head of the facility in which the accused is committed, or a qualified designee, to ascertain whether the accused is mentally fit to proceed and if not, whether there is a substantial probability that the accused will attain the mental fitness to proceed to trial in the foreseeable future. The order shall direct that written report or reports of the examination be filed with the clerk of the court within thirty days and the clerk shall deliver copies to the prosecuting attorney or circuit attorney and to the accused or his or her counsel. The report required by this subsection shall conform to the requirements under subsection 3 of this section [with the additional requirement that it] **and shall** include an opinion, if the accused lacks mental fitness to proceed, as to whether there is a substantial probability that the accused will attain the mental fitness to proceed in the foreseeable future;

(2) Within ten days after the filing of the report, both the accused and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subdivision shall be completed and filed with the court within thirty days unless the court, for good cause, orders otherwise. A copy shall be furnished to the opposing party;

(3) If neither the state nor the accused nor his or her counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subdivision (1) of this subsection, the court may make a determination and finding on the basis of the report filed, or may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein relative to fitness to proceed shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue;

(4) If the accused is found mentally fit to proceed, the criminal proceedings shall be resumed;

(5) If it is found that the accused lacks mental fitness to proceed but there is a substantial probability the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall continue such commitment for a period not longer than six months, after which the court shall reinstitute the proceedings required under subdivision (1) of this subsection;

(6) If it is found that the accused lacks mental fitness to proceed and there is no substantial probability that the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall dismiss the charges without prejudice and the accused shall be discharged, but only if proper proceedings have been filed under chapter 632 or chapter 475, in which case those sections and no others will be applicable. The probate division of the circuit court shall have concurrent jurisdiction over the accused upon the filing of a proper pleading to determine if the accused shall be involuntarily detained under chapter 632, or to determine if the accused shall be declared incapacitated under chapter 475, and approved for admission by the guardian under section 632.120 or 633.120, to a mental health or developmental disability facility. When such proceedings are filed, the criminal charges shall be dismissed without prejudice if the court finds that the accused is mentally ill and should be committed or that he or she is incapacitated and should have a guardian appointed. The period of limitation on prosecuting any criminal offense shall be tolled during the period that the accused lacks mental fitness to proceed.

[12.] **13.** If the question of the accused's mental fitness to proceed was raised after a jury was impaneled to try the issues raised by a plea of not guilty and the court determines that the accused lacks the mental fitness to proceed or orders the accused committed for an examination pursuant to this section, the court may declare a mistrial. Declaration of a mistrial under these circumstances, or dismissal of the charges pursuant to subsection [11] **12** of this section, does not constitute jeopardy, nor does it prohibit the trial, sentencing or execution of the accused for the same offense after he or she has been found restored to competency.

[13.] **14.** The result of any examinations made pursuant to this section shall not be a public record or open to the public.

[14.] **15.** No statement made by the accused in the course of any examination or treatment pursuant to this section and no information received by any examiner or other person in the course thereof, whether such examination or treatment was made with or without the consent of the accused or upon his or her motion or upon that of others, shall be admitted in evidence against the accused on the issue of guilt in any criminal proceeding then or thereafter pending in any court, state or federal. A finding by the court that the accused is mentally fit to proceed shall in no way prejudice the accused in a defense to the crime charged on the ground that at the time thereof he or she was afflicted with a mental disease or defect

excluding responsibility, nor shall such finding by the court be introduced in evidence on that issue nor otherwise be brought to the notice of the jury.

556.021. 1. An infraction does not constitute a criminal offense and conviction of an infraction shall not give rise to any disability or legal disadvantage based on conviction of a criminal offense.

2. Except as otherwise provided by law, the procedure for infractions shall be the same as for a misdemeanor.

3. If a person fails to appear in court either solely for an infraction or for an infraction which is committed in the same course of conduct as a criminal offense for which the person is charged, or if a person fails to respond to notice of an infraction from the central violations bureau established in section 476.385, the court may issue a default judgment for court costs and fines for the infraction which shall be enforced in the same manner as other default judgments, including enforcement under sections 488.5028 and 488.5030, unless the court determines that good cause or excusable neglect exists for the person's failure to appear for the infraction. The notice of entry of default judgment and the amount of fines and costs imposed shall be sent to the person by first class mail. The default judgment may be set aside for good cause if the person files a motion to set aside the judgment within six months of the date the notice of entry of default judgment is mailed.

4. Notwithstanding subsection 3 of this section or any provisions of law to the contrary, a court may issue a warrant for failure to appear for any violation [which] **that** is classified **or charged** as an infraction; **except that, a court shall not issue a warrant for failure to appear for any violation that is classified or charged as an infraction under chapter 307.**

5. Judgment against the defendant for an infraction shall be in the amount of the fine authorized by law and the court costs for the offense.”; and

Further amend said bill, Pages 39-41, Section 558.031, Lines 1 to 68, by deleting all of said lines and inserting in lieu thereof the following:

“558.031. 1. A sentence of imprisonment shall commence when a person convicted of an offense in this state is received into the custody of the department of corrections or other place of confinement where the offender is sentenced.

2. Such person shall receive credit toward the service of a sentence of imprisonment for all time in prison, jail or custody after [conviction] **the offense occurred** and before the commencement of the sentence, when the time in custody was related to that offense[, and the circuit court may, when pronouncing sentence, award credit for time spent in prison, jail, or custody after the offense occurred and before conviction toward the service of the sentence of imprisonment, except:

(1) Such credit shall only be applied once when sentences are consecutive;

(2) Such credit shall only be applied if the person convicted was in custody in the state of Missouri, unless such custody was compelled exclusively by the state of Missouri's action; and

(3) As provided in section 559.100]. **This credit shall be based upon the certification of the sheriff as provided in subdivision (3) of subsection 2 of section 217.305 and may be supplemented by a**

certificate of a sheriff or other custodial officer from another jurisdiction having held the person on the charge of the offense for which the sentence of imprisonment is ordered.

3. The officer required by law to deliver a person convicted of an offense in this state to the department of corrections shall endorse upon the papers required by section 217.305 both the dates the offender was in custody and the period of time to be credited toward the service of the sentence of imprisonment, except as endorsed by such officer.

4. If a person convicted of an offense escapes from custody, such escape shall interrupt the sentence. The interruption shall continue until such person is returned to the correctional center where the sentence was being served, or in the case of a person committed to the custody of the department of corrections, to any correctional center operated by the department of corrections. An escape shall also interrupt the jail time credit to be applied to a sentence which had not commenced when the escape occurred.

5. If a sentence of imprisonment is vacated and a new sentence imposed upon the offender for that offense, all time served under the vacated sentence shall be credited against the new sentence, unless the time has already been credited to another sentence as provided in subsection 1 of this section.

6. If a person released from imprisonment on parole or serving a conditional release term violates any of the conditions of his or her parole or release, he or she may be treated as a parole violator. If the parole board revokes the parole or conditional release, the paroled person shall serve the remainder of the prison term and conditional release term, as an additional prison term, and the conditionally released person shall serve the remainder of the conditional release term as a prison term, unless released on parole.

7. Subsection 2 of this section shall be applicable to offenses [occurring] **for which the offender was sentenced** on or after August 28, [2021] **2023**.

8. The total amount of credit given shall not exceed the number of days spent in prison, jail, or custody after the offense occurred and before the commencement of the sentence.”; and

Further amend said bill, Pages 41-42, Section 565.003, Lines 1-17, by deleting said section and lines and inserting in lieu thereof the following:

“565.240. 1. A person commits the offense of unlawful posting of certain information over the internet if he or she knowingly posts the name, home address, Social Security number, telephone number, or any other personally identifiable information of any person on the internet intending to cause great bodily harm or death, or threatening to cause great bodily harm or death to such person.

2. The offense of unlawful posting of certain information over the internet is a class C misdemeanor, unless the person knowingly posts on the internet the name, home address, Social Security number, telephone number, or any other personally identifiable information of any law enforcement officer, corrections officer, parole officer, judge, commissioner, or prosecuting attorney, or of any immediate family member of such law enforcement officer, corrections officer, parole officer, judge, commissioner, or prosecuting attorney, intending to cause great bodily harm or death, or threatening to cause great bodily harm or death, in which case it is a class E felony, **and if such intention or threat results in bodily harm or death to such person or immediate family member, the offense of unlawful posting of certain information over the internet is a class D felony.”; and**

Further amend said bill, Pages 46-48, Section 571.015, Lines 1-48, by deleting said lines and inserting in lieu there of the following:

“571.015. 1. Any person who commits any felony under the laws of this state by, with, or through the use, assistance, or aid of a dangerous instrument or deadly weapon is also guilty of the offense of armed criminal action; **the offense of armed criminal action shall be an unclassified felony** and, upon conviction, shall be punished by imprisonment by the department of corrections for a term of not less than three years and not to exceed fifteen years, unless the person is unlawfully possessing a firearm, in which case the term of imprisonment shall be for a term of not less than five years. Further amend said bill, Page 79, Section 610.140, Line 369, by inserting after said section and line the following:

“650.058. 1. Notwithstanding the sovereign immunity of the state, any individual who was found guilty of a felony in a Missouri court and was later determined to be actually innocent of such crime [solely as a result of DNA profiling analysis] may be paid restitution. The individual may receive an amount of one hundred **seventy-nine** dollars per day for each day of postconviction incarceration for the crime for which the individual is determined to be actually innocent. The petition for the payment of said restitution shall be filed with the sentencing court. For the purposes of this section, the term “actually innocent” shall mean:

(1) The individual was convicted of a felony for which a final order of release was entered by the court;

(2) All appeals of the order of release have been exhausted;

(3) The individual was not serving any term of a sentence for any other crime concurrently with the sentence for which he or she is determined to be actually innocent, unless such individual was serving another concurrent sentence because his or her parole was revoked by a court or the parole board in connection with the crime for which the person has been exonerated. Regardless of whether any other basis may exist for the revocation of the person’s probation or parole at the time of conviction for the crime for which the person is later determined to be actually innocent, when the court’s or the parole board’s sole stated reason for the revocation in its order is the conviction for the crime for which the person is later determined to be actually innocent, such order shall, for purposes of this section only, be conclusive evidence that [their] **the person’s** probation or parole was revoked in connection with the crime for which the person has been exonerated; and

(4) Testing ordered under section 547.035, or testing by the order of any state or federal court, if such person was exonerated on or before August 28, 2004, or testing ordered under section 650.055, if such person was or is exonerated after August 28, 2004, **or after an evidentiary hearing and finding in a habeas corpus proceeding or a proceeding held pursuant to section 547.031 which** demonstrates a person’s innocence of the crime for which the person is in custody.

Any individual who receives restitution under this section shall be prohibited from seeking any civil redress from the state, its departments and agencies, or any employee thereof, or any political subdivision or its employees. This section shall not be construed as a waiver of sovereign immunity for any purposes other than the restitution provided for herein. The department of corrections shall determine the aggregate amount of restitution owed during a fiscal year. If insufficient moneys are appropriated each fiscal year to pay restitution to such persons, the department shall pay each individual who has received an order awarding restitution a pro rata share of the amount appropriated. Provided sufficient moneys are appropriated to the department, the amounts owed to such individual shall be paid on June thirtieth of each subsequent fiscal year, until such time as the restitution to the individual has been paid in full. However, no individual awarded restitution under this subsection shall receive more than [thirty-six] **sixty-five** thousand [five hundred] dollars during each fiscal year. No interest on unpaid restitution shall be awarded to the individual. No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831 **and may also be awarded other nonmonetary relief, including counseling, housing assistance, and personal financial literary assistance.**

2. If a **person receives DNA testing** and the results of the DNA testing confirm the person's guilt, then the person filing for DNA testing under section 547.035, shall:

(1) Be liable for any reasonable costs incurred when conducting the DNA test, including but not limited to the cost of the test. Such costs shall be determined by the court and shall be included in the findings of fact and conclusions of law made by the court; and

(2) Be sanctioned under the provisions of section 217.262.

3. A petition for payment of restitution under this section may [only] be filed **only** by the individual determined to be actually innocent or the individual's legal guardian. No claim or petition for restitution under this section may be filed by the individual's heirs or assigns. An individual's right to receive restitution under this section is not assignable or otherwise transferrable. The state's obligation to pay restitution under this section shall cease upon the individual's death. Any beneficiary designation that purports to bequeath, assign, or otherwise convey the right to receive such restitution shall be void and unenforceable.

4. An individual who is determined to be actually innocent of a crime under this chapter shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records all recordations of his or her arrest, plea, trial or conviction. Upon **the court's** granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and [only] available **only** to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction or expungement in response to any inquiry made of him or her for any purpose whatsoever, and no such inquiry shall be made for information relating to an expungement under this section.

For all tax years beginning on or after January 1, 2023, a taxpayer may claim the tax credit authorized in this section against the taxpayer’s state tax liability for the tax year in which a verified contribution was made in an amount up to seventy-five percent of the verified contribution to a child care provider. Any tax credit issued shall not be less than one hundred dollars and shall not exceed two hundred thousand dollars per tax year.

(1) The child care provider receiving a contribution shall, within sixty days of the date it received the contribution, issue the taxpayer a contribution verification and file a copy of the contribution verification with the department. The contribution verification shall be in the form established by the department and shall include the taxpayer’s name, taxpayer’s state or federal tax identification number or last four digits of the taxpayer’s Social Security number, amount of tax credit, amount of contribution, legal name and address of the child care provider receiving the tax credit, the child care provider’s federal employer identification number, the child care provider’s departmental vendor number or license number, and the date the child care provider received the contribution

from the taxpayer. The contribution verification shall include a signed attestation stating the child care provider will use the contribution solely to promote child care.

(2) The failure of the child care provider to timely issue the contribution verification to the taxpayer or file it with the department shall entitle the taxpayer to a refund of the contribution from the child care provider.

4. A donation is eligible when:

(1) The donation is used directly by a child care provider to promote child care for children twelve years of age or younger, including by acquiring or improving child care facilities, equipment, or services, or improving staff salaries, staff training, or the quality of child care;

(2) The donation is made to a child care provider in which the taxpayer or a person related to the taxpayer does not have a direct financial interest; and

(3) The donation is not made in exchange for care of a child or children in the case of an individual taxpayer that is not an employer making a contribution on behalf of its employees.

5. A child care provider that uses the contribution for an ineligible purpose shall repay to the department the value of the tax credit for the contribution amount used for an ineligible purpose.

6. The tax credits authorized by this section shall not be refundable and shall not be transferred, sold, or otherwise conveyed. Any amount of approved tax credits that a taxpayer is prohibited by this subsection from using for the tax year in which the credit is first claimed may be carried back to the taxpayer's immediately prior tax year and carried forward to the taxpayer's subsequent tax year for up to five succeeding tax years.

7. Notwithstanding any provision of subsection 6 of this section to the contrary, a taxpayer that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt taxpayer may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt taxpayer is not required to file a tax return under the provisions of chapter 143, the exempt taxpayer may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

8. (1) The cumulative amount of tax credits authorized under this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year. A taxpayer shall apply to the department for the child care contribution tax credit by submitting a copy of the contribution verification provided by a child care provider to such taxpayer. Upon receipt of the contribution verification, the department shall issue a tax credit certificate to the applicant.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under

subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for contributions made to child care providers located in a child care desert. The director of the department shall publish such adjusted amount.

9. The tax credits allowed under this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

10. All action and communication undertaken or required under this section shall be exempt from section 105.1500.

11. The department may promulgate rules to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

12. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset December 31, 2029, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized under this section expires, or a taxpayer's ability to redeem such tax credits.

135.1325. 1. This section shall be known and may be cited as the "Employer Provided Child Care Assistance Tax Credit Act".

2. For purposes of this section, the following terms shall mean:

(1) "Child care desert", a census tract that has a poverty rate of at least twenty percent or a median family income of less than eighty percent of the statewide average and where at least five hundred people or thirty-three percent of the population are located at least one-half mile away from a child care provider in urbanized areas or at least ten miles away in rural areas;

(c) Under a contract with a child care facility to provide child care services to employees of the taxpayer; or

(6) “Rural area”, a town or community within the state that is not within a metropolitan statistical area and has a population of six thousand or fewer inhabitants as determined by the last preceding federal decennial census or any unincorporated area not within a metropolitan statistical area;

3. For all tax years beginning on or after January 1, 2023, a taxpayer may claim a tax credit authorized in this section in an amount equal to thirty percent of the qualified child care expenditures paid or incurred with respect to a child care facility. The maximum amount of any tax credit issued under this section shall not exceed two hundred thousand dollars per taxpayer per tax year.

4. A facility shall not be treated as a child care facility with respect to a taxpayer unless the following conditions have been met:

(1) Enrollment in the facility is open to employees of the taxpayer during the tax year; and

(2) If the facility is the principal business of the taxpayer, at least thirty percent of the enrollees of such facility are dependents of employees of the taxpayer.

5. The tax credits authorized by this section shall not be refundable or transferable. The tax credits shall not be sold, assigned, or otherwise conveyed. Any amount of approved tax credits that a taxpayer is prohibited by this subsection from using for the tax year in which the credit is first claimed may be carried back to the taxpayer's immediately prior tax year and carried forward to the taxpayer's subsequent tax year for up to five succeeding tax years.

6. Notwithstanding any provision of subsection 5 of this section to the contrary, a taxpayer that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt taxpayer may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt taxpayer is not required to file a tax return under the provisions of chapter 143, the exempt taxpayer may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The cumulative amount of tax credits authorized under this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for qualified child care expenditures for child care facilities located in a child care desert. The director of the department shall publish such adjusted amount.

8. A taxpayer who has claimed a tax credit under this section shall notify the department within sixty days of any cessation of operation, change in ownership, or agreement to assume recapture liability as such terms are defined by 26 U.S.C. Section 45F, in the form and manner prescribed by department rule or instruction. If there is a cessation of operation or change in ownership relating to a child care facility, the taxpayer shall repay the department the applicable recapture percentage of the credit allowed under this section, but this recapture amount shall be limited to the tax credit allowed under this section. The recapture amount shall be considered a tax liability arising on the tax payment due date for the tax year in which the cessation of operation, change in ownership, or agreement to assume recapture liability occurred and shall be assessed and collected under the same provisions that apply to a tax liability under chapter 143 or chapter 148.

9. The tax credit allowed under this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

10. All action and communication undertaken or required under this section shall be exempt from section 105.1500.

11. The department may promulgate rules to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

12. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset December 31, 2029, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized under this section expires, or a taxpayer's ability to redeem such tax credits.

135.1350. 1. This section shall be known and may be cited as the "Child Care Providers Tax Credit Act".

2. For purposes of this section, the following terms shall mean:

(1) "Capital expenditures", expenses incurred by a child care provider, during the tax year for which a tax credit is claimed under this section, for the construction, renovation, or rehabilitation of a child care facility to the extent necessary to operate a child care facility and comply with applicable child care facility regulations promulgated by the department of elementary and secondary education;

3. For all tax years beginning on or after January 1, 2024, a child care provider with three or more employees may claim a tax credit authorized in this section in an amount equal to the child care provider’s eligible employer withholding tax, and may also claim a tax credit in an amount up to thirty percent of the child care provider’s capital expenditures. No tax credit for capital expenditures shall be allowed if the capital expenditures are less than one thousand dollars. The amount of any tax credit issued under this section shall not exceed two hundred thousand dollars per child care provider per tax year.

4. To claim a tax credit authorized under this section, a child care provider shall submit to the department, for preliminary approval, an application for the tax credit on a form provided by the department and at such times as the department may require. If the child care provider is applying for a tax credit for capital expenditures, the child care provider shall present proof acceptable to the department that the child care provider’s capital expenditures satisfy the requirements of subdivision (1) of subsection 2 of this section. Upon final approval of an application, the department shall issue the child care provider a certificate of tax credit.

5. The tax credits authorized by this section shall not be refundable and shall not be transferred, sold, assigned, or otherwise conveyed. If such exempt child care provider is not required to file a tax return under the provisions of chapter 143, the exempt child care provider may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The cumulative amount of tax credits authorized under this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for child care providers located in a child care desert. The director of the department shall publish such adjusted amount.

8. The tax credit authorized by this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

11. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset December 31, 2029, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized under this section expires, or a taxpayer's ability to redeem such tax credits.

HOUSE AMENDMENT NO. 2

Amend Senate Substitute for Senate Bill No. 540, Pages 1-2, Section 42.312, Lines 1-30, by deleting all of said section and lines and inserting in lieu thereof the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December 31, 2023**, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2024, the assessor shall annually assess all personal property at thirty-two and eight-tenths percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-

numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. **(1) To determine the true value in money for motor vehicles**, the assessor of each county and each city not within a county shall use the [trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.] **trade-in value published in the current or any of the three immediately previous years' October issue of a nationally recognized automotive trade publication selected by the state tax commission. The assessor shall not use a value that is greater than the average trade-in value for such motor vehicle in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than the average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which, in the assessor's judgment, will fairly estimate the true value in money of the motor vehicle.**

(2) For all tax years beginning on or after January 1, 2025, the assessor shall apply the following depreciation schedule to the trade-in value of the motor vehicle as determined pursuant to subdivision (1) of this subsection:

Years since manufacture	Percent Depreciation

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. (1) Such county adopts an ordinance authorizing such credit; or

(2) (a) A petition in support of a referendum on such a credit is signed by at least five percent of the registered voters of such county voting in the last gubernatorial election and the petition is delivered to the governing body of the county, which shall subsequently hold a referendum on such credit.

3. In the case of an S corporation described in section 143.471 or a partnership computing the deduction allowed under subsection 2 of this section, taxpayers described in subdivision (1) or (2) of this subsection shall be allowed such deduction apportioned in proportion to their share of ownership of the business as reported on the taxpayer's Schedule K-1, or its successor form, for the tax period for which such deduction is being claimed when determining the Missouri adjusted gross income of:

“144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a “material recovery processing plant” means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term “product” includes telecommunications services and the term “manufacturing” shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term “manufacturing” has included and continues to include the production and transmission of “telecommunications services”, as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court’s interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-EIGHTH DAY - FRIDAY, MAY 12, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Washington offered the following prayer:

Dear Lord: As we bring this first session of the 102nd General Assembly to a close, let us rest our hearts and minds and focus on completing the work bestowed upon us by the citizens of the State of Missouri. We have spent the last 19 weeks pursuing what should be the goals of all Missourians, but we've sometimes let our personal dreams get in the way. Today, let's remember it's our job to complete the assignments Missourians sent us to do.

Give us strength through our trials and tribulations. For we know, Lord, that testing our faith produces perseverance. Dear Lord, let us persevere to finish the people's work today so that we may all be mature and complete and not lacking anything. If any of us lack wisdom, we ask you, God, who gives so generously to all of us without finding fault, to grant us the wisdom and maturity to complete our work. As we attempt to be Senatorial in our last few hours, we want to remember the prayer of Dr. Martin Luther King, Jr.:

"God, we thank You for the inspiration of Jesus. Grant that we will love You with all our hearts, souls, and minds, and love our neighbors as we love ourselves, even our enemy neighbors. And we ask You, God, in these days of emotional tension, when the problems of the world are gigantic in extent and chaotic in detail, to be with us in our going out and our coming in, in our rising up and in our lying down, in our moments of joy and in our moments of sorrow, until the day when there shall be no sunset and no dawn."

Lord our God, bless this Senate and all who contribute to the work of the people of Missouri. Give us strength to see past our differences, persevere, and be the respectable elected officials You gifted us to be. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal for Wednesday, May 10, 2023, was read in part.

HOUSE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 133, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor’s deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor’s city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December**

31, 2023, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2024, the assessor shall annually assess all personal property at thirty-two and eight-tenths percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this

subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt child care provider may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt child care provider is not required to file a tax return under the provisions of chapter 143, the exempt child care provider may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The cumulative amount of tax credits authorized under this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for child care providers located in a child care desert. 9. All action and communication undertaken or required with respect to this section shall be exempt from section 105.1500. Notwithstanding section 32.057 or any other tax confidentiality law to the contrary, the department of revenue may disclose tax information to the department for the purpose of the verification of a child care provider's eligible employer withholding tax under this section.

10. The department may promulgate rules and adopt statements of policy, procedures, forms, and guidelines to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this

section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

(1) The provisions of the new program authorized under this section shall automatically sunset December 31, 2029, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized under this section expires, or a taxpayer's ability to redeem such tax credits.”; and

Further amend said bill, Page 2, Section 143.161, Line 43, by inserting after all of said section and line the following:

“144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which

when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a “material recovery processing plant” means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term “product” includes telecommunications services and the term “manufacturing” shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term “manufacturing” has included and continues to include the production and transmission of “telecommunications services”, as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court’s interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material

recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

CONSTITUTIONAL OBJECTION – CCS/SB 20

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 20 was solely relating to the board of trustees of the Missouri department of transportation and highway patrol employees' retirement system. The act provides that the terms of active employee members serving on the Board of Trustees of the Missouri Department of Transportation and Highway Patrol Employees' Retirement System on August 28, 2026, shall continue until June 30, 2028.

While in the House, the bill's title was amended, deleting the phrase, "the board of trustees of the Missouri department of transportation and highway patrol employees' retirement system" and inserting in lieu thereof the phrase "retirement systems." This change, expanded the scope of the bill, directly contradicted the Constitution, Article III, section 21.

In addition, our state's constitution states, in Article III, section 23: "No bill shall contain more than one subject which shall be clearly expressed in its title..." The unmistakable subject of SB 20, in the original bill, was solely relating to the board of trustees of the Missouri department of transportation and highway patrol employees' retirement system.

With this broader title, amendments were added to SB 20, which were not clearly expressed in the original title. These amendments related to: Sheriff's retirement system; St. Louis Police retirement system; employee stock ownership plan income tax deduction; speech implementers certification and social security coverage; public school retirement system allowance multiplier; Kansas City public schools system; closed investment records of higher education institutions; Show-me my retirement savings plan; and investments returns for judges.

These amendments are obviously not germane to the bill's original purpose. Therefore, I encourage Governor Parson to be consistent in the logic used 2018, when Senate Substitute for Senate Committee Substitute for HB 2562 was vetoed, and in 2022, when Senate Committee Substitute for HB 2090 was vetoed, and veto SCS/HB 20.

CONSTITUTIONAL OBJECTION – HCS/SS/SB 24

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 24 was solely relating to first responders. The act establishes the rights of first responders to access behavioral health care services.

As the bill was amended, the original purpose of relating to first responders was changed to relating to vulnerable persons. With the change in purpose, the MO Constitution was violated – Specifically, Article III, sections 21 and 23 ("No bill shall contain more than one subject which shall be clearly expressed in its title,..."). The following amendments caused the constitutional conflict: the requirement of the Department of Health and Senior Services to offer a vaccination program to Missouri Highway Patrol telecommunicators who may be exposed to infectious diseases; early childhood education services; opioid overdoses; rural emergency hospitals; second injury fund surcharges; Missouri task force one employment rights; fentanyl testing; rights of victims of crimes; advance health care directives; and adoption tax credits.

While the amendments may be germane to the topic of vulnerable persons, they are not related to the bill's original purpose of first responders. It should be clear, using basic logic, that the final version of SB 24 was amended well beyond the scope of the original bill and directly contradicts the Constitution: Article III, section 21 and section 23.

These amendments are clearly not germane to the bill's original purpose. Therefore, I encourage Governor Parson to be consistent in the logic used in the vetoes for SCS HB 2090 (2022) and SCS HB 2562 (2018) and veto the HCS/SS/SB 24.

CONSTITUTIONAL OBJECTION – HCS/SS/SCS/SB 40

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 40 was solely relating to criminal background checks for persons having contact with students. Under this act, school districts shall ensure that a state criminal history background check consisting of open records is conducted on any person who is 18 years old or older who is not counted in the school; district's average daily attendance when such person requests enrollment in a course that will take place on school property at a time when K-12 students are present.

While in the House, the bill's title was changed to relating to background checks. This change expanded the scope of the bill, directly contradicting the state constitution, Article III, section 21.

In addition, our state's constitution states, in Article III, section 23: "No bill shall contain more than one subject which shall be clearly expressed in its title,..." The unmistakable subject of HCS/SS/SCS/SB 40, in the original bill, was solely relating to criminal background checks for persons having contact with students.

With the new title, the bill was amended to require the Department of Health and Senior Services to ensure that all employees, contractors, and volunteers of marijuana facilities submit to fingerprinting by the Highway Patrol.

During an inquiry with the bill sponsor, I asked whether or not the amendment was related to the bill's original purpose. The bill sponsor answered in the negative (the amendment was not related to the bill's original purpose). It is clear that the state constitution was violated.

It is because of the constitutional violation that I encourage Governor Parson to be consistent in the logic used in 2018, when Senate Substitute for Senate Committee Substitute for HB 2562 was vetoed, and in 2022, when Senate Committee Substitute for HB 2090 was vetoed, and veto HCS/SS/SCS/SB 40.

CONSTITUTIONAL OBJECTION – CCS/HCS/SS/SCS/SBs 45 & 90

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 24 was solely relating to first responders. The act establishes the rights of first responders to access behavioral health care services.

As the bill was amended, the original purpose of relating to first responders was changed to relating to vulnerable persons. With the change in purpose, the MO Constitution was violated – Specifically, Article III, sections 21 and 23 ("No bill shall contain more than one subject which shall be clearly expressed in its title,..."). The following amendments caused the constitutional conflict: the requirement of the Department of Health and Senior Services to offer a The original purpose of SB 45 was solely relating to Medicaid services for certain low-income women. Under this act, MO Healthnet coverage for these low-income women will include full Medicaid benefits for the duration of the pregnancy and for one year following the end of the pregnancy.

In the bill's text, section 208.151. 1. (28), it reads, a woman will receive "medical assistance during the pregnancy and during the twelve-month period that begins on the last day of the pregnancy..." This language provides no clear indication of what constitutes the last day of (or end of) the pregnancy. Of course, expectant parents look forward with the hope of the delivery of a healthy child. Unfortunately, pregnancies sometimes end in miscarriage. And, even though our state does not allow for surgical abortions within the state's borders, abortion can end a pregnancy (as a result of an elective abortion performed out of state or by chemical means within or outside the borders of our state).

The perfected version of the bill included this language: "A woman shall be enrolled in benefits under this subdivision when her child is enrolled in the MO HealthNet program or the children's health insurance program or when a physician or the managed care plan notifies the MO HealthNet program of the pregnancy ending involuntarily or necessarily to save the life of the mother."

This language ensured that Missouri taxpayers would not be unjustly burdened with the responsibility of giving aid to a woman who murdered her developing, yet to be born, child. Unfortunately, the language was removed from the bill prior to being Truly Agreed and Finally Passed.

RSMo 1.205 clearly states that Missouri believes that life begins at conception. If we truly believe that a developing human baby is deserving of all the protections afforded persons outside of the womb, we must hold that only those who value that life will be extended benefits aimed at pregnant women (during and after pregnancy).

Current Missouri law prevents taxpayer money from subsidizing abortions. Senate Bill 45 allows for expanding Medicaid to women who have had abortions. Based upon this fact, I urge Governor Parson to veto CCS/HCS/SS/SCS/SBs 45 & 90.

CONSTITUTIONAL OBJECTION – HCS/SS/SCS/SB 70

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 70 was solely relating to the counseling interstate compact. The compact creates a joint public agency known as the Counseling Compact Commission. The commission has powers and duties as listed in the compact and shall enforce the provisions and rules of the compact. The Commission shall provide for the development, maintenance, and utilization of a coordinated database and reporting system containing licenses, adverse actions, and investigative information on all licensed individual in member states.

The purpose of SB 70 appears clear enough.

However, a Senate Committee Substitute changed the bill's title to relating to professional counselors. As a result of the expanded title, an amendment was added to repeal a current provision of law and implement another permitting any person who, for at least a year, has held a valid, current license issued by another state, a branch of the military, a U.S. territory, or the District of Columbia, to apply for an equivalent Missouri license. This version, with the expanded purpose, was perfected.

While in the House, the bill was amended with an assortment of amendments relating to: health profession grants and loans; prescription labeling requirements; physical therapists; physician assistants; social workers; opioid overdoses and fentanyl testing; and tattooing.

I guess tattoo artists, like cosmetologists offer a certain amount of counseling to their clients. Of course, that's absurd! And, considering this amendment alone, the bill exceeded the original purpose.

With these amendments, HCS/SS/SCS/SB 70 was Truly Agreed and Finally Passed.

It should be clear, using basic logic, that the final version of SB 70 was amended well beyond the scope of the original bill and directly contradicts the Constitution, Article III, section 21 and section 23 ("No bill shall contain more than one subject which shall be clearly expressed in its title...").

These amendments are clearly not germane to the bill's original purpose. Therefore, I encourage Governor Parson to use consistent logic used for SCS/HB 2090 (2022) and SS/SCS/HB 2562 (2018) and veto HCS/SS/SCS/SB 70.

CONSTITUTIONAL OBJECTION – HCS/SS/SB 75

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 75 was solely relating to public school retirement systems. The act modifies provisions relating to public school retirement systems.

While in the House, the bill's title was amended to relating to retirement systems. This change expanded the scope of the bill, directly contradicting the Constitution, Article III, section 21.

In addition, our state's constitution states in Article III, section 23: "No bill shall contain more than one subject which shall be clearly expressed in its title..." The unmistakable subject of HCS/SS/SB 75, in the original bill, was solely relating to public school retirement systems.

Yet, with the new title, the following amendments were added: sheriff's retirement system; surviving spouse benefits for members of the St. Louis police retirement system; modifications to the judicial plan retirement system; the establishment of the Show-me my retirement savings plan; speech implementers certification and social security coverage; the closing of public institution meetings, records, and votes regarding financial transactions with business entities.

During an inquiry with the bill sponsor, I asked whether the bill's title was changed for the purpose of adding the amendments. The bill sponsor answered in the affirmative. Therefore, the original bill's purpose, which was clearly reflected in the original title, had to be changed in order to be broad enough to include the amendments – evidence enough to conclude that the state constitution was ignored (violated).

These amendments are clearly not germane to the bill's original purpose. Therefore, I encourage Governor Parson to employ consistent logic used in 2018 when Senate Substitute for Senate Committee Substitute for HB 2562 was vetoed and in 2022, when SCS/HB 2090 was vetoed. Alternatively, simply take the bill sponsors word for it – the title was changed in order for the unrelated, to the original bill, elements to be included. Please veto HCS/SS/SB 75.

CONSTITUTIONAL OBJECTION – HCS/SS/SCS/SB 106

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 106 was relating to patient examinations. Under this act, no health care provider, or any student under the supervision of a health care provider, shall perform a patient examination upon an anesthetized or unconscious patient. The Senate perfected this version.

While in the House, a HCS/SS/SCS/SB 106 was offered and passed. The following amendments were adopted: special education records; breast examinations; MO Healthnet for pregnant and postpartum women (with the pro-Life language removed); mental health coordinators; behavioral health services for certain accused persons; and lead poisoning.

These changes expanded the scope of the bill, directly contradicted the Constitution, Article III, section 21 and 23 ("No bill shall contain more than one subject which shall be clearly expressed in its title..."). The obvious subject of HCS/SS/SCS/SB 106, in the original bill, was solely relating to patient examinations.

These amendments are clearly not germane to the bill's original purpose. Furthermore, since the language from SB 45 (Medicaid coverage for pregnant and post-partum women), excludes the language clearly defining when a pregnancy ends. I encourage Governor Parson to use the same logic employed in 2018 when SS/SCS/HB 2562 and SCS/HB 2090 in 2022 were vetoed, and veto HCS/SS/SCS/SB 106.

CONSTITUTIONAL OBJECTION – CCS/HCS/SB 109

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 109 was relating to mining. Under this act, the number of representatives is established at eight, with no more than four from any one of the following industries: limestone quarry operators; granite mining; clay mining; sandstone mining; barite mining; other non-metallic surface mining; or sand or gravel mining.

As the bill was amended, language was added which appears to exceed the original scope of the bill. The Truly Agreed and Finally Passed version, CCS/HCS/SB 109 included the following additions: distribution of mining revenue from national forest reserves; modification of membership of industrial minerals advisory council; flood resiliency act; sunset fee extension within the Department of Natural Resources; regulation of production of minerals for commercial purposes; regulator action by the Department of Natural Resources; Modification of certain environmental severability provisions; earthen basins; clean water fee structure; and distribution of moneys from a specified administrative order to certain school districts.

These changes, as viewed in relation to the state Constitution, Article III, section 21 and 23 ("No bill shall contain more than one subject which shall be clearly expressed in its title...") cause the original intent of the bill to be exceeded.

These amendments are clearly not germane to the bill's original purpose. Therefore, I encourage Governor Parson to use the same logic used in 2018 when Senate Substitute for Senate Committee Substitute for HB 2562 and in 2022 when Senate Committee Substitute for HB 2090 were vetoed, and veto CCS/HCS/SB 109.

CONSTITUTIONAL OBJECTION – CCS/HCS/SS/SB 111

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 111 was relating to the payment of salaries out of the state treasury. This act allows salaries to be paid out once every two weeks.

The Truly Agreed and Finally Passed version, CCS/HCS/SS/SB 111 added the elimination of the personal advisory board, giving all its duties to the director of the personnel division and the commissioner of administration.

These changes, as viewed in relation to the state Constitution, Article III, section 21 and 23 (“No bill shall contain more than one subject which shall be clearly expressed in its title,...”) cause the original intent of the bill to be exceeded.

The final version of the bill is clearly not germane to the bill’s original purpose. Therefore, I encourage Governor Parson to veto CCS/HCS/SS/SB 111, using the same logic used for SCS/HB 2090 (2022) and SS/SCS/HB 2562 (2018).

CONSTITUTIONAL OBJECTION – CCS/SS/SCS/SB 127

Money or property may also be received from the United States and be redistributed together with public money of this state for any public purpose designated by the United States.”

CCS/SS/SCS/SB 127 “provides that beginning August 28, 2023, all costs associated with the designation of bridges or highways honoring deceased Missouri veterans who died in the line of duty, Missouri members of the Armed Forces who are missing in action, deceased Missouri law enforcement officers who died in the line of duty, or deceased Missouri firefighters who died in the line of duty shall be paid by the Department of Transportation.”

While all veterans and firefighters deserve proper recognition and honor, unless the state constitution is amended, the costs of such recognition must be borne by private funds. CONSTITUTIONAL OBJECTION – HS/HCS/SS/SB 138

Missouri’s Constitution states, in Article III, section 21, “... no bill shall be so amended through its passage through either house as to change its original purpose.” The original purpose of SB 138 was relating to promoting Missouri hardwood. This act requires the Department of Economic Development to promote Missouri hardwood forest products and educate the public on the value and benefit of such products.

The purpose of the Truly Agreed and Finally Passed version, HS/HCS/SS/SB 138 was changed to relating to agriculture. With the change from the original purpose, the following changes were made to the bill: state coordinate system; waterways and ports trust fund; tax credit for ethanol blend and biodiesel fuel; business income deduction; tax credit for certain farmers; flood resiliency program; duties of the

Department of Agriculture, including modification of fee structures; pesticide certification and training; requirements for log trucks; veterinary student loan repayment program; and the repeal for certain provisions relating to hemp.

These changes, as viewed in relation to the state Constitution, Article III, section 21 and 23 (“No bill shall contain more than one subject which shall be clearly expressed in its title,...”) are clearly different from the original intent of the bill.

While it is true that our great state has abundant and grand resources, it is not a proper function of government to promote private business. Doing so appears to be in violation of MO Constitution, Article I, section 2 “That all constitutional government is intended to promote the general welfare of the people; that all persons have a natural right to life, liberty, the pursuit of happiness and the enjoyment of the gains of their own industry; that all persons are created equal and are entitled to equal rights and opportunity under the law; that to give security to these things is the principal office of government, and that when government does not confer this security, it fails in its chief design.”

For the state government to promote a private industry seems to violate the MO Constitution, Article III, section 38 (a), The general assembly shall have no power to grant public money or property, or lend or authorize the lending of public credit, to any private person, association or corporation, excepting aid in public calamity, and general laws providing for pensions for the blind, for old age assistance, for aid to dependent or crippled children or the blind, for direct relief, for adjusted compensation, bonus or rehabilitation for discharged members of the armed services of the United States who were bona fide residents of this state during their service, and for the rehabilitation of other persons. CONSTITUTIONAL OBJECTION – CCS/HCS/SS/SCS/SB 157

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 157 was relating to collaborative practice arrangements with nurses. This act modifies collaborative practice arrangements regarding geographic proximity between nurses and physicians.

The purpose of the Truly Agreed and Finally Passed version, CCS/HCS/SS/SCS/SB 157 was changed to relating to the professions requiring licensure. With the change from the original purpose, the following topics were added to the bill: opioid overdoses; health professional loans and grants; advance health care directives; death certificates; advanced practice registered nurses; prescription labeling requirements; pesticide certification and training; animal chiropractic practitioners; assistant physicians; the interstate medical licensure compact; physical therapists; physician assistants; professional counselors; social workers; the administration of medications by pharmacists; nursing home administrators; and tattooing.

Can a person, using ordinary logic, conclude that tattooing and/or pesticide certification and training is in any way related to collaborative practice arrangements with nurses (the original purpose of SB 157)?

These changes, as viewed in relation to the state Constitution, Article III, section 21 and 23 ("No bill shall contain more than one subject which shall be clearly expressed in its title,...") are clearly different from the original intent of the bill.

CONSTITUTIONAL OBJECTION – CCS/HCS/SB 186

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 186 was relating to criminal offenses involving teller machines. The act adds to the offense of property damage in the first degree if such a person knowingly damages, modifies, or destroys a teller machine or otherwise makes it inoperable.

The purpose of the Truly Agreed and Finally Passed version, CCS/HCS/SB 186 was changed to relating to the professions requiring licensure. With the change from the original purpose, the following topics were added to the bill: office of child advocate; fees to highway patrol; missing children; Missouri rap back program; court fees for service of process; sheriff's retirement fund; telecommunicator first responders; emergency medical services; residency requirements for City of St. Louis police officers and public safety; compensation for peace officers; public safety sales taxes; emergency medical dispatchers; emergency medical technicians; sales tax for emergency services; emergency telephone service charges; peer support counseling programs; first responders administering naloxone; background checks for marijuana facilities; child placement; voluntary critical illness benefits pool; back the blue license plates; qualifications of fire protection employees; fire protection sales tax; financial institutions; scrap yards; bail; credit for time served; offense of stealing; firearms in schools; offense of tampering with a judicial officer; offense of interference with transportation of livestock; offense of distribution of a drug masking product; fentanyl testing; chief of police training; peace officer basic training; disciplinary procedures for peace officers; peace officer tuition reimbursement; electronic notification to victims of certain crimes; closed records; and personal documents for exonerees.

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of SB 189 was relating to law enforcement animals. This act provides that the offense of assault on a law enforcement animal is a Class A misdemeanor, if the law enforcement animal is not injured to the point of requiring veterinary care or treatment; a Class E felony if the law enforcement animal is seriously injured to the point of requiring veterinary care or treatment; a Class D felony if the assault result in the death of such animal.

The purpose of the Truly Agreed and Finally Passed version, SS for SCS for SBs 189, 36 and 37 was changed to relating to the professions requiring licensure. With the change from the original purpose, the following topics were added to the bill: office of child advocate; fees to highway patrol; missing children; Missouri rap back program; court fees for service of process; sheriff's retirement fund; telecommunicator first responders; emergency medical services; residency requirements for City of St. Louis police officers and public safety; compensation for peace officers; public safety sales taxes; emergency medical dispatchers; emergency medical technicians; sales tax for emergency services; emergency telephone service charges; peer support counseling programs; first responders administering naloxone; background checks for marijuana facilities; child placement; voluntary critical illness benefits pool; back the blue license plates; qualifications of fire protection employees; fire protection sales tax; financial institutions; scrap yards; bail; credit for time served; offense of stealing; firearms in schools; offense of tampering with a judicial officer; offense of interference with transportation of livestock; offense of distribution of a drug masking product; fentanyl testing; chief of police training; peace office basic training; disciplinary procedures for peace officers; peace officer tuition reimbursement; electronic notification to victims of certain crimes; closed records; and personal documents for exonerees.

CONSTITUTIONAL OBJECTION – SS/HB 202

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of HB 202 was solely relating to industrial hemp. The act repeals the Industrial Hemp Regulatory Program in Missouri.

Prior to being Truly Agreed and Finally Passed, the bill's purpose was changed to relating to environmental control. This change, expanding the scope of the bill, directly contradicted the Constitution, Article III, section 21.

In addition, our state's constitution states in Article III, section 23: "No bill shall contain more than one subject which shall be clearly expressed in its title,..." The subject of HB 202, in the original bill, was solely relating to industrial hemp.

With the change from the original purpose and altered title: relating to environmental regulation, a boatload of additional topics were added to the bill: land surveys; waterways and ports trust fund; fuel tax credits; agriculture-related tax deductions; duties of the department of agriculture; flood resiliency; the promotion of hardwood forest products; and large animal veterinary student loan program.

With this broader title, the amendments added to HB 202, which were not clearly expressed in the original title, rendered the bill in violation of our state constitution. Therefore, I encourage Governor Parson to be consistent in the logic used 2018, when Senate Substitute for Senate Committee Substitute for HB 2562 was vetoed, in 2022, when Senate Committee Substitute for HB 2090 was vetoed, and veto SS/HB 202.

MESSAGES FROM THE GOVERNOR

The following message was received from the Governor, reading of which was waived:

GOVERNOR
STATE OF MISSOURI
May 15, 2023

TO THE CHIEF CLERK OF THE
HOUSE OF REPRESENTATIVES
102nd GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 15 entitled:

AN ACT

To appropriate money for supplemental purposes for the expenses, grants, refunds, and distributions of the several departments and offices of state government and the several divisions and programs thereof, and to transfer money among certain funds, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri for the fiscal period ending June 30, 2023.

Section 15.156

I hereby veto \$25,000 for the purpose of funding audit costs. Article IV, Section 25 of the Constitution of Missouri states that, "Until it acts on all the appropriations recommended in the budget, neither house of the general assembly shall pass any appropriation other than emergency appropriations recommended by the governor." Emergency appropriations adopted but not included in the governor's recommendations would fail to follow the aforementioned constitutional article, which is why I am vetoing this funding. Also, funding for this purpose has been included in the Fiscal Year 2024 budget for the Missouri Department of Transportation. Accordingly, an emergency supplemental appropriation for this purpose is not necessary.

Said section is vetoed in its entirety from \$25,000 to \$0 from State Transportation Fund.

From \$25,000 to \$0 in total for the section.

On May 15, 2023 I approved said Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 15, except for those items specifically vetoed and not approved.

Respectfully submitted,
Michael L. Parson
Governor

On motion of Senator Rowden, the Senate adjourned pursuant to the Constitution.

GOVERNOR
STATE OF MISSOURI

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
102nd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 189, 36 & 37 entitled:

AN ACT

To repeal sections 67.145, 70.631, 84.344, 84.480, 84.510, 170.310, 190.091, 211.031, 211.071, 217.345, 217.690, 285.040, 287.067, 287.245, 320.400, 488.650, 509.520, 547.031, 552.020, 556.021, 558.016, 558.019, 558.031, 565.240, 568.045, 571.015, 571.070, 575.010, 575.353, 578.007, 578.022, 579.065, 579.068, 590.192, 590.653, 595.209, 600.042, 610.140, 650.058, 650.320, 650.330, and 650.340, RSMo, and to enact in lieu thereof fifty-seven new sections relating to public safety, with penalty provisions and an emergency clause for certain sections.

I disapprove of Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 189, 36 & 37. My reasons for disapproval are as follows:

While I recognize and applaud the General Assembly in its effort to improve public safety for Missourians and all who visit our great state, I cannot approve this bill as presented to me as there are two notably problematic sections in this bill.

First, Section 610.140, dealing with expungements, will have significant consequences that I believe were unintended. Specifically, Subdivision (3) of Subsection 3 allows for expungements of sex offenses that did not require registration at the time of conviction. This change would allow for some serious offenses to be expunged. For example, House Bill 1055 (2004) added sexual exploitation of a minor and promoting child pornography to the offenses requiring registration, but those offenses did not require registration when enacted. *See* § 573.023, RSMo (2000); § 573.025, RSMo (1985). Accordingly, individuals who were convicted of sexual exploitation of a minor or promotion of child pornography prior to 2004 would be eligible for an expungement under this bill, and could be removed from the state's sex offender registry. Although I understand that this issue is an unintended consequence of the proposed change, I am deeply concerned that someone could have committed and been convicted of such heinous offenses, only later to receive a pass under the provisions of this bill.

Further, Subdivision (3) of Subsection 2 does not include specific standards of proof that the court is required to use in evaluating certain expungement requests, allowing anyone to allege broad past extenuating circumstances in order to expunge a large timeframe of offenses. While I am generally supportive of efforts to give individuals a second chance, I worry this language permits sweeping expungements without sufficient safeguards for past—or potential future—victims.

Finally, I am concerned that the changes to Section 610.140 making more offenses eligible for expungement will inevitably subject more victims of crime to additional court testimony and potential revictimization.

Second, Section 650.058 expands the qualifications for restitution from those who are exonerated based on DNA evidence to those who were later determined to be innocent through a habeas corpus proceeding and those whose convictions are set aside per a prosecutor's motion to vacate the judgment. This section also increases the restitution amount by more than 75% for eligible individuals. With very few exceptions, criminal cases are tried by local governments (counties or municipalities). The underlying offense, elected prosecutor, elected or retained judge, and community-drawn jury all come from the local jurisdiction, not the state as a whole. However, the burden of paying restitution

under these provisions falls on all Missouri taxpayers. The local component in this process is cemented by the proposed language compensating people released under Section 547.031, which allows a local prosecutor to revisit past crimes in his or her jurisdiction. Missourians from every part of the state should not have to foot the bill for a local decision. Local governments should bear the financial cost of their own actions.

Moreover, the changes to Subdivision (4) of Subsection 1 make compensation available to anyone released after an evidentiary hearing in a habeas corpus proceeding that “demonstrates a person’s innocence.” However, the vagueness of the language could allow anyone released from prison this way who simply claimed innocence to receive compensation. I am opposed to subjecting taxpayers to such a nebulous standard.

Unfortunately, this bill includes many other public safety proposals that I do support. Some of these provisions include Blair’s Law, Max’s Law, increased penalties for violent repeat offenders and gun crimes, and the creation of a separate fund for the public defender system. It is my hope that the General Assembly will pass these provisions again in the next legislative session.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill Nos. 189, 36 & 37 without my approval.

Respectfully Submitted,
Michael L. Parson
Governor
